UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

OFFICE OF
PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

March 17, 2009

Jack Orman,
Technical Director
Bengal Products, Inc.
13739 Airline Highway
Baton Rouge, LA 70817

Subject: Label Amendment per Agency's letter of November 28, 2008
Bengal Roach Spray
EPA Reg. Nos. 68543-1
Your Submission dated December 15, 2008

Dear Mr. Orman:

The above referenced labeling, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the following comments:

- Upon further reconsideration of your request to add claims to the subject product's labeling, (1) you may retain the claim "Dry spray leaves no mess", and (2) you must delete the word "*Residue*" from the claim "*No Messy Residue*", and revise the statement to read "*No Mess*".

This labeling amendment was accepted with the understanding that it is consistent with the Agency's last stamped accepted labeling dated November 28, 2008, and that the only revision made to the label is the addition of the claim "Dry spray leaves no mess".

Please see enclosed copy of the stamped label for your record. If you have any questions concerning this action please contact Dr. B.A. Akinlosotu at (703) 605-0653.

Sincerely,

Richard Gebken,
Product Manager 10
Insecticide Branch
Registration Division (7505P)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use in Households, Schools, Warehouses, Office Buildings, Theaters, Garages, Hotels, Motels, and Kennels

INSERT EXTENSION TUBE INTO SPRAY BUTTON:

TO KILL COCKROACHES, ANTS, CRICKETS, SOWBUGS, CENTIPEDES, SILVERFISH, FIREBRATS AND SPIDERS: Contact as many insects as possible with the spray. Spray into hiding places such as cracks & crevices, behind sinks, cabinets, along baseboards and floors, and hidden surfaces around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stove and in attics and crawl spaces. For ants, spray around ant trails, doors and windows, and other places where ants enter premises. Retreat every 4 weeks.

TO KILL FLYING INSECTS (mosquitoes, houseflies and gnats):

Close space to be treated. Spray above head with a sweeping arm motion 3 feet from surfaces. Spray 10 seconds per 1000 cubic feet of space. Keep treated areas closed for at least 30 minutes after spraying. Ventilate area thoroughly before re-entry.

TO KILL FLEAS AND BROWN DOG TICKS: Remove and destroy pet's old bedding. Spray sleeping quarters of pets, around baseboards, window and door frames and local areas of floors.

DO NOT SPRAY ANIMALS. Old bedding should be removed and replaced with fresh clean bedding after treatment. Also treat dogs and cats with a registered flea and tick control product before allowing them to enter the treated area.

USE RESTRICTIONS: Flammable. Turn off ALL ignition sources such as pilot lights, other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.) in and around the area being treated. Never leave container in parked or unattended vehicles. This product contains a highly flammable ingredient. It may cause a fire or explosion if not used properly. Follow the "Directions for Use" and Precautionary Statements on this label very carefully.

2/3

Do not use in commercial food processing or preparation. In the home, all food processing surfaces should be covered during treatment and thoroughly washed before use. Cover exposed food. Remove pets, birds, and cover aquariums before using.

CAUTION
PRECAUTIONARY STATEMENTS
PHYSICAL AND CHEMICAL HAZARDS

Flammable. Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not use this product in or on electrical equipment due to the possibility of shock hazard

HAZARDS TO HUMANS

Harmful if swallowed or absorbed through the skin. Do not breath vapors. Avoid contact with skin

FIRST AID

IF ON SKIN OR CLOTHING:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 – 20 minutes.
- Call a physician or poison control center for treatment advice.

IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

IF SWALLOWED:

- Immediately call a poison control center or doctor.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

STORAGE AND DISPOSAL

Storage: Store in a cool area away from heat or open flame.

Disposal: Do Not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions.
