Bengal Chemical, Inc.
P.O. Box 40487
Baton Rouge, LA 70835-0487

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 68543-10".
- b. Delete the following commercial use sites since this product is intended for residential use only.: kennels, warehouses, schools, office buildings, theaters, hotels, motels.
- c. Revise the Environmental Hazards Statements to read as follows:

This product is toxic to fish and other aquatic invertebrates. Do not contaminate any body of water. Do not contaminate water when disposing of equipment washwaters.

Bengal Yard and Patio Fogger is an outdoor product for use in backyards, patios, barns, stables and other areas where flying insects are a problem. When sprayed on surfaces outdoors, Bengal Yard and Patio Fogger and Surface Spray residually kills flying insects that land on treated surfaces for 24 hours.

GUARANTEE - If you are not completely satisfied with this Bengal product, call 504-753-1313 weekdays, 8:30 am - 4:00 pm central time.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use around households, yards, patios, pools, garages, kennels, warehouses, schools, office buildings, theaters, hotels, motels.

OUTDOOR PESTS:

FLYING INSECTS: To Kill flies, mosquitoes, sand flies, no-see-ums, gnats, small flying moths:

Space Treatment: Direct fog so that it drifts over the area to be treated. Spray towards bushes, trees and ornamentals from at least 4 to 6 feet away. Give special attention to breeding sites such as garbage cans and compost piles. For enclosed spaces such as screened-in porches and garages, spray at the rate of 10 grams (3 seconds) per 1000 cubic feet of space. If possible, keep area closed for at least 30 minutes after spraying. Do not remain in treated area and ventilate before re-entry.

Surface Treatment: For residual control of flying insects, treat screens, around window and door frames, porches, surfaces around light fixtures, ornamental bushes, in garages and other surfaces where flying insects light or gather. Hold can 2 to 3 feet from surface to be treated and spray to slightly moisten the surface. Bengal Yard & Patio Fogger will not damage plants and bushes or finished surfaces on homes or buildings. Repeat as necessary.

CRAWLING INSECTS: To kill cockroaches, ants, spiders, crickets, sowbugs, centipedes: Contact as many insects as possible with the spray. For residual control of crawling insects on outdoor surfaces, spray where pests are active or where they may enter buildings. Special attention should be paid to cracks and crevices, window and door frames, eaves, porches, patios and garages. Hold can 2 to 3 feet away from surface to be treated and spray to slightly moisten surface. Treat surfaces where spider webs are seen to kill spiders and prevent other spiders from building webs for up to 30 days. Direct exposure to rainfall reduces this products effectiveness. Repeat as necessary.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Harmful if absorbed through skin. Causes eye and skin irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid contamination of cooking utensils and food preparation surfaces. Do not use on edible crops.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not use this product in or on electrical equipment due to the possibility of shock hazard. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
