ACCEPTED  
MANUFACTURED FOR with COMMENTS  
BENGAL CHEMICAL INC. In EPA Letter Dated:

13739 Airline Highway

JUL 22 2008

Baton Rouge, LA 70817

www.bengal.com

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide  
registered under EPA Reg. No.

EPA REG. NO. 68543-19

EPA EST. NO. 68543-19

**ODORLESS • NON-STAINING**

Contains no CFCs or other ozone depleting substances.

Federal regulations prohibit CFC propellants in aerosols.

The dry powerful spray penetrates deep into cracks and crevices to drive roaches out to die. Kills insects you see and those you don't.

Powerful flushing action drives insects out of hiding and kills them.

Dry spray carries the killing ingredient to the roaches.

One treatment does it all - Flushes and Kills.

**GUARANTEE:** If you are not completely satisfied with this Bengal Product, call 225-753-1313 weekdays 8:30am - 4:00pm Central Time.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For use in Households, Schools, Warehouses, Office Buildings, Theaters, Garages, Hotels, Motels, Buses and Kennels. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before reuse. Exposed food should be covered or removed. Do not use in commercial food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not apply this pesticide when classrooms are in use.

**Use Restrictions: Flammable.** Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. Never leave container in parked or unattended vehicles.

**ATTACH EXTENSION TUBE TO SPRAY ACTUATOR:**

**TO KILL COCKROACHES, ANTS AND CRICKETS:** Spray into hiding places such as cracks & crevices, behind sinks, cabinets, along baseboards and

floors, and hidden surfaces around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stove and in attics and crawl spaces. For ants, spray around ant trails, doors and windows, and other places where ants enter premises.

**TO KILL FLYING INSECTS (mosquitoes, houseflies and gnats):** Close space to be treated. Spray above head with a sweeping arm motion 3 feet from surfaces. Spray 5 seconds per 1000 cubic feet of space. Vacate area. Keep treated areas closed for at least 30 minutes after spraying. Ventilate area thoroughly before re-entry.

**TO KILL SOWBUGS, CENTIPEDES, SILVERFISH, FIREBRATS AND SPIDERS:** Contact as many insects as possible with the spray. Also thoroughly spray all parts of the rooms suspected of harboring these pests. Special attention should be paid to cracks and crevices, hidden surfaces, under sinks and behind refrigerators. Treat surfaces where spider webs are seen to kill spiders and keep spiders from building webs for up to 30 days.

**TO KILL WASPS, BEES AND HORNETS:** Spray nests, flying wasps, hornets and bees directly with the product. For nests in enclosed areas hidden from direct spray, fog the enclosed area by spraying into the opening for 5 seconds in the late evening after insects have returned to the nest. Seal off access to the nest after spraying if possible. Wait at least two hours then open and ventilate the area. Do not use in enclosed areas where humans or animals will remain. Wear protective clothing if deemed necessary to avoid stings.

**TO KILL FLEAS, BROWN DOG TICKS AND DEER TICKS:** Remove and thoroughly clean or destroy pet bedding. Spray pet sleeping quarters, bed, entire floor and floor covering, with special attention to cracks and crevices around baseboards, and window and door frames.

**DO NOT SPRAY ANIMALS.** Also treat dogs and cats with a flea and tick control product registered for use on pets before allowing them to enter the treated area.

### PRECAUTIONARY STATEMENTS

#### Hazard to Humans and Domestic Animals

Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

### FIRST AID

#### IF ON SKIN OR CLOTHING:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15–20 minutes.
- Call a physician or poison control center for treatment advice.

#### IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.

- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

- Call a poison control center or doctor for treatment advice.

#### IF SWALLOWED:

- Call poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

### Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. This product contains a highly flammable ingredient. It may cause a fire or explosion if not used properly. Follow the "Directions for Use" on this label very carefully. Do not apply this product around electrical equipment due to the possibility of a shock hazard.

### Storage and Disposal

**Storage:** Store in a cool area away from heat or open flame.

**Disposal:** Do Not Puncture or Incinerate!

**If empty:** Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency for disposal instructions.

Federal law prohibits the use of CFC propellants in aerosols.
