Baton Rouge, LA 70817-5924

Subject: Amended Labeling; Addition of Residual Control Claims for Cockroaches
BENGAL DRY ROACH SPRAY 2, EPA Reg. No. 68543-19
Your Submission Dated April 12, 2011

Dear Mr. Orman:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable with the following label revision provision(s):

Efficacy Review comment(s):

1. Within the 1st optional marketing claim, delete the listing of Asian cockroaches since no efficacy (product performance) data has been submitted to support this claim. Product-specific data should be generated with this species; however, data with American cockroach can be bridged to support Asian cockroaches.
2. Revise the 2nd optional marketing claim to read "Keeps working on cockroaches for up to 120 days [16 weeks] [4 months]"
3. Revise the 3rd optional marketing claim to read "Inhibits [controls] reinfestation of cockroaches for up to 120 days [16 weeks] [4 months]"
4. Revise the 6th optional marketing claim to read "One treatment stops cockroaches from generating reproductive offspring for up to 120 days [16 weeks] [4 months]"

Precautionary Statements, First Aid Statements, HOT LINE NUMBER subsection comment(s), page 2 of 2:

5. In order to facilitate inclusion of a missing comment that was included within the SAL for this product, dated March 8, 2011, insert the following text immediately following the "HOT LINE NUMBER" subsection:
"NOTE TO PHYSICIAN: Contains petroleum distillate. Vomiting may cause aspiration pneumonia."

Should you wish to add/retain a reference to the company's website on your label, please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under section 12(a)(1)(E) of FIFRA. 40 CFR §156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not be substantially differ from those claims approved through the registration process. Therefore, should the Agency find, or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to EPA's Office of Enforcement and Compliance Assurance (OECA). As an alternative, you may refer consumers to the company's phone number or e-mail address.

Copies of your label stamped "Accepted with Comments" and the efficacy review completed for this action are enclosed for your records. Please submit two (2) copies of the final printed labeling, incorporating the above changes, before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with section 6(e) of FIFRA. Your release for shipment of the product bearing amended labeling constitutes accepting of these conditions.

If you have any questions about this label review, please contact Mr. Carmen Rodia at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov.

Sincerely yours,

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7504P)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For use in Households, Schools, Warehouses, Office Buildings, Theaters, Garages, Hotels, Motels, Buses and Kennels.

USE RESTRICTIONS

- Apply this product only as specified on this label.
- Do not contaminate food or feedstuffs.
- For indoor use only.
- Do not use this product in commercial food/feed handling establishments, restaurants, or other areas where food/feed is commercially prepared or processed.
- Do not use this product while classrooms are in use.
- Do not allow adults, children or pets to enter the treated area for at least 30 minutes following application. Thoroughly ventilate treated areas before reoccupying.
- In the home, cover or remove all food processing surfaces and utensils, or thoroughly wash before reuse. Exposed food and drinking should be covered or removed.
- Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames, or running electrical appliances that cycle off and on (i.e. refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights.
- Remove pets, birds and cover fish bowls and aquariums before application.

ATTACH EXTENSION TUBE TO SPRAY ACTUATOR:

TO KILL COCKROACHES, ANTS (except fire, harvester, pharaoh and carpenter ants) AND CRICKETS: Spray into hiding places such as cracks &

ACCEPTED
With COMMENTS
In EPA Letter Dated:
September 8, 2011
Under the Federal Insecticide, Fungicide
and Rodenticide Act, As amended, for the
pesticide Registered under EPA Reg. No.
68543-19

crevices, behind sinks, cabinets, along baseboards and floors, and hidden surfaces around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stove and in attics and crawl spaces. For ants, spray around ant trails, doors and windows, and other places where ants enter premises.

TO KILL FLYING INSECTS (mosquitoes, houseflies and gnats): Close space to be treated. Spray above head with a sweeping arm motion 3 feet from surfaces. Spray 5 seconds per 1000 cubic feet of space. Vacate area. Keep treated areas closed for at least 30 minutes after spraying. Ventilate area thoroughly before re-entry.

TO KILL SOWBUGS, CENTIPEDES, SILVERFISH, FIREBRATS AND SPIDERS: Contact as many insects as possible with the spray. Also thoroughly spray all parts of the rooms suspected of harboring these pests. Special attention should be paid to cracks and crevices, hidden surfaces, under sinks and behind refrigerators.

TO KILL FLEAS AND BROWN DOG TICKS: Remove and thoroughly clean or destroy pet bedding. Spray pet sleeping quarters, bed, entire floor and floor covering, with special attention to cracks and crevices around baseboards, and window and door frames.

DO NOT SPRAY ANIMALS. Also treat dogs and cats with a flea and tick control product registered for use on pets before allowing them to enter the treated area.

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals

Contains petroleum distillate. Harmful if swallowed or absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Remove and wash contaminated clothing before reuse.

FIRST AID

IF ON SKIN OR CLOTHING:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 – 20 minutes.
- Call a physician or poison control center for treatment advice.

IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

IF SWALLOWED:

- Call poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-222-1222, 24 hours per day, 7 days per week.

Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not apply this product around electrical equipment due to the possibility of a shock hazard. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Never leave container in parked or unattended vehicles. This product contains a highly flammable ingredient. It may cause a fire or explosion if not used properly. Follow the "Directions for Use" on this label very carefully.

Storage and Disposal

Pesticide Storage: Keep this product in its tightly closed original container, away from heat or open flame, when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals.

Container Disposal: Do Not Puncture or Incinerate! *If empty:* Non-refillable container. Do not reuse or refill container. Offer for recycling if available. *If partly filled:* Call your local solid waste agency for disposal instructions.

[Federal law prohibits the use of CFC propellants in aerosols.]
