Subject: Add name of IGR by Notification
Bengal Dry Roach Spray
EPA Reg. No. 68543-20

Dear Sir,

Previously, the trademarked name "Nylar" was used on this product label as a reference to the Pyriproxyfen that it contains. The Nylar statement was left off the revised label submitted for re-registration. Our supplier of Pyriproxyfen is the owner of the trademark and we have agreements that allow us to use it on our products.

I am adding by Notification, "Contains Nylar Insect Growth Regulator", which is on the front panel above the active ingredients and the text is italicized and underlined. Otherwise, the label is identical to the latest approved version. Enclosed are five copies of the updated label.

If you have any questions or need further information, please contact me by phone or email, JORMAN@BENGAL.COM.

Sincerely,

Jack Orman
Technical Director
