U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg. Number:

68543-21

Date of Issuance:

SEP - 8 2000

NOTICE OF PESTICIDE:  
 Registration  
 Reregistration

Term of Issuance:  
Conditional

Name of Pesticide Product:  
Bengal Product 21

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Bengal Chemical, Inc.  
13739 Airline Highway  
Baton Rouge, LA 70817

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 68543-21".

b. Replace the Hazards to Humans and Domestic Animals section with "Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet."

Signature of Approving Official:

Date:

c. Replace the IF SWALLOWED section with "Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor."

d. Under Statement of Practical treatment add "IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice."

e. Replace the IF IN EYES section with "Hold eye lids open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice."

f. Change Statement of Practical Treatment to First Aid. Also refer to PR Notice 2000-3 for additional guidance/change on pesticide product labels.

g. Delete "POWERFUL FLUSHING ACTION drives insects out of hiding and kills them.", "Kills insects you see and those you don't." and "One treatment does it all- flushes and kill" from the front panel. There is no data to substantiate any residual action from this product.

h. The following statements should be moved from the Precautionary section and put under the Directions for Use since they do not relate to the toxicity profile of this formulation: "May be used in the inedible (non-food) areas of commercial food processing or preparation areas. Not for use in federally inspected (delete USDA) meat and poultry plants. In the home all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Remove pets, birds and cover aquariums before using. Remove all motor vehicles before using in garages."

i. Add the following prohibition to Directions for Use: "Do not use in aircraft."

3. Submit two (2) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

ACCEPTED COMMENTS  
in the Field

One Unit Treats up to 6,000 cubic feet. [12000 cu. ft. for 5.4 oz. size] *SEP - 8 2000*

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No.

*68543-21*

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For Use Only When Building Has Been Vacated By Human Beings and Pets. Use one canister for each 6,000 cu. ft. [12000 cu. ft. for 5.4 oz. size] of unobstructed area. Example: 25' long x 24' wide x 10' high = 6,000 cu. ft. [2.7 oz. size] Example: 40' long x 30' wide x 10' high = 12,000 cu. ft. [5.4 oz. size]

**PREPARATION:** All food processing surfaces should be covered immediately prior to treatment or thoroughly cleaned after treatment. Close exterior doors and windows. Open cabinets and interior doors within the treatment area. DO NOT use more than one fogger per room. DO NOT use in small enclosed spaces such as closets, cabinets or under counters or tables. Do not use in a room 5 ft. X 5 ft. or smaller; instead, allow fog to enter from other rooms. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights.

**TO START FOGGING:** Fogger should be placed on the floor in the middle of the room. Place newspapers under the can to prevent marring surfaces. To start fogging press down actuator tab to locked position. Keep it at arm's length when activating. Point top of can away from face and eyes. Set in upright position and leave the building at once. Leave undisturbed for 2 hours. Open doors and windows and allow to air for 1 hour.

Do not use in food/feed handling establishments, restaurants, or other areas where food/feed is commercially prepared or processed. Do not use in serving area while food is exposed or facility is in operation. Serving areas are areas where food is served, such as dining rooms, but excluding areas where food may be prepared or held. Non-food/feed areas of food/feed areas are areas such as garbage rooms, lavatories, floor drains (to sewer entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning and bottling).

### Precautionary Statements

#### Hazards to Humans and Domestic Animals

Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. May be used in

*3/5*

inedible (non-food) areas of commercial food processing or preparation areas. Not for use in USDA meat and poultry plants. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Remove pets, birds and cover aquariums before using. Remove all motor vehicles before using in garages.

#### STATEMENT OF PRACTICAL TREATMENT

If swallowed: Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention. If in eyes: Flush with plenty of water. Call a physician if irritation persists.

#### PHYSICAL OR CHEMICAL HAZARDS
