Baton Rouge, LA 70817

Subject: Label Amendment – Addition of claims related to Zika in addition to other revisions.
Product Name: Bengal Yard & Patio Spray
EPA Registration Number: 68543-25
Application Date: August 8, 2016
Decision Number: 520493

Dear Mr. Orman:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Net Weight _____ oz. (_____ grams)

Bengal Yard and Patio Spray is an outdoor product for use in backyards, patios, decks, porches and other areas where listed flying insects are a problem. When sprayed on surfaces outdoors, Bengal Yard and Patio Spray residually kills listed flying insects that land on treated surfaces for 24 hours.

GUARANTEE: If you are not completely satisfied with this Bengal Product, call 225-753-1313 weekdays 8:30am - 4:00pm Central Time.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For outdoor residential use.

SHAKE WELL BEFORE USING.

- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not allow adults, children, or pets to enter until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated.
- All outdoor applications must be limited to spot or crack and crevice treatments only, except for the following permitted uses:

- (1) Treatment to soil or vegetation around structures;
 - (2) Applications to lawns, turf, and other vegetation;
 - (3) Applications to building foundations, up to a maximum height of 3 feet.
- Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack and crevice application only.
 - Do not water the treated area to the point of run off. Do not make applications during rain.

OUTDOOR PESTS

FLYING INSECTS: To kill flies, mosquitoes, sand flies, gnats, small flying moths:

Space Treatment: Direct fog so that it drifts over the area to be treated. Spray towards bushes, trees and ornamentals from at least 4 to 6 feet away. Give special attention to breeding sites such as garbage cans and compost piles. Do not allow drift over ornamental fish pond pools. Cover if possible before treatment. For spaces such as screened-in porches, spray at the rate of 10 grams (3 seconds) per 1000 cubic feet of space. If possible, keep area closed for at least 30 minutes after spraying. Do not enter or allow others to enter until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated.

Surface Treatment: For residual control of flying insects treat screens, around window and door frames, porches, surfaces around light fixtures, ornamental bushes, in garages and other surfaces where flying insects light or gather. Hold can 2 to 3 feet from the surface to be treated and spray to slightly moisten the surface. Bengal Yard and Patio Spray will not damage plants and bushes, or finished surfaces on the exterior of homes or buildings.

CRAWLING INSECTS:

To kill cockroaches, ants, spiders, crickets, scorpions, sowbugs, centipedes, stink bugs, brown marmorated stink bugs (bmsb), Asian lady beetles, and boxelder bugs: Contact as many insects as possible with the spray. Do not enter or allow others to enter until sprays have dried. For residual control of crawling insects on outdoor surfaces, spray where pests are active or where they may enter buildings. Special attention should be paid to cracks and crevices, window and door frames, eaves, porches, patios and garages. Hold can 2 to 3 feet from the surface to be treated and spray to slightly moisten surface but not to the point of runoff. **SPIDERS:** Treat surfaces where spider webs are seen to kill spiders and prevent other spiders from building webs for up to 30 days. Direct exposure to rainfall reduces this products effectiveness.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not use this product in or on electrical equipment due to the possibility of shock hazard. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Never leave container in parked or unattended vehicles.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Drift and runoff may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment, washwater, or rinsate. See Directions for Use for additional precautions and requirements. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are foraging the treatment area.

FIRST AID	
IF IN EYES	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a physician or poison control center immediately for treatment advice.
IF ON SKIN OR CLOTHING	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15 – 20 minutes.• Call a physician or poison control center immediately for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Note to Physician: Contains Petroleum Distillate. Vomiting may cause aspiration pneumonia. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information.	

STORAGE AND DISPOSAL

Pesticide Storage: Store in a cool area away from heat or open flame.
Pesticide Disposal and Container Handling: Replace cap. Do Not Incinerate or Puncture! **If empty:** Offer for recycling, if available. Before offering for recycling, empty the can by using the product according to the label. Do not puncture! If recycling is not available, discard in the trash. **If partially filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Unless otherwise instructed, place in the trash.
