**Subject Amended Reregistration Label Bengal Wasp & Hornet Killer 4
D413371 and D465822
EPA Reg No 68543-30**

Dear Mr Orman

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the referenced product in connection with the **Permethrin RED**, and has concluded that your submission is acceptable

PLEASE NOTE This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time

PLEASE NOTE That the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below Any previously dated CSF's are superseded

- Basic CSF, dated March 1, 2010

A copy of your label stamped Acceptable is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec 6(e)

If you have any questions about this letter, please contact Linda A DeLuise at (703) 305-5428 or via e-mail at deluise.linda@epa.gov or Mr Richard J Gebken at (703) 305-6701 or via e-mail at Gebken.Richard@epa.gov

Sincerely yours,

A handwritten signature in black ink, appearing to read "Richard Gebken".

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling Do not apply this product in a way that

will contact adults, children, or pets, either directly or through spray drift Do not use indoors All outdoor applications must be limited to spot or crack-and-crevice treatments only Application is prohibited directly into sewers or drains, or to any areas like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur Do not allow product to enter any drain during or after application Do not make applications during rain

[This product is non-staining to most home siding and asphalt shingles depending on the condition and cleanliness However, you should test it in an inconspicuous area for compatibility before using on these surfaces]

TO KILL WASPS, HORNETS, BEES AND YELLOW JACKETS

- 1 Apply early morning or late evening when the most insects are on the nest
- 2 Spray from a safe distance with the wind at your back to avoid spray drift Do not stand directly under the nest
- 3 Shake can well before use Aim nozzle at the nest and push button to spray
- 4 Soak the nest with the spray contacting as many insects as possible
- 5 Wait 24 hours before removing nest so returning insects will be killed
