Baton Rouge, LA 70817-5924

**Subject: Amended Labeling; Addition of Public Health Pests (Ants, Cockroaches, and Spiders)  
BENGAL PYRETHRINS ROACH SPRAY, EPA Reg. No. 68543-37  
Your Submission Dated November 11, 2010**

Dear Mr. Orman:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable with the following label revision provision(s):

General Comment(s):

1. Delete all text throughout the proposed label marked with "strike-through."

Efficacy Review comment(s):

2. Revise the optional marketing claim "KILLS ANTS, ROACHES, SPIDERS & CRICKETS" to read "KILLS ANTS (except Imported Fire and Pharaoh Ants), ROACHES, SPIDERS (except Brown Recluse Spiders) & CRICKETS."
3. At the bottom right side of page 1 of 3 on the subject label, revise the word "ANTS" to read "ANTS (except Imported Fire and Pharaoh Ants)," and revise the word "SPIDERS" to read "SPIDERS (except Brown Recluse Spiders)."

Product Brand Name Panel section comment(s), page 1 of 3:

4. To incorporate missing comments contained in the NOR (dated 08-31-10) and SAL (dated 01-28-11) for this product, revise the main product name which currently reads "BENGAL PYRETHRIN ROACH SPRAY" to read "BENGAL PYRETHRINS ROACH SPRAY"
5. To incorporate a missing comment contained in the SAL (dated 01-28-11) for this product, the newly added/proposed ABN listed as "Bengal Pyrethrum Roach Spray" cannot be approved. Pyrethrum is the extract that is derived from the chrysanthemum flower, which is formulated into the active ingredient pyrethrins. The subject product contains pyrethrins, not pyrethrum, as its active ingredient.

Ingredient Statement comment(s), page 1 of 3:

6. Revise the ingredient statement to read:

**ACTIVE INGREDIENT:**  
Pyrethrins, a botanical insecticide ..... 1.00%  
**OTHER INGREDIENTS:** ..... 99.00%  
TOTAL: 100.00%

Directions for Use section comment(s), page 1 of 3:

- 7. To incorporate a missing comment contained in the SAL (dated 01-28-11) for this product, revise the subsection heading "USE RESTRICTIONS AND PRECAUTIONS" to read "USE RESTRICTIONS."
- 8. To incorporate a missing comment contained in the SAL (dated 01-28-11) for this product, within the 4<sup>th</sup> bulleted statement, insert the word "directly" immediately preceding the word "on."

Directions for Use section comment(s), page 2 of 3:

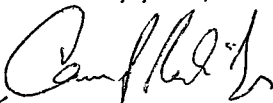

- 9. To incorporate missing comments contained in the NOR (dated 08-31-10) and SAL (dated 01-28-11) for this product, within the subsection heading starting with "[FOR USE IN HOME GREENHOUSES TO KILLS EXPOSED...," replace the word "KILLS" with the word "KILL."

Should you wish to add/retain a reference to the company's website on your label, please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under section 12(a)(1)(E) of FIFRA. 40 CFR §156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not be substantially differ from those claims approved through the registration process. Therefore, should the Agency find, or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to EPA's Office of Enforcement and Compliance Assurance (OECA). As an alternative, you may refer consumers to the company's phone number or e-mail address.

A copy of your label stamped "Accepted with Comments" is enclosed for your records along with a hard copy of the efficacy review completed for this label amendment. Please submit two (2) copies of the final printed labeling, incorporating the above changes, before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with section 6(e) of FIFRA. Your release for shipment of the product bearing amended labeling constitutes accepting of these conditions.

If you have any questions about this label review, please contact Mr. Carmen Rodia at (703) 306-0327 or via e-mail at [Rodia.Carmen@epa.gov](mailto:Rodia.Carmen@epa.gov).

Sincerely yours,

*FOR*  

Richard J. Gebken  
 Product Manager (10)  
 Insecticide Branch  
 Registration Division (7504P)

For flying insects, close space to be treated. Spray above head with a sweeping arm motion 3 feet from surfaces. Spray 5 seconds per 1000 cubic feet of space (11' x 12' room with 8' ceiling).

For crawling insects, spray into hiding places such as cracks & crevices, behind hidden areas, in storage areas, and around doors and windows. Do not apply more than 1 time per day.]

**Flammable.** Turn off ALL ignition sources such as pilot lights, other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.) in and around the area being treated.

**PRECAUTIONARY STATEMENTS  
PHYSICAL AND CHEMICAL HAZARDS**

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not apply this product around electrical equipment due to the possibility of shock hazard. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Never leave container in parked or unattended vehicles. This product contains a highly flammable ingredient. It may cause a fire or explosion if not used properly. Follow the "Directions for Use" on this label very carefully.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION**

Contains petroleum distillate. Harmful if swallowed or absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Remove and wash contaminated clothing before reuse.

<b>FIRST AID</b>	
<b>IF SWALLOWED</b>	<ul style="list-style-type: none"> <li>• Call a poison control center or doctor immediately for treatment advice.</li> <li>• Do not induce vomiting unless told to do so by a poison control center or doctor.</li> <li>• Do not give any liquid to the person.</li> </ul>

4/5

	<ul style="list-style-type: none"> <li>Do not give anything by mouth to an unconscious person.</li> </ul>
<b>IF ON SKIN OR CLOTHING</b>	<ul style="list-style-type: none"> <li>Take off contaminated clothing.</li> <li>Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>Call a poison control center or doctor for treatment advice.</li> </ul>
<b>IF IN EYES</b>	<ul style="list-style-type: none"> <li>Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing.</li> <li>Call a poison control center or doctor for treatment advice.</li> </ul>
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. <b>For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-222-1222</b></p>	
<p><b>NOTE TO PHYSICIAN:</b> Contains petroleum distillate. Vomiting may cause aspiration pneumonia.</p>	

### STORAGE AND DISPOSAL

**Pesticide Storage:** Keep this product in its tightly closed original container, away from heat or open flame, when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals.

**Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.

**Container Disposal:** Do Not Puncture or Incinerate! If empty: Non-refillable container. Do not reuse or refill container. Offer for recycling, if available. If partially filled: Call your local solid waste agency for disposal instructions.
