

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

68543-43

Date of Issuance:

5/3/18

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

Flea & Tick Fogger 3

Name and Address of Registrant (include ZIP Code):

Jack Orman
Technical Director
Bengal Products, Inc.
13739 Airline Hwy
Baton Rouge, LA 70817

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Elizabeth Fertich, Product Manager 04
Invertebrate & Vertebrate Branch 1
Registration Division (7505P)

Date:

5/3/18

2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 68543-43.”
3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 09/08/2017
- Alternate CSF 1 dated 09/08/2017

If you have any questions, please contact Jennifer Gaines at 703-305-5967 or via email at gaines.jennifer@epa.gov.

[Shake Well Before Use]

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For Indoor Residential Use Only.

Use Restrictions: Do not apply this product in a way that will contact any person or pet, either directly or through drift. Exit treated area immediately and do not re-enter until the area is thoroughly ventilated and the vapors have dispersed. For 4 hours following applications, do not allow any person to reenter treated areas. Do not remain in enclosed areas during use.

Remove pets, birds and cover aquariums before using. Remove all motor vehicles before using in garages.

Wait two (2) hours after application, then open windows, vents and doors for two hours. If an odor is still detected additional ventilation is required.

DO NOT use more than one fogger per room. Do not remove cans from carton except for immediate use.

DO NOT use in small enclosed spaces such as closets, cabinets or under counters or tables. Do not use in a room 5 ft. X 5 ft. or smaller; instead, allow fog to enter from other rooms. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property.

FOR CONTROL OF FLEAS AND OTHER LISTED INSECTS: Flea & Tick Fogger 3 will assist in the control of biting and blood feeding insects such as fleas, mites, gnats, no-see-ums and other listed insects.

Flea & Tick Fogger 3 disrupts the normal development of immature insects with complete and incomplete metamorphosis. Depending upon the insect species and life stage at the time of exposure, and the length of exposure, the observed results can include: decreased egg viability, sterile adult insects incapable of reproduction, suspension of insect in immature life stages, reduced fitness of insect, behavioral changes, reduced egg production, morphological defects (deformed insects) and death.

One 2.7 oz aerosol container treats 810 cubic feet of space. Apply every 12 weeks for continuous protection.

FOR CONTROL OF COCKROACHES, PRE-ADULT FLEAS, ANTS, SPIDERS, LICE AND LICE EGGS, DUST MITES, PALMETTO BUGS, MOSQUITOES, FLIES, GNATS, SILVERFISH, CRICKETS, CLOTHES MOTHS, GRANARY WEEVILS, SCORPIONS, CENTIPEDES, WATERBUGS, WHITEFLIES, WASPS, HORNETS AND BEES.

Use one 2.7 oz. canister for each 6,000 cu. ft. of unobstructed area.

When used as directed, will not harm drapes, upholstery fabrics, carpeting, bedspreads, clothing, linens, furniture, walls, floor tiles, wood floors, ceilings, shades or blinds.

For Use In Homes, Apartments, Attics, Basements, Boats, Cabins, Campers, Garages, Household Storage Areas, Kennels, Washrooms, Closed Barns, Horse Stables, Home Greenhouses, Trucks, Atriums, Closed Porches, Mobile Homes, Recreational Vehicles and Tents.

TO USE THIS PRODUCT CORRECTLY:

Fill out and place hangtag on the door to the treated area to alert family and others with access to the treated area not to enter for 2 hours.

Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights.

BEFORE YOU FOG: Cover all food processing surfaces immediately prior to treatment or thoroughly clean them after treatment. Close exterior doors and windows. Open cabinets and interior doors within the treatment area.

TO START FOGGING: Place the fogger on the floor in the middle of the room. Place newspapers under the can to prevent marring surfaces. To start fogging press down actuator tab to locked position. Keep it at arm's length when activating. Point top of can away from face and eyes. Set in upright position on the paper. Vacate the treated house, individual apartment unit or other structure immediately.

AIRING OUT: Do not re-enter for two (2) hours after application, then open windows, vents and doors for 15 minutes. If an odor is still detected, additional ventilation is required until no remaining trace or odor of pesticide remains.
