Subject: Label Amendment - Registration Review Mitigation for Permethrin
Product Name: Flea & Tick Fogger 3
EPA Registration Number: 68543-43
Application Date: February 9, 2021
Decision Number: 570660
Case Number: 00471891

Dear Jack Orman,

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Permethrin Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Alex McKee by phone at 202-566-1939, or via email at mckee.alex@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Dana L. Friedman". The signature is fluid and cursive, with the first name "Dana" and last name "Friedman" clearly legible.

Dana L. Friedman, Chief
Risk Management and Implementation Branch 1
Pesticide Re-Evaluation Division
Office of Pesticide Programs
U.S. Environmental Protection Agency

NET WT. 3 - 2.7 oz. CANS = 8.1 oz. (229.6 g.)

{ Side Panel }

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or going for treatment. You may also contact 1-800-222-1222 for emergency medical information.

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE. Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting. This product contains a highly flammable ingredient. It may cause a fire or explosion if not used properly. Follow the "Directions for Use" on this label very carefully.

Highly Flammable Ingredient
Ingrediente Altamente Inflamable

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a cool dry area away from heat and open flame. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling: Replace cap and discard container in trash. Do Not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container.

If Empty: Place in trash or offer for recycling if available. Before offering for recycling, empty the can by using the product according to the label (DO NOT PUNCTURE!). If recycling option is not available, wrap the container and discard in trash.

If partly filled: Do not pour or dispose down-the-drain or sewer. Call your local solid waste Agency for local disposal options.

GUARANTEE - If you are not completely satisfied with this Bengal product, call 225-753-1313 weekdays, 8:30 am - 4:00 pm central time.

[Federal law prohibits the use of CFC propellants in aerosols.]

[Shake Well Before Use]

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For Indoor Use Only.

Use Restrictions: Do not apply this product in a way that will contact any person or pet, either directly or through drift. Exit treated area immediately and do not re-enter until the area is thoroughly ventilated and the vapors have dispersed. For 4 hours following applications, do not allow any person to reenter treated areas. Do not remain in enclosed areas during use.

Remove pets, birds and cover aquariums before using. Remove all motor vehicles before using in garages.

Wait two (2) hours after application, then open windows, vents and doors for two hours. If an odor is still detected additional ventilation is required.

DO NOT use more than one fogger per room. Do not remove cans from carton except for immediate use.

DO NOT use in small enclosed spaces such as closets, cabinets or under counters or tables. Do not use in a room 5 ft. X 5 ft. or smaller; instead, allow fog to enter from other rooms. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property.

Follow proper disposal procedures on this label. (Siga las indicaciones del etiquetado para el desecho apropiado del producto.)

Do not allow to enter indoor or outdoor drains. (No permita la entrada a desagües internos o externos.)

FOR CONTROL OF FLEAS AND OTHER LISTED INSECTS: Flea & Tick Fogger 3 will assist in the control of biting and blood feeding insects such as fleas, mites, gnats, no-see-ums and other listed insects.

Flea & Tick Fogger 3 disrupts the normal development of immature insects with complete and incomplete metamorphosis. Depending upon the insect species and life stage at the time of exposure, and the length of exposure, the observed results can include: decreased egg viability, sterile adult insects incapable of reproduction, suspension of insect in immature life stages, reduced fitness of insect, behavioral changes, reduced egg production, morphological defects (deformed insects) and death.

One 2.7 oz aerosol container treats 810 cubic feet of space. Apply every 12 weeks for continuous protection.

FOR CONTROL OF COCKROACHES, PRE-ADULT FLEAS, ANTS, SPIDERS, LICE AND LICE EGGS, DUST MITES, PALMETTO BUGS, MOSQUITOES, FLIES, GNATS, SILVERFISH, CRICKETS, CLOTHES MOTHS, GRANARY WEEVILS, SCORPIONS, CENTIPEDES, WATERBUGS, WHITEFLIES, WASPS, HORNETS AND BEES.

Use one 2.7 oz. canister for each 6,000 cu. ft. of unobstructed area.

When used as directed, will not harm drapes, upholstery fabrics, carpeting, bedspreads, clothing, linens, furniture, walls, floor tiles, wood floors, ceilings, shades or blinds.

For Use In Homes, Apartments, Attics, Basements, Boats, Cabins, Campers, Garages, Household Storage Areas, Kennels, Washrooms, Closed Barns, Horse Stables, Home Greenhouses, Trucks, Atriums, Closed Porches, Mobile Homes, Recreational Vehicles and Tents.

TO USE THIS PRODUCT CORRECTLY:

Fill out and place hangtag on the door to the treated area to alert family and others with access to the treated area not to enter for 2 hours.

Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights.

BEFORE YOU FOG: Cover all food processing surfaces immediately prior to treatment or thoroughly clean them after treatment. Close exterior doors and windows. Open cabinets and interior doors within the treatment area.

TO START FOGGING: Place the fogger on the floor in the middle of the room. Place newspapers under the can to prevent marring surfaces. To start fogging press down actuator tab to locked position. Keep it at arm's length when activating. Point top of can away from face and eyes. Set in upright position on the paper. Vacate the treated house, individual apartment unit or other structure immediately.

AIRING OUT: Do not re-enter for two (2) hours after application, then open windows, vents and doors for 15 minutes. If an odor is still detected, additional ventilation is required until no remaining trace or odor of pesticide remains.
