U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

68575-2

Date of Issuance:

AUG 30 2002

NOTICE OF PESTICIDE:

Registration
 Reregistration

Term of Issuance: Conditional Registration

(under FIFRA, as amended)

Name of Pesticide Product:

Palene LN 710-C

Name and Address of Registrant (include ZIP Code):

Trutec Industries, Inc.
4700 Gateway Blvd.
Springfield, OH 45502

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistration under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA sec. 4 when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

Signature of Approving Official:

Marshall Swindell, Product Manager (33)
Regulatory Management Branch I
Antimicrobials Division (7510W)

Date:

AUG 30 2002

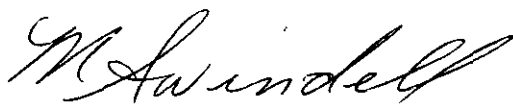

- a. Add the phrase, "EPA Registration No. 68575-2".
 - b. The labeling must include the company's name and address. The name and address may be placed anywhere on the label, but is preferred on the front panel.
 - c. The product's brand name should appear on the front panel.
3. You must submit the following product chemistry data:
- The enforcement analytical method must show 100% of the formula.
 - The method must provide either the level of detection (LOD) and/or the level of quantification (LOQ).
 - The method must include the catalog number.
 - The method must include the sources and the instructions to prepare the solutions.
 - The method must provide the linearity range.
 - The method must include complete to obtain the percentage by weight of the active ingredient. The method must explain in factor of ten.
 - the method must specify the equivalent for the use use of reagents, materials, and equipments.

4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Marshall Swindell
Product Manager 33
Regulatory Management Branch I
Antimicrobials Division (7510C)

Precautionary Statements

Hazards to Humans and Domestic Animals
Danger Corrosive. Causes irreversible eye damage and skin burns. May be fatal if swallowed, inhaled, or adsorbed through the skin. May cause allergic skin reactions. Do not get into eyes, on skin or clothing. Wear goggles or face shield and rubber gloves when handling. Do not breath vapor or mist. Wear a mask or pesticide respirator approved by the National Institute for Occupational Safety and Health. Avoid contamination of food or feed. Do not take internally. Wash thoroughly after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

User Safety Recommendations
User should wash hands before eating, drinking, chewing gum, using tabacco, or using the toilet. User should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove personnel protective equipment immediately after handling this product. Wash the outside of gloves before removing, as soon as possible wash thoroughly.

Environmental Hazards
Do not discharge effluent containing this product into lakes, rivers, streams, ponds, estuaries, marshes, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit, and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

Active Ingredient

1,2-Benzisothiazolin-3-One 4.3%
Inert Ingredients 95.7%
Total 100%

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID

Have the product container or label with you when calling a poison center, doctor, or going for treatment.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call Poison Control Center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing minutes. Call Poison Control Center or doctor for treatment advice.

IF SWALLOWED: Call Poison Control Center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induct vomiting unless told by Poison Control Center or Doctor.

IF INHALED: Move person to fresh air. If perosn is not breathing, give artificial respiration, preferably, mouth-to-mouth if possible. Call Poison Control Center or doctor for treatment advice..

NOTE TO PHYSICIAN: Possible mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

Palene LN 710-C

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide, registered under EPA Reg. No. 68575-2

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling
Palene LN 710-C is for use on aluminum automobile evaporator cores to inhibit mold & mildew growth and to decrease the surface tension of water. This product is to be mixed only on-site with Palene 710-A and Palene 710-B and is to be used to coat final product only. To Prepare the Palene bath for process treatment, use 4 gallons of Palene 710-C with every 100 gallons of Palene 710-A (Polymer/Resin) and 7 gallons of Palene 710-B (Chrome Solution). The evaporator core is then fully dipped in the bath for a minimum of 10 seconds and is then dried and cured in the dry-off oven at 280°F for 30 minutes.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

STORAGE - Protect from frost. Store between 40°F - 100°F. Moisture and sunlight will not affect the product.

PESTICIDE DISPOSAL - Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL - Triple rinse (or equivalent). Then offer for recycling or re-conditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
