## PRECAUTIONARY STATEMENTS

### CAUTION

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**HUMANS:** Harmful if swallowed or inhaled.  
Avoid breathing mist. Keep out of eyes.  
Avoid contamination of food. Wash hands  
with soap and water after using.

**ANIMALS:** Do not use on animals under 12  
weeks of age. If treatment is necessary, spray  
on tips of fingers and rub coat. Sensitivities  
may occur after using ANY pesticide product  
for pets. If signs of sensitivity occur, bathe  
your pet with mild soap and rinse with large  
amounts of water. If signs continue, consult a  
veterinarian immediately.

### FIRST AID

#### IF SWALLOWED:

- Call poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person

<b>IF INHALED:</b>	<ul style="list-style-type: none"> <li>• Move person to fresh air.</li> <li>• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.</li> <li>• Call a poison control center or doctor for further treatment advice.</li> </ul>
<b>IF IN EYES:</b>	<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
<b>HOT LINE NUMBER</b> Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 14-877-757-4943 for emergency medical treatment information.	

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Keep out of lakes, streams, ponds, tidal marshes and estuaries. Do not apply where runoff is likely to occur. Do not contaminate water when disposing of equipment washwaters.

**PHYSICAL OR CHEMICAL HAZARDS**  
Flammable. Keep away from heat and open flame.

#### **DIRECTIONS**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

#### **USE ONLY IN WELL VENTILATED AREA**

#### **HOLD BOTTLE IN UPRIGHT POSITION WHEN SPRAYING**

**Do not use this product in or on electrical equipment due to the possibility of shock hazard.**

#### **CATS AND DOGS**

Cover animal's eyes with hands. With a firm stroke to get a proper spray mist, spray head, ears and chest until damp. With fingertips, rub into face around mouth, nose and eyes. Then spray neck, middle and hind quarters, finishing legs last. For best penetration of spray to the skin, direct spray against the natural lay of the hair. On long haired dogs, rub your hand against the lay of the hair, spraying the ruffled hair directly behind the hand. Make sure spray thoroughly wets ticks. Do not repeat treatment for one week. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals, or animals on medication.

#### **PUPPIES AND KITTENS**

Treat same as cats and dogs except spray only along back or on your fingertips and rub in.

#### **PETS SLEEPING QUARTERS**

Spray around baseboards, windows, door frames, wall cracks and local area of floors.

Repeat as needed. The pets bedding should be sprayed, making sure the area beneath the bedding is sprayed. After spray has dried, remove old bedding and replace with fresh bedding. Treat pets with one of our registered Flea & Tick control products before allowing them to enter treated area.

#### **HORSES AND FOALS**

Use full strength to control stable flies, horse flies, deer flies, face flies, gnats and mosquitos. Apply to face, legs, flanks, top line and other body areas commonly attacked by these flies. Do not wet horses skin with excessive spray. After application, brush thoroughly to bring out sheen on the coat. Repeat treatment only as needed.

#### **STORAGE AND DISPOSAL**

**STORAGE:** Do not use or store near heat or open flame.

**DISPOSAL:** If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

#### **Directions for Liquid Dispensing Comb KILLS FLEAS, TICKS, AND LICE ON CONTACT**

The teeth of the comb are made of a porous nylon fiber much like a felt-tip pen. By simply combing your pet, the special flea and tick killing liquid saturates the comb's sturdy teeth and coats the animal's skin, fur and hair, killing fleas and ticks on contact. Comb is gentle enough to be used every 3 or 4 days.

#### **DIRECTIONS FOR USE**

Remove plug. Holding comb level, slowly add liquid through filling hole until wick is visibly damp. Do not overfill. Replace plug and allow a few minutes for teeth to become moistened. Comb pet thoroughly with a slow grooming motion. Be sure that both tips and sides of the teeth contact the skin, inner fur and hair. For pets with thick fur, groom by pushing back fur and combing around the roots. After use, wipe teeth gently with a dry paper towel or tissue. Store in a sealed plastic bag.

In case of emergency or for product use information call (901) 362-1950, Monday - Friday, 7:30 AM - 4:30 PM, CST (distributors may elect to use their own phone numbers and hours of operation).
