NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.						
On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.						
A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith,						
Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pest- icide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others. This product is conditionally registered in accordance with						
FIFRA sec. 3(c)(7)(A) provided that you:						
1. Submit/cite all data required for registration/ reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.						
2. Make the labeling changes listed below before you release the product for shipment:						
a. Add the phrase "EPA Registration No. 68803-1."						
b. Delete the term "Non-Flammable" from where it appears beneath the product name.						
3. Submit one copy of your final printed labeling before you release the product for shipment.						
If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

Corrosive to eyes, skin and mucous membranes in presence of moisture. May be fatal if inhaled. Do not get in eyes on skin or clothing.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms. Do not contaminate water by cleaning of equipment or disposal of wastes Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a Mational Pollution Discharge Elimination System (MPDES) Permit and the permitting authority has been notified in writing prior to discharge. For quidance contact your State Board or Regional Office of the EPA.

CHEMICAL & PHYSICAL HAZARDS

Chlorine is a non-flammable gas liquefied under pressure Do not drop container. Keep away from intense heat and open sunlight. Corrosive to most metals in the presence of moisture

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with the labeling. Have available gas masks approved by the US Bureau of mines or the National Institute of Occupational Safety and Health. Handle and use only in accordance with Practices recommended in the Chlorine Manual published by the Chlorine Institute, Inc. Use only in well ventilated areas. Only specially designed dispensing equipment should be used, in accordance with manufacturer's instructions and with the Chlorine Institute's recommendations. Dosages of residual chlorine levels which should be maintained for any specific site of application must be consistent with state and municipal recommendations.

STORAGE AND DISPOSAL

Cylinders should be stored in a dry area away from sources of heat and protected from direct sunlight and percipitation. Cylinders must not be stored where they will be exposed to temperatures warmer than 54.5°C (130°F). They should be segregated from other compressed gases and never stored near hydrocarbons, finely divided metals, turpentine, ether, anhydrous ammonia or other flammable materials. All cylinders must have a weather resistant label attached near the outlet valve and must not be accessible to the public. Empty cylinders to be returned should be identified with a DOT tag or label and shipped in accordance with practices of the supplier and the Chlorine Institute. All valves must be closed tight and closures or caps secured. If container is damaged, or if the contents are leaking, notify <u>POOL-CLEAR</u>, INC., immediately at (212) 484-0280. It is illegal to ship a leaking chlorine container. Return empty cylinder and valve protected head for reconditioning.

Do not contaminate water, food or feed by storage or disposal of this product Aqueous wastes resulting from the use of this product may be disposed of on site or at an approved waste facility. Pesticide wastes are acutely hazardous, improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed by use in accordance with product labeling, contact your state pesticide or Environmental Control Agency or the Hazardous Waste representative of the EPA Regional Office for guidance.
