Surety Laboratories
242 Old New Brunswick Road
Suite 100
Piscataway, N. J. 08854

Attention: Donald F. Greene, Director
Regulatory Affairs

Subject: Suicide P
EPA Registration No. 68868-1
Notification Dated April 30, 2010

This will acknowledge receipt of your notification to revise the label container disposal statement in response to PR Notice 2007-4, submitted under the provisions of FIFRA Section 3(c)(9). Based on a review of the submitted material, the following comments apply.

The Notification is in compliance with PR Notice 98-10 and is acceptable. This information has been made a part of your file.

If you have any questions concerning this letter, please contact Martha Terry at (703) 308-6217.

Sincerely

Marshall Swindell
Product Manager (33)
Regulatory Management Branch 1
Antimicrobials Division (7510P)
Section I

1. Company/Product Number
Surety Laboratories, Inc. EPA# 68868-1

2. EPA Product Manager
Velma Noble (PM# 31)

3. Proposed Classification
☑ None ☐ Restricted

4. Company/Product Name
Suricide P

5. Name and Address of Applicant (Include ZIP Code)
Surety Laboratories, Inc.
242 Old New Brunswick Road Suite 100
Piscataway, NJ 08854

☐ Check if this is a new address

Section II

Explanation: Use additional page(s) if necessary. (For section I and Section II.)

Notification-Revised Label Container Statement. *Notification of label change per PR Notice 2007-4. This notification is consistent with the guidance in PR Notice 2007-4 and the requirements of EPA's regulations at 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156. No other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.*

Section III

1. Material This Product Will Be Packaged In:
- Child-Resistant Packaging: ☑ Yes ☐ No
- Unit Packaging: ☑ Yes ☐ No
- Water Soluble Packaging: ☑ Yes ☐ No

☐ Certification must be submitted

3. Location of Net Contents Information
☑ Label ☐ Container

4. Size(s) Retail Container
5, 55, and 255 Gal.

5. Location of Label Directions
Label Right Panel

6. Manner in Which Label is Affixed to Product
☐ Lithograph ☑ Paper glued ☐ Stenciled ☐ Other

Subject: Surcide P EPA Registration Number 68868-1  
Notification Only. Revised Container Disposal Statement as per PR Notice 2007-4

Dear Ms. Noble,

Enclosed, please find the following completed paper work for notification of revised label container disposal statement for our product Surcide P EPA Reg. # 68868-1. Please note this submission is submitted in accordance to PR Notice 2007-4.

1. EPA Application for Pesticide EPA form 8570-1
2. One copy of our label with the changes in the container disposal statement clearly marked by underlines.

Please be advised that:

1. This application is being submitted via PR-Notice 2007-4 and

2. “Notification of label change per PR Notice 2007-4. This notification is consistent with the guidance in PR Notice 2007-4 and the requirements of EPA’s regulations at 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156. No other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.”

Note: These statements have been included on the enclosed completed “Application for Pesticide” Form # 8570-1.

Please feel free to contact me if you have any questions.

Very truly yours,

Donald F. Greene

A BROAD SPECTRUM BACTERICIDE AND FUNGICIDE

FOR USE IN METAL WORKING FLUID AND OTHER PRESERVATIVE APPLICATIONS.

ACTIVE INGREDIENT:
Hexahydro-1,3,5-triazine-2-(hydroxyethyl) - 78.5%

INERT INGREDIENTS: ........................................21.5%

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID

If In Eyes: Hold open eye and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing.

Call a poison control center or a doctor for treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes.

Call a poison control center or a doctor for treatment advice.

If Swallowed: Immediately call a poison control center or a doctor. Do not induce vomiting unless told to do so by a poison control center or a doctor.

Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

Call a poison control center or doctor for treatment advice.

Have the container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN:
Probable mucosal damage may cause disorientation use of gastric lavage.

See additional precautionary statements on left panel.

SUBLICIDE-P

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

Never consume, even if pregnant. Caution irreversible eye damage. Do not get in eyes, on skin, or on clothing. Remove contaminated clothing and wash before reuse. Wear gloves or use shield and rubber gloves when handling this product. Wash thoroughly with soap and water after handling. Harmful if swallowed. Avoid contamination of food.

ENVIRONMENTAL HAZARDS:
This pesticide is toxic to fish. Do not discharge effluent into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing. Do not discharge effluent containing this product to sewers without previously notifying the local sewage treatment plant authority. For guidance, contact your Region Office of the Environmental Protection Agency.

STORAGE AND DISPOSAL:
This product must be kept under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use. Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty containers.

PESTICIDE DISPOSAL:
Pesticide surfactant mixtures or waste water that cannot be used according to label instructions must be disposed of in accordance with Federal or approved state procedures under Subtitle C of the Resource Conservation and Recovery Act.

CONTAINER DISPOSAL:
Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container with water, Replace and tighten louvers. Leave container on its side and roll back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Empty the rinseout into application equipment or a mix tank for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning if available, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

GENERAL:
Consult federal, state, or local disposal authorities for approved alternative procedures such as shredding, open burning.

A SOLUTION OF FRESHLY PREPARED

METAL WORKING FLUID

It is a violation of Federal Law to use this product in a manner inconsistent with label directions.

IN CASE OF PRECIPITATION:
Surcide P can be used for "clean-up" high pressure sprays for cleaning hardcoated metal surfaces, allied fibers, water based polymers, and other water based type paints. Surcide P can be used to increase the shelf life of white types of paints by controlling the growth of bacteria and fungi, which aid in the prevention of slime and odors. Do not use on oil or non-oil base. To prevent microbial spoilage, add 0.15% Surcide P directly to the manufacturing batch with other surfactants (or in a final concentration of 0.05-0.30%). (Add 0.4-2.4 pints per 100 gallons of water). See Table 1. For 800-235Oppm or 0.4-2.4 pints per 1000 gallons of water use in industrial applications.

CONSTRUCTION MATERIAL PRESERVATIVE
Surcide P can be used for the preservation of indoor/outdoor type construction materials. Surcide P can be used to increase the shelf and use life of construction products by controlling the growth of bacteria and fungi in water treated concrete, mortar, metal, wood, steel, Certain synthetic, and other materials. Surcide P is effective for the preservation of lumber, metal, stone, stucco, and wood in both indoor and outdoor applications.

COMBUSTION & MATERIAL PRESERVATIVE
Surcide P can be used for the preservation of construction materials. Surcide P can be used to increase the shelf and use life of construction products by controlling the growth of bacteria and fungi in water treated concrete, mortar, metal, wood, steel, Certain synthetic, and other materials. Surcide P is effective for the preservation of lumber, metal, stone, stucco, and wood in both indoor and outdoor applications.

DEGREASING APPLICATIONS
Surcide P is an effective degreaser of natural, synthetic and semisynthetic types. For best results, add 0.4-2.4 pints per 100 gallons of water. See Table 1. For 800-235Oppm or 0.4-2.4 pints per 100 gallons of water use in industrial applications.

FUEL LUBRICANT PRESERVATIVE
Surcide P can be used for the preservation of diesel fuel oil during storage. It is intended for use at industrial, utility and commercial fuel oil installations. Surcide P can be used in fuel oil to extend the active life of the growth of bacteria and fungi which aid in the prevention of slime and odors. Add Surcide P directly to the diesel fuel oil during transfer to result in a final concentration of 0.05-0.30%. (Add 0.4-2.4 pints per 100 gallons of diesel fuel oil.) This provides 800-235Oppm active Surcide P.

PRESERVATIVE APPLICATIONS
Surcide P can be used for industrial, utility type surfactant mixtures and aqueous cutting fluids. Surcide P can also be used in the manufacture of industrial surfactant mixtures and aqueous cutting fluids. Surcide P can be used in the manufacture of cutting fluids for the prevention of slime and odor. Do not use on oil or non-oil base. For best results, add 0.4-2.4 pints per 100 gallons of water. See Table 1. For 800-235Oppm or 0.4-2.4 pints per 1000 gallons of water use in industrial applications.
