NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/re-registration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similiar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 68899-1."
 - b. Delete EPA Registration No. 748-297-58673.
 - c. Revise the "Environmental Hazards" statement to read:

"This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination Systems (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

- 3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

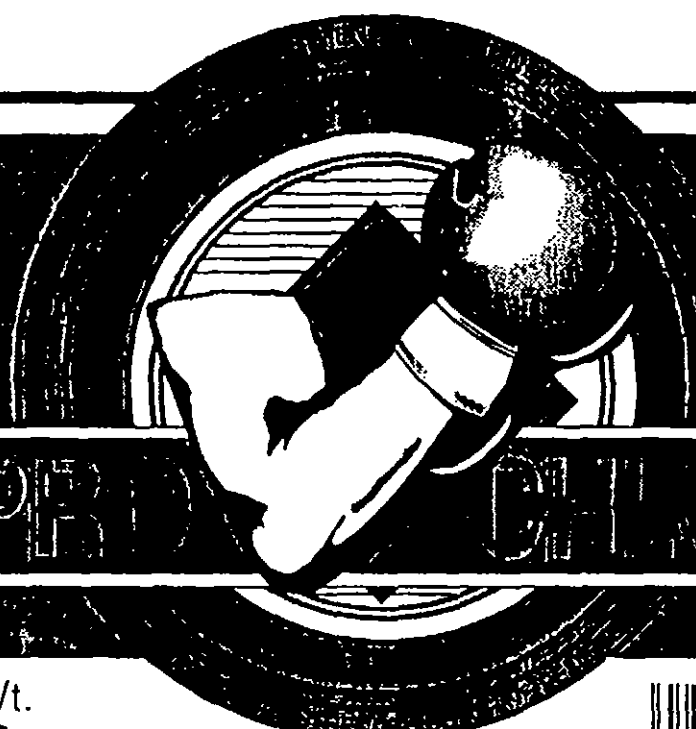

Sincerely yours,

Ruth Douglas

PRO-CHLOR

CHLORINATING PELLETS
Calcium Hypochlorite Mixture - Pellet Form
EPA Reg. No. 748-297-58673
EPA Est. No. _____

ACTIVE INGREDIENT: Calcium Hypochlorite _____ 77%

INERT INGREDIENTS: _____ 23%

70% Available Chlorine Pellet Weight 1 gram

KEEP OUT OF REACH OF CHILDREN

DANGER

See additional precautionary statements on side label. **PRACTICAL TREATMENT** (First Aid): **EYE/SKIN CONTACT:** Flush with plenty of water for at least 15 minutes, while removing contaminated clothing and shoes. For eye contact, get immediate medical attention. If skin irritation occurs, get medical attention. **INHALATION:** Remove to fresh air. If signs of irritation or discomfort occur, take immediately to a hospital or physician. **SWALLOWING:** If swallowed, drink large quantities of water. Do not induce vomiting. Take immediately to a hospital or physician. If vomiting occurs, administer additional water. If unconscious, or in convulsions, take immediately to a hospital. Do not attempt to induce vomiting or give anything by mouth to an unconscious person.

STORAGE AND DISPOSAL: Read before using. Keep in original container in a cool, dry, well-ventilated place. Keep container closed when not in use. Keep away from heat sources, sparks, open flames and lighted tobacco products. Use only a clean, dry utensil made of metal or plastic each time product is taken from the container.

CONTAINER DISPOSAL: Do not reuse container. Residual material remaining in empty container can react to cause fire. Thoroughly flush empty container with water then destroy by placing in trash collection. **PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility. Do not contaminate water, food, or feed by storage or disposal. **IN CASE OF FIRE:** Drench with water. Calcium hypochlorite supplies oxygen; therefore, attempts to smother fire with a wet blanket, carbon dioxide, or a dry chemical extinguisher are ineffective. **IN CASE OF SPILL OR LEAK:** Use extreme caution. Contamination may cause fire or violent reaction. If fire or reaction occurs in area of spill, douse with

brine and dissolve spilled material in water. Then immediately use solution as directed.

PRECAUTIONARY STATEMENTS - HAZARDS TO HUMANS AND DOMESTIC ANIMALS - DANGER * Highly Corrosive * Causes Skin and Eye Damage * May be fatal if swallowed * Irritating to Nose and Throat * Wear goggles or face shield and rubber gloves when handling. Avoid breathing dust. **REMOVE AND WASH CONTAMINATED CLOTHING AND SHOES BEFORE REUSE.**

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS: Strong oxidizing agent. Mix only with water. Use only a clean, dry utensil made of plastic each time product is taken from the container. **DO NOT ADD THIS PRODUCT TO ANY DISPENSING DEVICE CONTAINING REMNANTS OF ANY OTHER PRODUCT, SUCH USE MAY CAUSE VIOLENT REACTION LEADING TO FIRE OR EXPLOSION.** Contamination with moisture, rich organic matter, other chemicals or easily combustible materials such as petroleum or paint products may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of a fire or explosion. In case of contamination or decomposition, do not reuse container. If possible isolate container in open air or well-ventilated area. Flood with large volumes of water, if necessary.

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling. These pellets are to be used in pellet dispenser for automatically treating well water in those areas where treated water supplies are not available. This product is intended to be used for treating water by placing the pellets at the base of a well to sanitize until consumed. It is not intended to replace safe and properly constructed wells. (EPA recommends for human consumption .2 - .8 ppm to be determined by using a test kit provided with the pellet dispenser. One pellet normally treats 29 gallons of average well water. These pellets are designed to dissolve in less than 1 hour. Consult the manufacturer's installation and adjustments so that the required chlorine residual can be maintained at all times.
