U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Antimicrobials Division (7510P) 1200 Pennsylvania Ave., N.W. Washington, D.C. 20460 NOTICE OF PESTICIDE: X Registration Reregistration (under FIFRA, as amended)	68959-10	3/9/18
	Term of Issuance: Conditional	
	Name of Pesticide Product: STERI-PEROX 6%	
Name and Address of Registrant (include ZIP Code): Veltek Associates, Inc. 15 Lee Boulevard Malvern, Pennsylvania 19355		
Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.		
On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.		
<ol> <li>Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.</li> </ol>		
Signature of Approving Official:	Date:	
Zeno Bain, Acting Product Manager 33 Regulatory Management Branch I Antimicrobials Division (7510P) Office of Pesticide Programs	3/9/18	

Registration Notice Conditional v.20150320

- 2. You are required to comply with the data requirements described in the DCI Order identified below:
  - a. GDCI-000595-1127

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Reevaluation Team Leader (Team 36): <u>http://www2.epa.gov/pesticide-contacts/contacts-office-pesticide-programs-antimicrobial-division</u>

- 3. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, "EPA Reg. No. 68959-10."
- 4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated September 19, 2017
- Alternate CSF dated September 19, 2017

If you have any questions, please contact Zebora Johnson by phone at (703) 308-7080, or via email at johnson.zebora@epa.gov.

**EMERGENCIES:** For Spill/Exposure/Poison Control Emergency Response Service from the USA in English, French and Spanish (and 23 other languages) call CARECHEM24 toll free at 866-928-0789.

#### DIRECTIONS FOR USE Read the label before using.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STERI-PEROX® 6% is ready to use. Do not dilute.

# For Sterilization (Sporicidal Treatment) of Manufacturing Filling and Packaging Equipment in Aseptic Processes or general surfaces in Healthcare Institutions

This product is <u>NOT</u> to be used as a terminal sterilant / high-level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfection.

#### (SPORICIDAL) ((AND) (STERILANT) TREATMENT PROCEDURE:

Prior to use of STERI-PEROX® 6%, remove gross soil from surfaces, then wash with a recommended detergent solution, followed by a thorough water rinse.

To apply, thoroughly wet or completely immerse the surface to be treated; coarse spray, flood, or soak surfaces. The surface must be <u>kept wet</u> for the entire contact time listed below. The following time and temperature relationship is <u>required</u>:

At 68°- 77°F (20°- 25°C) expose for 6 hours.

After exposure, allow surfaces to drain thoroughly and air dry, or if desired, wipe dry after exposure time using sterilized cloth. Product contact and food contact surfaces must be rinsed with sterile water. Used product should not be returned to the original container.

#### Storage and Disposal

Do not contaminate water, food, or feed by storage and disposal.

**<u>Storage</u>**: Store in original container in a cool dry area away from direct sunlight and heat to avoid deterioration. In case of spill, flood area with large quantities of water.

**Disposal:** Product or rinsates that cannot be used must be diluted with water before disposal in a sanitary sewer. Follow Federal/Provincial/State regulations and Local/Municipal ordinances when disposing of this product. Improper disposal of excess product, spray mixture or rinsate is a violation of Federal/Provincial/State Laws. If these wastes cannot be disposed of by use according to label instructions, contact your Federal/Provincial/State or Local/Municipal environmental control agency for guidance.

#### Container Handling: (Note to reviewer: This product is not dilutable.)

Non-refillable container. Do not reuse or refill this container to hold materials other than this product. [(For containers equal to or less than 5 gallons) Offer container for recycling if available and dispose of in a sanitary landfill, or by incineration.] or [(For containers greater than 5 gallons) Offer container for recycling if available, or reconditioning if appropriate, or dispose of in a sanitary landfill, or by incineration.].

{Note: To appear as label end panel for customer use on containers: convenience item.}
