U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

69061-9

Date of Issuance:

AUG 22 1996

Term of Issuance:

Unconditional

Name of Pesticide Product:

DALAR

NOTICE OF PESTICIDE:

 X Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Sivad Manufacturing & Packaging Inc.
541 Proctor Ave.
Scottdale, GA 30079

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5).

Make the following change to the labeling before releasing the product for shipping:

Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 69061-9".

Submit two copies of the revised final printed label before you release the product for shipment.

If the final printed labeling is not received prior to shipment of this product, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these requirements.

A stamped copy of the label is enclosed for your records.

Signature of Approving Official:

DALAR

2/3

A Growth Regulator for Cockroaches

For Use in the Home and Non-Food Areas of: Restaurants, Food Processing Plants, Schools, Warehouses, Office Buildings, Apartment Buildings, Theatres, Garages, Hotels, Motels, Canneries, Bottling Plants, Kennels, Hospitals, Automobiles, Buses, Boats, Ship Cabins, Trucks, Boxcars and Ship Cargo Holds.

Effective Control of Roach Populations by Preventing Reproduction for 120 Days.

ACCEPTED

AUG 22 1996

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under
EPA Reg. No. 69061-9

ACTIVE INGREDIENT:

2-[1-Methyl-2-(4-phenoxyphenoxy) ethoxy] pyridine.....

10.00%

***INERT INGREDIENTS.....**

90.00%

100.00%

*Contains petroleum distillate

NYLAR® - Registered trademark of McLaughlin Gormley King Co.

KEEP OUT OF REACH OF CHILDREN

WARNING

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Do not induce vomiting because of aspiration pneumonia hazard.

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF ON SKIN OR CLOTHING: Remove contaminated clothing and wash before reuse. Wash skin with soap and warm water. Get medical attention if irritation persists.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Causes temporary eye irritation. Harmful if swallowed. Do not induce vomiting because of aspiration pneumonia hazard. Contains petroleum distillate. Avoid contact with skin or eyes or clothing. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs.

Do not use in edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Avoid contamination of food, foodstuffs, or water supply.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

NOTE: NYLAR is an insect growth regulator that destroys cockroach populations without direct poisoning like conventional insecticides. NYLAR controls roach populations by mimicking growth hormones found naturally in insects which affects the immature individuals in the population thus preventing reproduction.

One of the effects of NYLAR will be roaches exhibiting crinkled and twisted wings a couple of weeks after application. These are sterile individuals that will not reproduce, therefore the population will gradually be eliminated. If large roach populations are present a conventional insecticide that is effective in killing these insects should be used in conjunction with NYLAR to kill much of the adult population. NYLAR will not effect the reproduction of roaches that are adults prior to spraying. This should be followed up with an application of NYLAR every 120 days to maintain continuous cockroach control.

Spray Preparation: Prepare a diluted spray solution by adding 8.5 ml of NYLAR 10EC to 1 gallon of water. Partially fill mixing container with water, add NYLAR, shake and fill to final volume. Use diluted spray solution within 48 hours of mixing. Shake well before each use.

Applications within residential buildings including homes and apartment buildings and within non-food areas of industrial, institutional and commercial buildings such as those listed above: Apply as a surface spray at a rate of 1 gallon of diluted solution per 1,000 square feet of surface area and as a spot treatment and crack and crevice spray with any low pressure sprayer typically used for indoor applications. Treat all areas that may harbor cockroaches. These include walls, along and behind baseboards, beneath and behind sinks, stoves, refrigerators and cabinets, around plumbing and other utility installations, infested furniture and the inside of cabinets and closets.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Keep container closed.

DISPOSAL: Do not reuse empty container. Wrap container in several layers of discard in trash.
