P 1/5

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7501W)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
69090-2

Date of Issuance:
MAR 19 1996

NOTICE OF PESTICIDE:
 Registration
 Reregistration

Term of Issuance:
Unconditional

Name of Pesticide Product:
Green Screen Powder
Animal Repellent

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code)

Lakeshore Enterprises
2804 Benzie Highway
Benzonia, MI 49616

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5) provided that you:

1. Include on the label the EPA Registration Number 69090-2
2. Include on the label the EPA Establishment Number

Signature of Approving Official:

Date: MAR 19 1996

- 2/5
3. Under the heading "To Drive Raccoons from Nests", the heading and paragraph should be replaced with the following:

To Drive Raccoons from Den Sites: When a den is found, take a cardboard container, punch small holes in the sides, fill with 1-2 lbs. of GREEN SCREEN POWDER and place as close as possible to the den. Since raccoons are nocturnal animals, product should be in place in the early evening when the raccoon is absent. Do not apply when raccoon is present.

4. Submit five copies of the revised final printed label for the record.

Unconditional registration does not eliminate the need for continual reassessment of a pesticide. If EPA determines, at any time, that additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under Section 3(c)(2)(B) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

A stamped copy of the label is enclosed for your records.

Janet L. Andersen, Director
Biopesticides and Pollution
Prevention Division

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

MAR 19 1996
EPA registration # 69090-2

CAUTION: Harmful if inhaled. Avoid breathing dust and contact with skin, eyes or clothing. Product may irritate or burn the skin, eyes and mucous membranes. Wear gloves while applying product. Wash hands and clothing after use.

Statement of Practical Treatment

- IF INGESTED - Dilute with water, milk or food. Do not induce vomiting.
- IF ON SKIN OR CLOTHING: Remove contaminated clothing. Wash affected area first with vegetable oil or a fat-based solution; follow with soap and water.
- IF IN EYES - Flush with water for 10-25 minutes, or until irritation subsides. Get medical attention if irritation develops.
- IF INHALED - Remove to fresh air. Get medical attention if respiratory irritation occurs.

Personal Protective Equipment

Applicators and other handlers must wear: Long-sleeved shirt and long pants. Shoes plus socks. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

Environmental Hazards

Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by disposal of equipment wash waters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 4 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water is:

- Coveralls
- Waterproof gloves
- Shoes plus socks

NON-AGRICULTURAL USE REQUIREMENTS

The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, and greenhouses.

GREEN SCREEN POWDER

- Ideal for gardens, bushes, and ornamental vegetation
- Odor offensive to deer, rabbits and raccoons
- Inexpensive and easy to use
- Effective for up to 4 months
- Can be used up to day of harvest
- Acts as a soil enhancer

AGRICULTURAL, VEGETABLE, ORNAMENTAL, TURF, TREE, VINE, AND OTHER TERRESTRIAL CROPS

General Application Information - Sprinkle GREEN SCREEN POWDER around plant bases and/or the perimeter of a planted area or compost bin to discourage deer, rabbits and raccoons. Apply at a rate of one pound per 75-100 square feet. Reapply every other week until no further damage occurs. Increase rate of application if severe wildlife pressure exists. Do not apply GREEN SCREEN POWDER directly to vegetation. Can be used for home and garden.

To Drive Raccoons from Nests: When a nest is found, take a cardboard container, punch small holes in the sides, fill with 1-2 lbs. of GREEN SCREEN POWDER and place as close as possible to the nest. Since raccoons are nocturnal animals, product should be in place in the early evening when the raccoon is absent. Do not apply when raccoon is present.

STORAGE AND DISPOSAL

GENERAL: For best results use within one year of opening package. Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in original container, in a cool, dry location.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not reuse empty container. Completely empty container into application equipment. Then offer for recycling, reconditioning or dispose of empty container in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

NOTICE OF WARRANTY

The Seller warrants only that the goods shall arrive in acceptable condition. This warranty is expressly made in lieu of all warranties, express or implied, including the warranties of merchantability and fitness for use. In the event of a breach of the warranty stated herein, buyer shall have as a sole remedy a replacement of the goods sold upon giving proper notice to Seller. No claim shall be made for damages, nor may any recovery be had for incidental or consequential damages.
