NET CONTENTS: 128 OZ. (3.785 L) [or alternate size]

FIRST AID	
<p>Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Pesticide Information Center (NPIC) 1-800-858-7378 for emergency medical treatment information.</p>	
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
If swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
<p>Note to Physician: If swallowed, lavage stomach, taking care to avoid aspiration of stomach contents into lungs.</p>	

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

WARNING: Causes substantial but temporary eye injury. Do not get in eyes. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin or clothing. Avoid breathing vapor or spray mist. Wear safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

Do not use on slopes or in areas where runoff is likely to occur (apply only to level surfaces). Do not contaminate water used for irrigation or domestic purposes. Do not contaminate water by cleaning of equipment or disposal of wastes. For terrestrial uses, do not contaminate water when disposing of equipment washwaters. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Apply this product only as specified on the label.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill, or store near heat or open flame.

GENERAL INFORMATION

For total weed control on certain areas around the home, the business or workplace where no plant growth is desired, use as specified in label directions. Controls bindweed, common mullein and other hard-to-kill weeds. **Prevents plant growth for up to one year.**

This product is a nonselective product intended for use after dilution with water, or an appropriate oil, or other approved carrier. For best results, apply to bare ground or when weed growth is just starting. Weeds taller than 4-6 inches should be hoed before treatment or it may be necessary to make a second application. A second application may be necessary to control deep rooted perennial weeds. Use for bare ground vegetation control in driveways, brick walks, paths, patios, parking areas, play areas, along fences

and curbs, around buildings and under graveled pathways where plant growth has come through these surfaces.

Important: Read the entire Directions for Use and the Conditions of Sale and Warranty before using this product.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For control of annual and susceptible perennial weeds such as downy brome grass, oatgrass, quackgrass, puncturevine, goldenrod and plantain. To cover 100 square feet, add 10-16 fluid ounces by use of a sprinkling can or other watering or spraying device in sufficient water to get good coverage of the area (e.g. 2 ½ gallons in sprinkling can). For control of hard-to-kill perennial broadleaf and grass weeds such as bindweed and johnsongrass, as well as the biennials common mullein and wild carrot, use 1.3 - 1.8 quarts in sufficient water to get good coverage. Different grades of mineral oils, diesel fuel, petroleum-based oil, fuel oil or kerosene may be substituted for water. When using sprinkling can, triple rinse and pour rinsate on area treated once application is completed. Mix only the quantity needed and use immediately. Do not store dilute solution once container is opened. To minimize lateral movement, sprinkle lightly with a watering can or similar sprinkler device immediately after application.

PRECAUTIONS:(1) Apply when air is calm to avoid the possibility of drift onto desired plants or grass. (2) Keep away from the roots of desirable plants and trees. (3) Use only in areas where complete control of all vegetation is desired.

(4) This product should not be used on cultivated areas, on ground that is to be cultivated, in greenhouses or near the drip line of trees or shrubs. (5) Do not use on slopes or in areas where runoff is likely to occur (apply only to level surfaces. (6) Avoid using where adjacent desirable trees, shrubs, or plants may be injured from leaching of the chemical through the soil. (7) Keep children and animals off treated areas until these areas are dry.

Storage: Store in a cool, dry place (inaccessible to children and pets) away from heat or open flame.

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Conditions of Sale and Warranty

The **Directions for Use** of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of **Topaz Turf Corp.** or the Seller. All such risks shall be assumed by the Buyer. **Topaz Turf Corp.** warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the **Directions for Use** subject to the inherent risks referred to above. **Topaz Turf Corp.** makes no other express or implied warranty of Fitness of Merchantability or any other express or implied warranty. In no case shall **Topaz Turf Corp.** or the Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. **Topaz Turf Corp.** and the Seller offer this product, and the Buyer and user accept it, subject to the foregoing **Conditions of Sale and Warranty**, which may be varied only by agreement in writing signed by a duly authorized representative of **Topaz Turf Corp.**

RE: TK-10
EPA Reg. No. 69204-1

Subject: Label Update and Notification per PR Notice 2001-6

Dear Mr. Tompkins:

On behalf of our client, **Topaz Turf Corporation**, we are submitting an application for notification to update the label to comply with PR Notice 2001-6. Enclosed you will find:

1. EPA Application for Pesticide (EPA Form 8570-1)
2. One (1) copy of the revised label.

We are specifically requesting that we receive an EPA Stamped Accepted Label so that our files may be updated to reflect this current amended label.

Should you have any questions, please do not hesitate to contact me. I may be reached in our North Carolina office at E-mail: ATS-NC@nc.rr.com or (919) 848-8872.

Sincerely,

ADAMS TECHNOLOGY SYSTEMS
