3. Restructure the "DIRECTIONS FOR USE" as indicated below.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions: This product may be used in yards around homes and other buildings to discourage gray squirrels, red squirrels, fox squirrels and chipmunks from feeding on seeds and other dry feed placed in feeders or on the ground to feed wild birds.

Mixing Directions: Wearing eye protection and gloves at an <u>outdoor</u>, wind-protected location, mix 1/2 cup of vegetable oil with contents of self-closing package (3 tablespoons). Then add oily mixture to a container with a securable top. Select a container large enough to facilitate mixing of PREVENT with the amount of feed to be treated. Close top of container securely and shake container thoroughly, inverting the container occasionally to promote complete mixing.

Application Directions: Using gloves, fill feeders or place treated feed on ground in the manner appropriate for the species of birds that you are trying to feed. Repeat use of treated feed if squirrels and chipmunks return.

[Note that, like the labeling to "Squirrel Away", the product must be packaged in self-closing subpackages to reduce the possible exposure of the product to those mixing it.]

5. Revise your "STORAGE AND DISPOSAL" statements as follows:

STORAGE AND DISPOSAL

Storage: Store unused product in self-lock plastic bag and treated feed in secured container, in a dry place inaccessible to children and pets.

Disposal:

1: Dispose of self-lock bag, including any unused material, by securely wrapping in newspaper and discarding in trash. 3

3/¥

B. You will need to relabel all existing stocks in your possession with the new labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

If you have questions about this registration, please contact Mr. Dan Peacock at 703-305-5407. A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

KK 1m
