- d. Revise the Hazards to Humans and Domestic Animals to read as follows:
  - Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Use adequate ventilation and avoid breathing dust. For prolonged exposure to dust, use a suitable dust mask approved by NIOSH/MSHA.
- e. Delete the words "natural grade" from the statement "This natural grade product..." since statements relative to composition directly or indirectly implying to the safety of a pesticide is unacceptable.
- f. The statement, "It is a violation of Federal law to use this product in a manner inconsistent with its labeling.", must appear directly under the heading entitled Directions For Use.
- g. Under the headings Indoor and Outdoor, identify which pests will be control, i.e., Indoor Use to control cockroaches, ants, earworm...etc. and Outdoor Use to control cockroaches, crickets,...etc."
- h. Identify on the front label specific sites where the product can be used i.e., "For use In and Around the Home and Other Residential Areas, Indoor/Outdoor Business, Commercial, Institutional Areas, Food/Feed Handling Establishments.
- I. Delete the statement "Do not apply as a space spray" since this product is formulated as a powder.
- j. Revise the directions for use in food handling areas to read as follows:

In food handling areas or areas where food or feed products are prepared or stored apply as a "Crack and Crevice" or a "Spot" treatment. As a crack and crevice treatment apply sparingly into cracks.and crevices using equipment designed to place powder into specific locations. Limit spot treatments to wall or floor surfaces where pests have been seen or where pests are suspected of hiding. No individual spot treatment should exceed 2 sq. ft. All food or feed must be removed or covered before treatment. Treat open spaces below floors above ceilings, within walls, under stairs, underneath and behind equipment or appliances, around pipes, under sinks, in utility closets and around garbage and waste cans.

k. Under indoor use add the following statement: "Not for use in federally inspected meat and poultry plants."

3. On the Confidential Statement of Formula under block 12 add the EPA Registration No. For the manufacturing use product, i.e., 69261-1.

4. How is the applicator to apply the dust? Under directions identify the type of equipment to use to apply the dust.

5. Submit two copies of the revised final printed label for the record. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca Product Manager 13 Insecticide-Rodenticide Branch Registration Division (7505C

Under the Federal Insecticide, Fungieide, and Rodenticide Act  $g_8$  amended, for the pesticide registered under EPA Reg. No. 69, -61 - 2

TOTA	۔ ن			-		100%	

## KEEP OUT OF REACH OF CHILDREN

### CAUTION .....

EPA Registration No. 69261-

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTANT WITH ITS LABELING.

Harper Valley Diatomaceous Earth consists of the skeletal remains of fresh water diatoms and contains amporphous silica. This is a natural grade product which is intended for indoor and outdoor use in the control of ants, spiders, fleas, cockroaches, earwigs and other crawling insects.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals.

CAUTION: Avoid contact with eyes. Use adequate ventilation and avoid breathing dust. For prolonged exposure to dust, use a suitable dust mask approved by NIOSH/MSHA.

### STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

### DIRECTIONS FOR USE

## INDOOR USE;

Dust lightly in dry areas where crawling insect pests are found or may hide, including cracks and crevices, along baseboards, around sinks, cabinets, refrigerators and stoves; and in attics and basements. Direct contact with dry dust is required for effective control. In food handling areas, or areas where food or feed products are prepared or stored, limit spot treatments to walls or floors where insects may be found. Apply thoroughly to cracks and crevices where insects may hide or crawl. Food or feed products should be removed or covered before treatment.

Do not apply as a space spray.

For best results apply to dry areas. If treated area becomes moist, sweep or vacuum dust and discard in trash. Repeat treatment on dry surfaces as needed to maintain control of problem pests.

### OUTDOOR USE:

)

Dust lightly in areas where insects are found such as windowsills and door frames, around foundations and along ant trails. Direct. contact with dry dust is required for effective control. Repeat treatment in problem areas as necessary for control.

### STORAGE AND DISPOSAL

Store in original container in a dry location. Do not re-use empty container. Wrap container in newspaper and discard in trash.

Do not contaminate water, food, or feed products by storage or disposal.

IN CASE OF SPILL: Vacuum or dampen with water and sweep. Dispose of in trash or at a local sanitary landfill.

#### WARRANTY STATEMENT

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label. Since conditions of use such as moisture, compatibility with other chemicals, and conditions of application may vary, seller makes no claims other than those stated on this label.
