 <p style="text-align: center;">U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (H7505C) 401 M St., S.W. Washington, D.C. 20460</p> <p style="text-align: center;"><b>NOTICE OF PESTICIDE Registration</b></p> <p>(under FIFRA, as amended)</p>	<p>EPA Reg. Number: <b>69261-4</b></p>	<p>Date of Issuance: <b>Sept. 6, 2005</b></p>
	<p>Term of Issuance: <b>Unconditional Registration</b></p>	
	<p>Name of Pesticide Product: <b>DiaSource Diatomaceous Earth Crawling Insect Killer</b></p>	
<p>Name and Address of Registrant (include ZIP Code): <b>DiaSource, Inc. P.O. Box 7801 Boise, ID 83707</b></p>		
<p><b>Note:</b> Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p>		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p>		

1. This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5). Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B).

2. Make the following label changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Reg. No. 69261-4"
- b. Revise the precautionary statements following Caution to read as follows:

"Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Use adequate ventilation and avoid breathing dust. For prolonged exposure to dust, use a suitable dust mask approved by NIOSH/MSHA".

- c. Revise the container and disposal statement to read as follows:

**If empty:** Do not reuse this container. Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency or (insert a toll free number which meets the criteria in paragraph II.E of PR Notice 2001-6) for disposal instructions. Never place unused product down any indoor or outdoor drain.

3. Submit a revised Confidential Statement of Formula (CSF) listing the EPA Reg No. for the source product used to formulate this product under block 12 of the form.

4. Submit an updated data matrix (EPA Form 8570-35) listing by MRID Number efficacy data to support control of public health pest listed on the label i.e., spiders, fleas, cockroaches.

<p>Signature of Approving Official: </p>	<p>Date: <b>September 6, 2005</b></p>

**ACCEPTED  
with COMMENTS  
In EPA Letter Dated:**

**SEP 6 2005**

**Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide  
registered under EPA Reg. No.**

**Controls Crawling Insects 69261-4**

DiaSource DIATOMACEOUS EARTH

CRAWLING INSECT KILLER

**ACTIVE INGREDIENT:**

Diatomaceous Earth (including silicon dioxide, other oxides and moisture) 100%

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

EPA Registration No. 69261-X  
EPA Establishment No. 69261-OR-1

**NET WT.**

**FOR USE IN AND AROUND THE HOME AND OTHER RESIDENTIAL AREAS,  
INDOOR/OUTDOOR BUSINESS, COMMERCIAL, INSTITUTIONAL AREAS, FOOD/FEED  
HANDLING ESTABLISHMENTS**

DiaSource Diatomaceous Earth consists of the skeletal remains of fresh water diatoms and contains amorphous silicon dioxide. This product is intended for indoor and outdoor use to control ants, spiders, fleas, cockroaches, mites, earwigs and other crawling insects.

**PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals.**

**CAUTION:** Avoid contact with eyes. Use adequate ventilation and avoid breathing dust. For prolonged exposure to dust, use a suitable dust mask approved by NIOSH/MSHA.

**FIRST AID**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Call 1-800-222-1222 for further information.

**DIRECTIONS FOR USE**

**IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.**

**INDOOR USE:** To control cockroaches, ants, spiders, fleas, earwigs, and other crawling insects

Using a hand duster, apply lightly in dry areas where crawling insect pests are found or may hide, including cracks and crevices, along baseboards, around sinks, cabinets, refrigerators and stoves; and in attics and

4/4

basements. Direct contact with dry dust is required for effective control. In food handling areas, or areas where food or feed products are prepared or stored, apply as a "Crack and Crevice" or a "Spot" treatment. As a crack and crevice treatment apply sparingly into cracks and crevices using equipment designed to place powder into specific locations. Limit spot treatments to walls or floors where pests are suspected of hiding. No individual spot treatments should exceed 2 sq. ft. All food or feed items must be removed or covered before treatment. Treat open spaces below floors, above ceilings, within walls, under stairs, underneath and behind equipment or appliances, around pipes, around sinks, in utility closets and around garbage and waste cans. For best results, apply to dry areas. Repeat treatment on dry surfaces as needed to maintain control of problem pests. If treated area becomes moist, sweep or vacuum dust and discard in trash.

To control fleas infesting pet areas: Thoroughly treat floor, bedding in and around pet's sleeping quarters. Treat surrounding cracks and crevices, baseboards, furniture, carpeting and wherever fleas are suspected. Apply dust to rugs and carpets with thin coat of dust. Rake (not sweep) nap back and forth, causing dust to enter rug or carpet. Leave overnight. Repeat applications and vacuum every 3-4 days as necessary for effective flea control. DiaSource DE will kill live fleas, repel others and help deodorize carpet or rug.

Not for use in federally inspected meat and poultry plants.

OUTDOOR USE: To control ants, spiders, earwigs, mites, and other crawling insects.

Using a hand duster or other equipment suitable for application of dusts, dust lightly in areas where insects are found such as windowsills and door frames, around foundations and along ant trails. Direct contact with dry dust is required for effective control. Repeat treatment in problem areas as necessary for control.

#### STORAGE AND DISPOSAL

Store in original container in a dry location. Do not re-use empty container. Wrap container in newspaper and discard in trash. Do not contaminate water, food, or feed products by storage or disposal.

IN CASE OF SPILL: Vacuum or dampen with water and sweep. Dispose of in trash or at a local sanitary landfill.

#### WARRANTY STATEMENT

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label. Since conditions of use such as moisture, compatibility with other chemicals, and conditions of application may vary, seller makes no claims other than those stated on this label.
