SUBJECT: Application for Pesticide Notification
One-Drop Anti-Flea & Tick Treatment 2
EPA Reg. No. 69332-1
Application Dated January 11, 2007

Dear Ms. Gray:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above product. The Registration Division (RD) has conducted a preliminary screen of this request for its applicability under PRN 98-10 and finds that the actions requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please me directly at 703-305-6249 or Terri Stowe of my staff at 703-305-6117.

Sincerely,

Linda Arrington

Subject: Label Notification
One Drop Anti-Flea & Tick Treatment 2 (EPA Reg. No. 69332-1)
Project No. WD00758.000

Dear Ms. Hobgood:

On behalf of our client, Pet Logic, LLC (EPA Company Number 69332), Exponent is submitting a notification for a revised label for the product One Drop Anti-Flea & Tick Treatment 2 (EPA Registration Number 69332-1), containing the registered active ingredient permethrin. Please find the following information enclosed in support of this notification:

- EPA Form 8570-1
- Product label (5 copies)

The enclosed label has been updated to clarify a few minor changes. A copy of the label with all changes highlighted is enclosed.

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

If you have any questions, please contact me at (202) 772-4964.

Sincerely,

Sherri Gray

DOG SQUEEZE ON PERMETHRIN ONLY PRODUCT

ONE DROP ANTI-FLEA & TICK TREATMENT 2

READ ENTIRE LABEL BEFORE EACH USE

USE ONLY ON DOGS

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

DO NOT USE ON CATS. May be toxic and potentially fatal if applied or ingested by cats.

What the drops do: One Drop Anti-Flea & Tick Treatment 2 kills and repels fleas and ticks on your dog for up to 4 weeks. It is also recommended that you use a product labeled to treat your dog's basket and favorite sleeping area.

How to Apply:

For dogs weighing up to 33 lb., the contents of this package provides a [3 months'] [1 month] supply.

1. Remove product tube from the package. Holding tube with top end pointing up and away from the face and body, cut off top end. 2. Use open end to part the dog's coat to expose the skin between the shoulder blades, at the nape of the neck. 3. Squeeze the entire contents of one tube onto exposed skin. If the dog's coat is subsequently wetted, such as when shampooing, the 4 week period of protection may be reduced.

[OR]

For dogs weighing over 33 lb., the contents of this package provides a [3 months'] [1 month] supply.

1. Remove product tube from the package. Holding tube with top end pointing up and away from the face and body, cut off top end. 2. Use open end to part the dog's coat to expose the skin between the shoulder blades, at the nape of the neck, then squeeze approximately one-half the contents of one tube onto the exposed skin. 3. Next, part the dog's coat at the base of the tail, then squeeze the remaining contents of the tube onto exposed skin. If the dog's coat is subsequently wetted, such as when shampooing, the 4 week period of protection may be reduced.

Additional precautions to protect your dog: 1. Do not massage the drops into the dog's skin. Avoid applying to the dog's fur. 2. Do not administer any other flea control product to your dog during the 4 week period of protection. 3. Retreat after 28 days if reinfestation is apparent.

Additional precautions to protect your family: Do not allow children to play with tubes. A pet treated with this product should not sleep with people, particularly children, for 8 hours immediately following treatment. Do not handle the area of application for 3 to 6 hours following treatment.

[What else you must do: Treating your dog's basket and favorite sleeping areas with a suitable insecticidal product labeled for this use and vacuuming these areas regularly will also help to remove fleas and ticks. Consult your veterinarian for product recommendations.]

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Hazards to Humans: Harmful if swallowed or absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

Hazards to Domestic Animals: For external use only. Do not apply on dogs less than 6 months old. Repeat applications may be made as necessary, but do not apply at intervals less than 7 days. **DO NOT USE ON CATS.** Cats which actively groom or engage in close physical contact with recently treated dogs may be at risk of serious harmful effect. May be toxic and potentially fatal if applied or ingested by cats.

Consult a veterinarian before using this product on debilitated, aged, pregnant, nursing or medicated animals. Consult a veterinarian before using this product on dogs with known organ dysfunction. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with a mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Signs of sensitivity to this product include skin sensitivity, increased itchiness, redness, rash, hair discoloration or hair loss at the application site. Dogs may also show "lethargy".

FIRST AID

If swallowed:	<ul style="list-style-type: none">• Call poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If in eyes:	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
If on skin:	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
