Subject: Label Amendment - Registration Review Mitigation for Cypermethrin
Product Name: ECTOMETHRIN H2O EQUINE SPRAY
EPA Registration Number: 69332-5
Case Number: 480582
Application Dates: May 18, 2021

Dear Prince M. Bamaze:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Cypermethrin Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must submit one copy of the final printed labeling before you release the product for

shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Kelsi Grogan by phone at 202-566-2228, or via email at grogan.kelsi@epa.gov.

Sincerely,

A handwritten signature in dark ink, appearing to read "Kevin Costello". The signature is written in a cursive, flowing style.

Kevin Costello, Branch Chief

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid contact with eyes, skin, or clothing. Avoid contamination of food.

{Box optional}

User Safety Recommendations

- User should wash hands with plenty of soap and water before eating, drinking, chewing gum, using tobacco, or using the toilet.
- User should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-781-4738 for emergency medical treatment information.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USE.

For indoor use only. Not for use on horses intended for human consumption. Avoid contaminating water, food, or feed.

To protect horses and ponies from Horse Flies, House Flies, Stable Flies, Face Flies, Horn Flies, Deer Flies, Gnats, Mosquitoes (culex spp). Thoroughly brush the horse's coat prior to application to remove loose dirt and debris. For dirty horses, shampoo, and rinse thoroughly. Wait until the coat is completely dry before applying this product. [Product Name] [This products'] sweat resistant formula contains a special conditioner that binds to the hair shaft, so it keeps working when the horse sweats. Application of product on pets must only be done indoors.

{Optional- section to be used when product is packed in sponge applicator bottle}

[Sponge-On Application: Apply [Product Name] [This product] with the specially designed sponge applicator attached to the bottle. For horse's face, **do not get into horse's eyes, nose, or mouth.** Apply to horse's entire body, sponging against the lay of the coat to ensure adequate coverage.]

{Optional- section to be used when product is packed in spray bottle}

[Spray or Wipe Application: Apply liberally for best results. For horse's face, **always apply as a wipe** using a piece of clean, absorbent cloth, toweling (Turkish) or sponge. **Do not get into horse's eyes, nose, or mouth.** Wear waterproof glove or mitt when applying as a wipe. Spray or wipe horse's entire body while brushing against the lay of the coat to ensure adequate coverage.]

Reapply every 14 days for fly control under normal conditions for initial applications. Reapply every 5 to 7 days for mosquito repellency. Also, reapply each time animal is washed or exposed to heavy rain.
