OCT 31 2011

Product Name: Tebuconazole Technical  
EPA Reg. No.: 69361-10  
Subject: Your amendment dated September 12, 2011  
EPA Decision Number: 447625

Dear Dr. Mandava:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act as amended is acceptable provided the following changes are made:

1. On page 1, express the Net Contents in avoirdupois pounds and ounces (40 CFR 156.10(d)(3), and place the metric measurement within parenthesis.
2. Put the **STORAGE AND DISPOSAL** instructions into a text box to set them off from the rest of the label.
3. Change the CONTAINER DISPOSAL instructions to read:

**"Plastic Bags:** Nonrefillable container. Do not reuse or refill this bag. Completely empty bag into the processing equipment. Offer empty bag for recycling if available. Dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

**22.5 kg Plastic Pails:** Nonrefillable container. Do not reuse or refill this container. Completely empty container into the processing equipment. Triple rinse or pressure rinse container promptly after emptying.

Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container  $\frac{1}{4}$  full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times."

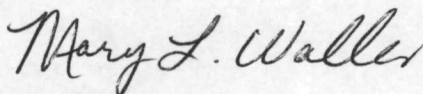

Pressure rinse as follows: Empty the remaining contents into application equipment or a mix tank. Hold container upside down over application equipment or mix tank or collect rinsate for later use or disposal. Insert pressure rinsing nozzle in the side of the container, and rinse at about 40 PSI for at least 30 seconds. Drain for 10 seconds after the flow begins to drip.

Offer empty container for recycling if available. Otherwise, puncture empty container and dispose in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke."

One copy of the label stamped "Accepted with comments" is enclosed for your records. Please submit one copy of the final printed label that incorporates the required changes before the product is released for shipment.

If you have any questions, please contact Robert Westin by phone at (703) 305-5721 or via email at [westin.robert@epa.gov](mailto:westin.robert@epa.gov).

Sincerely,

Mary L. Waller

# **PRECAUTIONARY STATEMENTS** **Hazards to Humans and Domestic Animals**

## **WARNING**

May be fatal if inhaled. Harmful if swallowed. Causes eye irritation.

Do not breathe dust and avoid contact with eyes or clothing. Wear a mask or pesticide respirator jointly approved by the Mine Safety and Health Administration and the National Institute for Occupational Safety and Health. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

## **ENVIRONMENTAL HAZARDS**

This pesticide is toxic to estuarine invertebrate. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board of Regional Office of the EPA.

## **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Only for formulation into a fungicide for the following uses:

**Terrestrial Food Crops:** Asparagus, Bananas, Plantains, Barley, Beans, Cherries, Corn, Cotton, Cucurbit Vegetables Crop, Grasses Grown for Seed; Onion, bulb, crop subgroup 3-07A; Onion, green, crop subgroup 3-07B; Hops, Leafy Brassica Greens, Garden beet roots and tops, Lychee, Okra, Fruit Nuts, Nectarines, Peaches, Grapes, Oats, Pecans, Peanuts, Pistachios, Soybean, Sunflower, Turnips, Wheat.

**Terrestrial Food Crops - Seed Treatment:** Barley, Corn and Wheat.

**Terrestrial Food Crops - Foliar Treatment:** Asparagus, Barley, Beans, Corn, Cotton, Cucurbit Vegetables Crop, Garlic, Grasses Grown for Seed; Onion, bulb, crop subgroup 3-07A; Onion, green, crop subgroup 3-07B; Hops, Leafy Brassica Greens, Garden beet roots and tops, Lychee, Okra, Pecans, Peanuts, Soybean, Sunflower, Turnips, Wheat

**Terrestrial Non-Food Crops:** Azaleas, Camellias, Rhododendrons, Landscape Trees and Shrubs, Hibiscus, Iris, Roses, Flowers, Ornamental trees, Ornamental shrubs, Groundcovers, Turfs, Vines and Houseplants

**Terrestrial Non-Food (Domestic Outdoor):** For preservation of wood-based composite products and wood products intended for above ground and in-ground systems.

This product may be used to formulate for any additional uses not listed on this label if the formulator, user group, or grower has complied with EPA data requirements regarding the support of such uses.

Labeling for products formulated from this product must conform to that which is currently registered with the U.S. Environmental Protection Agency. For specific information on federally registered uses, contact Repar Corporation. Any variance from the federally registered labeling for end-use products containing Tebuconazole will have to be supported by data provided by the formulator.

## **RESTRICTIONS**

Do not package Tebuconazole Technical in metal containers.

## **STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

## **PESTICIDE STORAGE**

Store in cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of the reach of children, preferably in a locked storage area.
