Ms. Therese A. Adkins
Black Flag Insect Control Systems
c/o PS&RC
P.O. Box 493
Pleaston, CA 94566-0803

Dear Ms. Adkins:

Subject: Amendment-Label
Black Flag Insect Control System
EPA Registration No. 69421-16
Your Submission dated February 16, 1996

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Three copies of the finished labeling must be submitted prior to releasing the product for shipment.

Under "Environmental Hazards" revise the statement to read as follows:

.....This pesticide -or- product is extremely toxic or poisonous to fish and aquatic invertebrates. Do not apply directly to water.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

RPK

Richard P. Keigwin, Jr.

FORMULA S**

Kills: Eastern Tent Caterpillar, Aphid, Leafhopper, White Flies, Spider Mites,
Japanese Beetle, Mealybug, Ants, Caterpillar

FOR HOUSEHOLD USE ONLY

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USE. HOLD CONTAINER -or- CAN UPRIGHT. APPLY -or- SPRAY IN SHORT BURSTS.

INDOORS -or- IN THE HOME

For Flying Insects:

+ To Kill Flies, Mosquitoes, Small Flying Moths, Gnats and Wasps: Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for an average room. Keep room closed for 15 minutes after spraying. -or- Leave room and keep it closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. -or- Allow room to air-out completely before going back inside. Sweep up fallen insects.

For Crawling Bugs:

To Kill Cockroaches, Ants and Crickets: Contact as many insects as possible with the spray. Also, thoroughly spray all parts of the room suspected of harboring these pests. -or- Spray directly on bugs whenever possible. Spray all parts of room where bugs live. Special attention should be paid to -or- Spray cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and wherever these pests -or- bugs are suspected of -or- may be hiding. To kill ants -or- For ants, treat -or- spray doors, around window frames and trails and other areas of entry -or- where they enter your home. Repeat as necessary.

To Kill Sowbugs, Centipedes, Firebrats and Spiders: Contact as many insects as possible with the spray. Also thoroughly spray all parts of the room suspected of harboring these pests. -or- Thoroughly spray all parts of the room where bugs may be hiding or living. Special attention should be paid to -or- Spray cracks, crevices, hidden surfaces -or- areas under sinks, and behind stoves and refrigerators.

(back panel contd.)**OUTDOORS**

To Reduce Annoyance of Houseflies, Mosquitoes, Gnats and Small Flying Moths: Spray area infested with these flying insects. Hold container 18-24 inches from shrubs, bushes and grassy areas. Spray these areas with a slow sweeping motion at the rate of 1 to 3 seconds per cubic yard of space while moving away from the treated areas. To reduce annoyance from these pests, treat open porches and patios in a similar manner. Spray only when the air is still. Allow spray to dissipate before occupying the treated area. Repeat as necessary.

-or-

IN THE GARDEN

Important: Do not use this product on crops or plants you plan to eat. When spraying, hold can about 2 feet from plants. Be careful when spraying new growth on young plants.

For Flying Insects:

Spray area where you see bugs, using a slow sweeping motion while moving away from the sprayed areas. Also spray porches and patios. Spray only when the air is still. Allow spray to dissipate before re-entering the area. Repeat as necessary.

To Kill Ornamental Plant Pests Listed Below or For Ornamental Plant Bugs:

Kills Eastern Tent Caterpillar, Aphids, Leafhopper, White Flies, Spider Mites, Japanese Beetles, Mealybugs, Ants, Caterpillars on Ornamental Cherry, Spirea, Rose, Grape Myrtle, Crabapple, Gardenia, Chrysanthemum, Purple Passion Vine, Peony, Oleander.

General: When sprayed directly on insects, this spray will kill the insects listed. Caution should be taken when spraying new tender growth on young plants. **WHEN SPRAYING, HOLD CAN 18-24 INCHES FROM PLANT.** For best results, spray in the evening or on a cloudy day when air is still. Mist the plant lightly. -or- For best results, spray the plant lightly in the evening or on a cloudy day when air is still. Use a slow sweeping motion. Avoid wetting foliage -or- leaves with spray. Spray rows at the rate of 1 foot per second. For heavy growth, spray both sides of row. Repeat as needed. Do not spray when temperatures exceed 90°F.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS or PETS

CAUTION: Keep out of reach of children. Harmful if swallowed or absorbed through skin. Avoid breathing vapors -or- spray mist. Avoid contact with -or- getting in eyes, on skin or clothing. In case of contact, immediately flush -or- rinse eyes and skin with plenty of water. Get medical attention if irritation persists. Do not use in commercial food processing, storage, preparation or serving area. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Cover exposed food. -or- In the home, cover all food, food processing surfaces and utensils before spraying, or wash thoroughly before use.

Remove pets, birds and cover fish aquariums before spraying.

For Medical Emergency Call: 800-338-6167.

ENVIRONMENTAL HAZARDS

This pesticide -or- product is toxic -or- poisonous to fish. Do not spray directly on water. Keep out of lakes, ponds or streams. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting -or- can to burst.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry area inaccessible to -or- out of reach of children and pets, and away from heat or open flame.

Disposal: This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label -or- through use. (DO NOT PUNCTURE!) If recycling is not available, wrap the container in paper and discard -or- put in the trash.

-or-

Disposal: Empty the can by using the product according to the label (DO NOT PUNCTURE). Some recycling centers accept these steel containers. Otherwise, wrap container and discard in trash.

Contains no CFCs or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.
