UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

SEP 2 7 2001

Clearon Corporation 2115 Linwood Avenue Fort Lee, NJ 07024

Attention: Robert Rosenwasser

Manager, Regulatory Affairs

Subject:

CDB 63 Dry Chlorinated Compound Coarse

EPA Registration Number 69470-2 Your Amendment Dated July 26, 2001

This is in response to your amendment on the above product to update the First Aid Statements in compliance with PR Notice 2001-1, add a non-pesticidal use statement to the Directions for Use and to update your Confidential Statement of Formula to change the company address.

Your Confidential Statement of Formula Dated July 26, 2001 to change the company address on your CSF is acceptable.

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide. and Rodenticide Act, as amended, is acceptable provided that you make the labeling change listed below before you release the product for shipment bearing the amended label.

Under the "Directions for Use" section, delete the last sentence "This product may be used by manufacturers of non-pesticidal products provided no pesticidal claim is made".

A stamped copy is enclosed for your records. Submit one copy of the final printed label before you release the product for shipment bearing the amended label.

If you have any questions regarding this letter, please contact Delores Williams at (703) 308-6372.

Sincerely.

Robert S. Brennis Product Manager 32

Regulatory Management Branch II Antimicrobials Division (7510C)

CLEARON CORP. 95 MacCORKLE AVENUE, SW **SOUTH CHARLESTON, WV 25303-1411** ACCEPTED

ЕРА REG. NO. 69470-2 СПИНЕТОВ EPA EST. NO. 69470-WW

CHEMICAL HAZARDS. DANGER: Strong oxidizing agent. Use only clean dry utensils. Mix only into water. Contamination with moisture, dirt. organic matter or other chemicals (including other pool chemicals) or any other foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of fire and explosion. Avoid any contact with flaming or burning material such as a lighted cigarette. Do not use this product in any chlorinating device which has been used with any inorganic or unstabilized chlorinating compounds (e.g., calcium hypochlorite). Such use may cause fire or explosion.

ENVIRONMENTAL HAZARD: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into takes, ponds, streams, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

EMERGENCY HANDLING: In case of contamination or decomposition do not reseal container. If possible, isolate container in open well-ventilated area. Flood with large volumes of water. Dispose of contaminated material in an approved landfill area.

STORAGE AND DISPOSAL: Keep product dry in tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. Do not reuse empty container, Rinse empty container thoroughly with water to dissolve all material before discarding. Discard in trash.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with Its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

For formulation into end-use products intended for disinfectants, sanitizers, fungicides, bactericides and algaecides for pools, spas, hot tubs, industrial recirculating water cooling towers, air washers and evaporative condensers, sewage treatment, food contact surfaces, laundry and egg sanitizing.

Formulators using this product are responsible for obtaining EPA registration of their formulated products.
