Subject: Label Amendment – Minor Changes to Satisfy Changes Requested by California DPR
Product Name: Yellow Algae Remover
EPA Registration Number: 69470-31
Application Date: May 30, 2017
Decision Number: 530839

Dear Ms. Ivey:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

EPA Reg. No. 69470-31
Decision No. 530839

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Killian Swift by phone at 703-308-6346, or via email at Swift.Killian@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Wanda J. Fuller". The signature is written in a cursive style with a large initial "W" and a stylized "J".

Yellow Algae Remover®

[FOR FAST TREATMENT OF YELLOW AND MUSTARD ALGAE IN SWIMMING POOLS.]
[DISSOLVES QUICKLY.]
[LEAVES NO RESIDUE.]
[MAY BE USED IN ALL TYPES OF POOLS.]

ACTIVE INGREDIENT: Sodium Bromide 99%
OTHER INGREDIENTS: 1%
TOTAL: 100%

KEEP OUT OF REACH OF CHILDREN
CAUTION

Table with 2 columns: Condition (e.g., If swallowed, If on skin or clothing) and First Aid instructions. Includes a section for emergency contact information and a note to physician.

See [back] [side] panel[s] for additional precautionary statements [and first aid].

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION
HARMFUL IF SWALLOWED
HARMFUL IF ABSORBED THROUGH SKIN

Avoid breathing dust. Avoid contact with eyes, skin, or clothing. Do not smoke, drink, or eat when handling. Keep container tightly closed when not in use. Do not ship with foods, feed, drugs, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

{for end-use products packaged in container sizes less than 50 pounds.}

[ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms.]

{for end-use products packaged in container sizes greater than or equal to 50 pounds.}

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms. Do not contaminate water by cleaning of equipment or disposal of waste. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

Avoid contact with oxidizing agents other than as described in the directions for use. Do not directly mix this product with any other chlorinated product or other oxidizing agent.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read the entire label and use strictly in accordance with precautionary statements and directions. This product is a granular formula that helps clear away slimy, yellow and mustard algae in swimming pools. When used as directed, this product clears water quickly and can be used in any type of swimming pool. Swimming may be resumed several hours after treatment.

[IMMEDIATE TREATMENT:

To remove visible yellow or mustard algae: (All dosages are for 10,000 gallons [37.8 kL] of water). Brush walls and floor areas affected by yellow algae accumulations. Apply 4 oz. [113.4 g] of this product as close to the affected areas as possible. For severe accumulations, double the above dosage. After algae treatment is applied, the pool should be shocked to oxidize contaminants and inorganic by-products of the pool sanitization process . An appropriate shock product must be used following the directions of that product's label. Swimming may be resumed several hours after treatment.]

[WEEKLY MAINTENANCE TREATMENT:

To prevent accumulation of yellow algae: (All dosages are for 10,000 gallons [37.8 kL] of water). With water temperature over 80°F, add 4 oz.[113.4 g] of this product followed by 1 gallon [3.785 L] of liquid chlorine or 1 pound [453.6 g] of dry chlorine once a week. With a water temperature under 80°F, add 2 oz. [56.7 g] of this product weekly followed by ½ gallon [1.89 L] of liquid chlorine or ½ pound [226.8 g] of dry chlorine.]

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE:

Store in a cool, dry, well-ventilated area, in well-closed original containers, away from energy sources, acids, bases, and heavy metal salts.

PESTICIDE DISPOSAL:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING:

Completely empty [bag] [bucket] [pail] [canister] [bottle] [liner] into pool. Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available.

SPILLS

When handling or dealing with spills, use goggles with side shields or face shield, protective clothing, including chemical-resistant gloves and boots; use a dust respirator if dusting occurs. Sweep up dry spills and dispose of as described for

pesticide disposal. If contents are contaminated or decomposing, do not reseal container; isolate unsealed container in the open or in a well-ventilated area; flood with large volumes of water if necessary.

[WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with label directions under normal conditions of use, but to the extent consistent with applicable law, neither this warranty nor any other warranty of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such use.]
