CONCENTRATE
For Exterior Use
1 Gallon (3.78L)

ZINSSER XENOR

Z780101-1008-10118 62010

JOMAX is a concentrate consisting of an ethylene glycol antifreeze. It contains sodium hypochlorite. Contains bleach and water without scrubbing on the following exterior painted, non-porous surfaces: aluminum, vinyl, plastic, brick, concrete, masonry, concrete block, masonry, and painted concrete or masonry. **JOMAX** is not recommended for indoor use.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

PREPARATION: Mix for use according to the desired quantity of cleaning solution.

WATER	BLEACH	JOMAX	CLEANING SOLUTION
3 1/4 quarts	2 1/4 cups	3/4 cups	1 gallon
6 1/2 quarts	4 1/2 cups	1 1/2 cups	2 gallons
4 gallons	3 quarts	1 quart	5 gallons

1. Pour water into a plastic pail.
2. Add EPA registered household bleach to tank-type garden sprayer.
3. Shake **JOMAX** concentrate thoroughly.
4. Add **JOMAX** then stir solution thoroughly.

APPLICATION: Test a small area before using. Apply with a tank-type garden sprayer. Heavy mildew stains may need a second application. Test surfaces may require light scrubbing. Spray sensitive plants with water before and after **JOMAX** application. Do not spray on plants, flowers or trees. Clean garden hoses and spray equipment with water before use. Clean sprayer with water and baking soda or a non-ammonia cleanser.

PRECAUTIONS: Wear protective eyewear. Avoid contact with eyes. Avoid contact with skin. Do not get in eyes. Avoid contact with clothes. Avoid contact with electrical wiring. Avoid contact with contact fabrics. Mixture may be applied in area adjacent to plants, shrubs and trees. Do not allow solution to dry on surfaces. Rinse surfaces with water immediately after use.

PREPARATION: Before use, read and understand the entire label. Always use protective eyewear. Avoid contact with eyes. Avoid contact with skin. Do not get in eyes. Avoid contact with clothes. Avoid contact with electrical wiring. Avoid contact with contact fabrics. Mixture may be applied in area adjacent to plants, shrubs and trees. Do not allow solution to dry on surfaces. Rinse surfaces with water immediately after use.

IF GETTING IN EYES: Hold eye open and flush slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF GETTING ON SKIN: Wash skin immediately with water. Remove contaminated clothes. Rinse thoroughly. Call a poison control center or doctor for treatment advice.

IF GETTING IN MOUTH: Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to someone who is unconscious or is vomiting. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice. If person is breathing, have person stay at a place of rest if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to someone who is unconscious or is vomiting. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: May cause drowsiness and loss of consciousness. Call a poison control center or doctor for treatment advice. If person is unconscious, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

IF CONTACTED WITH CLOTHING: Remove contaminated clothing and shoes. Wash thoroughly with soap and water before re-dressing. Wash again if contact with other clothing occurs. If contact with other clothing occurs, wash again. Wash thoroughly with soap and water before handling and before wearing. Do not reuse clothing contaminated with this product. Do not discard clothing contaminated with this product into the same container as the concentrate, or other public waters unless in accordance with the requirements of a state or local health official.
