Subject: Jomax House Cleaner and Mildew Killer
EPA Registration Number 69587-1
Application Date: April 3, 2013

Dear Mr. Varner:

The Agency has reviewed your submission in accordance with continuing registration under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA), as amended, and determined the action to be acceptable.

In summary, your request to create a "Master Label" to facilitate your amended label is acceptable. The alternate brand name "Jomax Mold and Mildew Remover Concentrate" has been added and the words Master Label have been moved from page 2 to the top of page 1 and framed by braces to indicate information not on final printed label. A copy of your accepted revised label is enclosed. Please provide a finished copy of your revised label for our files.

If you have any questions, please contact Tom Luminello by telephone, (703) 308-8075, or by e-mail at luminello.tom@epa.gov.

Sincerely,

Jacqueline Hardy

ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic organisms. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.
