Subject: Notification per PRN 98-10 – add optional marketing statements
Product Name: Clor or 3 Month Algaecide
EPA Registration Number: 69681-21
Application Date: 12/21/2020
Action Case Number: 00216806

Dear Ms. Eldem:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Assurance.

If you have any questions, you may contact Jousett Service at 703-308-6416 or via email at Service.Jousett@epa.gov.

Sincerely,

A handwritten signature in cursive script that reads "Stacey Grigsby".

NOTIFICATION

69681-21

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

04072021

ACTIVE INGREDIENT:

Copper Sulphate Pentahydrate* 11.8%

INERT INGREDIENTS 88.2%

TOTAL 100.0%

(*Copper as elemental 3.0%)

KEEP OUT OF REACH OF CHILDREN

CAUTION

SEE [SIDE] [BACK] PANEL FOR ADDITIONAL PRECAUTIONARY AND FIRST AID STATEMENT

NET CONTENTS:

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

DOSAGE RATES:

EVERY THREE MONTHS: add 16 fl. oz. of this product per 10,000 gallons pool water (or 500 mL per 40,000 L) will prevent algae growth in all pool types.

SEVERE ALGAE TREATMENT: add 32 fl. oz. of this product per 10,000 gallons pool water (or 1 Liter per 40,000 L).

GENERAL DIRECTIONS:

1. Maintain pool water in the pH range 7.2 to 7.8. Total Alkalinity range 80 ppm to 120 ppm. Adjust pH to 7.2 for severe algae.
2. Ensure that filtration system is working properly and that filtration cycle is adequate.
3. Brush pool regularly.
4. Calculate the volume of this product required for your pool.
5. Add the product directly to deep end of the pool and preferably in front of a water return. Dilute in a bucket of pool water when adding to pools with plaster finishes.

This product must be used along with adequate levels of an EPA registered sanitizer (e.g. chlorine) to control bacteria.

PRECAUTIONARY STATEMENTS. HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

CAUTION. Harmful if swallowed. Avoid contact with eyes, skin or clothing. In case of contact immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. Wash thoroughly with soap and water after handling before eating, drinking, chewing gum, or using tobacco. Remove contaminated clothing and wash clothing before reuse.

FIRST AID: Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If Swallowed : Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person. Do not induce vomiting unless told to do so by the poison control center or doctor.

If on Skin or Clothing : Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor immediately for treatment advice.

If in Eyes : Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If Inhaled : Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice

ENVIRONMENT HAZARDS: This product is toxic to fish. Treated effluent should not be discharged in lakes, ponds or public water.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage and disposal.

Storage: Store in original, tightly closed container in a cool, dry place out of reach of children. Do not store in direct sunlight.

Disposal:

If empty: Nonrefillable. Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTE: Buyer assumes all responsibility for safety and use not in accordance with directions.
