EPA Req.

Number:

Date of Issuance:

69681-30

OCT 3 0 2009

Term of Issuance:

Conditional

Name of Pesticide Product:

CLOR MOR SPA ESSENCE TABS

Registration

Reregistration

NOTICE OF PESTICIDE:

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

AllChem Performance Products LP 416 S. Main Street Corsicana, TX 75110

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide. Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product (OPP Decision No. D-419278) is registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
- 2. Make the labeling changes listed below before you release the product for shipment:
 - a. Revise the "EPA File Symbol to read, "EPA Reg. No. 69681-30".

Signature of Approving Official:

Date:

Under the Federal Instantiale,
Fungicide, and Rodentialile/Actas
amended for the pesticitile,
registered under EPA Regrillo. 69681–30

DANGER KEEP OUT OF REACH OF CHILDREN ISEE SIDE/BACK PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS!

PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS.

DANGER. Corrosive. Causes irreversible eye damage. Wear protective eyewear such as safety glasses, face shield or goggles. Harmful if swallowed, inhaled or absorbed through the skin. Do not get in eyes, on skin or on clothing. Avoid contact with skin. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the restroom. Remove and wash contaminated clothing before reuse.

(Environmental Hazard statement for end-use products in containers less than 5 gallons (figuid) or less than 50 pounds (solid)

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms.

{Environmental Hazard statement for end-use products in containers greater than 5 gallons (liquid) or greater than 50 pounds (solid)

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water board or Regional Office of EPA.

PHYSICAL AND CHEMICAL HAZARDS. STRONG OXIDIZING AGENT. Mix only with water. Use only clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible isolate each container in open air or well-ventilated area. Flood with large volumes of water if necessary.

FIRST AID

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

IF IN EYES - Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN OR CLOTHING - Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF INHALED - Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a Poison Control Center or doctor for treatment advice.

IF SWALLOWED - Call Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN - Probable mucosal damage may contraindicate the use of gastric lavage.

Clor Mor Spa Essence Tabs - 17 AUG 09

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Keep product dry in tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container, if possible, and flood with large amounts of water to dissolve material before discarding. **DISPOSAL:**

If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

FOR ROUTINE MAINTENANCE OF SPAS AND HOT TUBS TO CONTROL BACTERIA AND ALGAE:

1. Before using spa or hot tub, test water, pH, chlorine residual and alkalinity using a reliable test kit. Adjust pH to between 7.2 - 7.6.

2. With the pump on, and using the table below as a guide, add sufficient tablets to establish a residual of 3 – 5 ppm chlorine as determined by the test kit. Do not enter the water until the chlorine level drops to 5 ppm or less. Re-entry into treated spas is prohibited above levels of 5ppm due to risk of bodily harm.

Before using the spa, bathers should shower in order to avoid adding soap, lotions, or oils from the body into the water. Avoid overloading the spa.

Depending on how heavily the spa is used, it may be necessary to super chlorinate the water as frequently as after each use or as infrequently as once per week, in a moderately used spa.

1. Using the table as a guide, superchlorinate water to 6.0 - 8.0 ppm chlorine residual by adding additional tablets to the spa or hot tub.

2. Do not allow bathers to enter the spa [or hot tub] until the chlorine residual falls to 3.0 to 5.0 ppm. Re-entry into treated spas is prohibited above levels of 5ppm due to risk of bodily harm.

3. If spa or hot tub water does not clear after superchlorination treatment, drain, clean and refill with fresh water.
