### CHLORINE LIQUEFIED GAS UNDER PRESSURE NON-FLAMMABLE

Zaf 4

For use as a disinfectant and algaecide in residential pools, decorative lakes, fountains & ponds by trained service persons under the direct supervision and employment of the owner of the registration. The registrant is solely responsible for the safety of the servicing equipment used with this pesticide and for the repackaging of the gas from large containers into portable cylinders. This registration is not transferable. Each repackager must obtain his own EPA Registration Number for this pesticide for this use and his own EPA Establishment Number from the U.S. Environmental Protection Agency.

ACTIVE INGREDIENT Chlorine INERT INGREDIENTS TOTAL				0.50%

. (1) (1) (1)

STATEMENT OF PRACTICAL TREATMENT (FIRST AID): In case of inhalation exposure remove patient to fresh air. It may be necessary to remove clothing. Keep warm by covering with a blanket and keep quiet. Call a physician. If breathing has ceased administer artifical respiration. In case of contact with eyes or skin thoroughly rinse area with water for about 20 minutes. Call a physician if in eyes. If skin irritation presists, contact a physician or hospital

> PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

.

Corrosive to eyes, skin and mucous membranes in presence of moisture. May be fatal if inhaled. Do not get in eyes on skin or clothing.

## ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms. Do not contaminate water by cleaning of equipment or disposal of wastes Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless, in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) Permit and the permitting authority has been notified in writing prior to discharge. For guidance contact your State Board or Regional Office of the EPA

#### CHEMICAL & PHYSICAL HAZARDS

Chlorine is a non-flammable gas liquefied under pressure. Do not drop container. Keep away from intense heat and open sunlight. Corrosive to most metals in the presence of moisture

# DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with the labeling. Have available gas masks approved by the US Bureau of mines or the National Institute of Occupational Safety and Health. Handle and use only in accordance with Practices recommended in the Chlorine Manual published by the Chlorine Institute, Inc. Use only in well ventilated areas. Only specially designed dispensing equipment should be used, in accordance with manufacturer's instructions and with the Chlorine Institute's recommendations. Dosages of residual chlorine levels which should be maintained for any specific site of application must be consistent with state and municipal recommendations.

#### STORAGE AND DISPOSAL

Ĵ

Cylinders should be stored in a dry area away from sources of heat and protected from direct sunlight and percipitation. Cylinders must not be stored where they will be exposed to temperatures warmer than 54.5°C (130°F). They should be segregated from other compressed gases and never stored near hydrocarbons, finely divided metals, turpentine, ether, anhydrous ammonia or other flammable materials. All cylinders must have a weather resistant label attached near the outlet valve and must not be accessible to the public. Empty cylinders to be returned should be identified with a DOT tag or label and shipped in accordance with practices of the supplier and the Chlorine Institute. All valves must be closed tight and closures or caps secured. If container is damaged, or if the contents are leaking, notify DFW POOL SERVICE, immediately at (817) 379-6011. It is illegal to ship a leaking chlorine container. Return empty cylinder and valve protected head for reconditioning.

Do not contaminate water, food or feed by storage or disposal of this product Aqueous wastes resulting from the use of this product may be disposed of on site or at an approved waste facility. Pesticide wastes are acutely hazardous, improper dis-posal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed by use in accordance with product labeling, contact your state pesticide or Environmental Control Agency or the Hazardous Waste representative of the EPA Regional Office for guidance, ه و و د د د د
