Nature's Glory Weed & Grass Killer

For Non-Selective Control of Herbaceous Broadleaf and Grass Weeds in Non-Cropland, Right-of-Way, and Industrial Land Sites.

ACTIVE INGREDIENT	
Acetic Acid:Ethanoic Acid [C ₂ H ₄ O ₂]	25%
INERT INGREDIENTS	75%
TOTAL	100%

**KEEP OUT OF REACH OF CHILDREN
DANGER-PELIGRO**

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

FIRST AID	
If in eyes	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for advice.
If swallowed	<ul style="list-style-type: none"> Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by poison control center or doctor. Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

	<ul style="list-style-type: none"> Call a poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none"> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.	
I have the product container or label with you when calling a poison control center or doctor, or going for treatment. Questions? 1-519-669-8599	

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER**

Corrosive, causes irreversible eye damage. Harmful if absorbed through skin. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear protective eyewear such as goggles or face shield when handling. Wash thoroughly with soap & water after handling and before eating, drinking, chewing gum or using tobacco.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters. Do not apply to roosting or nesting birds, or during flowering when bees are actively foraging.

EPA REG. NO.69836-1 EPA EST. NO. 73793-CAN-0001

Packed for: Ecoval International, Inc.
293 Church Street Oakville Ontario Canada L6J 1N9

Net Contents: 5 gal. (18.92 liters)

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

STORAGE: Keep from freezing. Store only in original tightly sealed container and out of reach of children.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

U.S. Patent No. 5,573,997

CONDITIONS OF SALE

The label instructions for the use of this product reflect the opinion of experts based on research and field use. The directions are believed to be reliable and may be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffective or other unintended consequences may result because of such factors as weather conditions, presence of other materials, herbicide-resistant weed preparations or the use or application of the product contrary to label instructions, all of which are beyond the control of ECOVAL. ALL SUCH RISKS SHALL BE ASSUMED BY THE USER. ECOVAL Inc. shall not be responsible for losses or damage resulting from the use of this product in any manner not specifically set forth on this label.

ECOVAL warrants only that the material contained herein conforms to the chemical description on the label and is reasonably fit for use thereon described when used in accordance with the directions for use, subject to the risks referred to above. ECOVAL DOES NOT MAKE OR AUTHORIZE ANY AGENT OR REPRESENTATIVE TO MAKE ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, AND EXPRESSLY EXCLUDES AND DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ECOVAL'S EXCLUSIVE REMEDY AND ECOVAL'S EXCLUSIVE LIABILITY SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THIS PRODUCT. In no case shall ECOVAL or the seller be liable for consequential, special or indirect damages resulting from the use of the product. The foregoing is a condition of sale by ECOVAL and is accepted as such by the buyer.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

NATURE'S GLORY WEED & GRASS KILLER is a postemergent foliar active vegetation management product formulated to contain an organic acid. It is non-selective to green foliage and non-residual in soil. NATURE'S GLORY WEED & GRASS KILLER is for the control of herbaceous broadleaf and grassy weeds on non-cropland areas, such as railroad rights-of-way, power stations, industrial sites and driveways; around farm buildings, storage areas and tank farms; and golf courses; and in fence rows and vacant lots.

NATURE'S GLORY WEED & GRASS KILLER is fast acting. Foliar contact results in rapid burndown and control of annual weeds and grasses and top growth reduction of herbaceous perennial weeds and grasses (see tables below). Retreatment is required for control of established perennial weeds.

Do not allow contact with desirable plants. Overspray or drift will injure or kill contacted vegetation.

FOR EARLY SEASON ANNUAL WEED CONTROL: When weeds are small (3 to 5 leaf) and actively growing, mix a spray solution consisting of 1 gallon of NATURE'S GLORY WEED & GRASS KILLER for each 3 gallons of water. Ensure adequate mixing. Spray unwanted vegetation to point of wetness.

SPOT TREATMENT APPLICATION: Use a single nozzle or a handgun applicator to direct spray and thoroughly wet undesirable foliage. Retreatment of perennial weed growth will be required for control.

BROADCAST APPLICATION: Use Nature's Glory Weed & Grass Killer for broad cast application at the rate of 75 gallons to 125 gallons/acre. Thorough coverage is necessary to achieve desirable control. For dense populations and heavy foliage, use the higher spray volume to insure adequate coverage. Apply with flat fan nozzles and sufficient pressure to achieve required coverage.

FOR CONTROL OF LARGER ANNUALS AND BURNDOWN OF PERENNIAL WEED GROWTH: Mix a spray solution consisting of 1 gallon of product to each 2.25 gallons of water. Use an application system and solution volume that will ensure thorough coverage of unwanted vegetation. Best results with these larger weeds will be achieved by spot treatment.

Best results are achieved from spring/early summer applications to actively growing young weeds. Weeds that are mature, dormant, or hardened due to moisture stress are more tolerant of herbicide treatments. Only contacted vegetation will be affected. Rainfast within one hour of application.

Avoid application to reactive metals such as aluminum, tin, iron, or items such as fencing or lawn furniture in order to prevent staining, mottling, or otherwise interfering with finished metal surfaces. In case of contact, rinse sprayed surface with water.

DO NOT APPLY THIS PRODUCT THROUGH ANY TYPE OF IRRIGATION SYSTEM.

TYPICAL WEEDS CONTROLLED

ANNUAL BROADLEAF WEEDS	ANNUAL GRASSES
Black medic	Crabgrass

Chickweed	Foxtail Spp.
Cinquefoil (rough)	
Cocklebur	
Crotalaria	
Curled dock	
Fleabane spp.	
Ivy Leaf Morning Glory	
Lamb's-quarters	
Mustard spp.	
Oxalis spp.	
Pigweed spp.	
Ragweed spp.	
Sicklepod	
Velvetleaf	
PERENNIAL BROADLEAF WEEDS	PERENNIAL GRASSES
Cinquefoil (silvery)	Bluegrass
Clover spp.	Quack grass
Dandelion	
Plantain spp.	OTHER
Toadflax	Algae
Tufted vetch	Liverwort
Wild carrot	Moss
