Mr. Julius C. Prinzo
 Consultant for Ecoval Technologies
 6678 Springdale Drive
 Middleburg Heights, OH 44130

Dear Mr. Prinzo:

Subject: Label Amendment
 Nature's Glory Weed & Grass Killer-RTU
 EPA Registration No. 69836-2
 Your Submission dated September 4, 1998

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended is acceptable, a stamped copy of the label is enclosed. This label replaces the label submitted July 15, 1998. Five copies of finished labeling must be submitted prior to releasing the product for shipment.

Please note that the claims preceded with the word "New" are allowed to be incorporated on new labeling produced for period not to exceed six months following approval.

If you have any questions, please contact Dr. Sheila A. Moats at (703) 305-6701.

Sincerely yours,

Janet L. Andersen

CONDITIONS OF SALE

The label instructions for the use of this product reflect the opinion of experts based on research and field use. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, herbicide-resistant weed preparations or the use or application of the product contrary to label instructions, all of which are beyond the control of ECOVAL Technologies, Inc. ALL SUCH RISKS WILL BE ASSUMED BY THE USER. ECOVAL Technologies, Inc. shall not be responsible for losses or damages resulting from the use of this product in any manner not set forth on this label. User assumes all risks associated with the use of this product in any manner not specifically set forth on this label.

ECOVAL Technologies, Inc. warrants only that the material contained herein conforms to the chemical description on the label and is reasonably fit for the use therein described when used in accordance with the directions for use, subject to the risks referred to above. ECOVAL DOES NOT MAKE OR AUTHORIZE ANY AGENT OR REPRESENTATIVE TO MAKE ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, AND EXPRESSLY EXCLUDES AND DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ECOVAL'S EXCLUSIVE REMEDY AND ECOVAL'S EXCLUSIVE LIABILITY SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THIS PRODUCT. In no case shall ECOVAL or the seller be liable for consequential, special, or indirect damages resulting from use of the product. The foregoing is a condition of sale by ECOVAL Technologies, Inc. and is accepted as such by the buyer.

KEEP OUT OF REACH OF CHILDREN
WARNING

STATEMENT OF PRACTICAL TREATMENT

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

- IF IN EYES:** Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention.
- IF SWALLOWED:** Call a doctor or get medical attention. Do not induce vomiting. Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol.
- IF ON SKIN:** Wash with plenty of soap and water. Get medical attention if irritation persists.
- NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND ANIMALS

WARNING: Causes eye irritation. Wear safety glasses when applying. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. In case of contact, immediately flush eyes with plenty of water. Get medical attention if irritation persists. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of equipment wash waters.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Nature's Glory™ Weed & Grass Killer-Ready to Use is a foliar active weed control product which contains vinegar as the active ingredient and extracts from lemon juice as one of the inerts. It is non-selective to both broadleaf and grassy weeds and is recommended for non-food areas such as borders, driveways, sidewalks, around mature tree bases, around buildings, in fence rows, in greenhouses, and around flower beds.

Nature's Glory™ Weed & Grass Killer-Ready to Use is fast acting. Foliar contact results in rapid desiccation and control of annual weeds and grasses, and top growth reduction of herbaceous perennial weeds and grasses (see Tables on pg. 5). Re-treatment is required for control of established perennial weeds.

2

FOR EARLY SEASON ANNUAL WEED CONTROL: When weeds are small (3 to 5 leaf) and actively growing, apply Nature's Glory™ Weed & Grass Killer-Ready to Use to the foliage of the weeds, making sure that all of the foliage is wet. Thorough coverage is necessary to achieve desirable control.

Nature's Glory™ Weed & Grass Killer-Ready to Use is fast acting. It can be applied up to one hour before rainfall and still be effective. If it rains less than one hour after treatment, determine if the treated leaves are showing symptoms. If symptoms are not obvious, wait until the leaves dry and re-treat.

FOR CONTROL OF LARGER ANNUALS AND BURNDOWN OF PERENNIAL WEED GROWTH: Larger annual weeds and perennials are more difficult to control and may require re-treatment. Treat initially as recommended above and repeat if new growth of leaves appear. Thorough coverage of all green foliage is necessary to achieve desirable control.

Best results are achieved from spring/early summer applications to actively growing young weeds. Weeds that are mature, dormant, or hardened due to moisture stress are more tolerant of herbicide treatments. Only contacted vegetation will be affected. Rainfall within one hour of application will reduce degree of control.

Avoid application to reactive metals such as aluminum, tin, iron, or items such as fencing or lawn furniture in order to prevent staining, mottling, or otherwise interfering with finished metal surfaces.
