EPA Reg. No. 69836-2

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND ANIMALS**

**WARNING:** Causes eye irritation. Wear safety glasses when applying. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. In case of contact, immediately flush eyes with plenty of water. Get medical attention if irritation persists. Wash thoroughly with soap and water after handling.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of equipment wash waters.

**DIRECTIONS FOR USE**

**IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.**

Nature's Glory™ Weed & Grass Killer-Ready to Use is a foliar active weed control product which contains vinegar as the active ingredient and extracts from lemon juice as one of the inert. It is non-selective to both broadleaf and grassy weeds and is recommended for non-food areas such as borders, driveways, sidewalks, around mature tree bases, around buildings, in fence rows, in greenhouses, and around flower beds.

Nature's Glory™ Weed & Grass Killer-Ready to Use is fast acting. Foliar contact results in rapid desiccation and control of annual weeds and grasses, and top growth reduction of herbaceous perennial weeds and grasses (see Tables on pg. 5). Re-treatment is required for control of established perennial weeds.

2

**FOR EARLY SEASON ANNUAL WEED CONTROL:** When weeds are small (3 to 5 leaf) and actively growing, apply Nature's Glory™ Weed & Grass Killer-Ready to Use to the foliage of the weeds, making sure that all of the foliage is wet. Thorough coverage is necessary to achieve desirable control.

Nature's Glory™ Weed & Grass Killer-Ready to Use is fast acting. It can be applied up to one hour before rainfall and still be effective. If it rains less than one hour after treatment, determine if the treated leaves are showing symptoms. If symptoms are not obvious, wait until the leaves dry and re-treat.

**FOR CONTROL OF LARGER ANNUALS AND BURNDOWN OF PERENNIAL WEED GROWTH:** Larger annual weeds and perennials are more difficult to control and may require re-treatment. Treat initially as recommended above and repeat if new growth of leaves appear. Thorough coverage of all green foliage is necessary to achieve desirable control.

Best results are achieved from spring/early summer applications to actively growing young weeds. Weeds that are mature, dormant, or hardened due to moisture stress are more tolerant of herbicide treatments. Only contacted vegetation will be affected. Rainfall within one hour of application will reduce degree of control.

Avoid application to reactive metals such as aluminum, tin, iron, or items such as fencing or lawn furniture in order to prevent staining, mottling, or otherwise interfering with finished metal surfaces.

THIS PANEL GLUES  
TO BACK LABEL

### TYPICAL WEEDS CONTROLLED

#### ANNUAL BROADLEAF WEEDS

Black medic  
 Chickweed  
 Cinquefoil (rough)  
 Lamb's quarters  
 Mustard spp  
 Orach spp  
 Pigweed spp  
 Ragweed spp

#### ANNUAL GRASSES

Crab grass  
 Foxtail spp

#### PERENNIAL BROADLEAF WEEDS

Cinquefoil (silvery)  
 Dandelion  
 Plantain spp  
 Toadflax  
 Tufted vetch  
 Wild carrot

#### PERENNIAL GRASSES

Bluegrass  
 Quack grass

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Keep from freezing. Store only in original tightly sealed container and out of reach of children.

**PESTICIDE DISPOSAL:** Securely wrap original container in several layers of newspaper and discard in trash.

**CONTAINER DISPOSAL:** Do not reuse container (bottle). Rinse thoroughly before discarding in trash.

### CONDITIONS OF SALE

The label instructions for the use of this product reflect the opinion of experts based on research and field use. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffective or other unintended consequences may result because of such factors as weather conditions, presence of other materials, herbicide-resistant weed preparations or the use or application of the product contrary to label instructions, all of which are beyond the control of ECOVAL Technologies, Inc. ALL SUCH RISKS WILL BE ASSUMED BY THE USER. ECOVAL Technologies, Inc. shall not be responsible for losses or damages resulting from the use of this product in any manner not set forth on this label. User assumes all risks associated with the use of this product in any manner not specifically set forth on this label.

ECOVAL Technologies, Inc. warrants only that the material contained herein conforms to the chemical description on the label and is reasonably fit for the use thereon described when used in accordance with the directions for use, subject to the risks referred to above. ECOVAL DOES NOT MAKE OR AUTHORIZE ANY AGENT OR REPRESENTATIVE TO MAKE ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, AND EXPRESSLY EXCLUDES AND DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ECOVAL'S EXCLUSIVE REMEDY AND ECOVAL'S EXCLUSIVE LIABILITY SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THIS PRODUCT. In no case shall ECOVAL or the seller be liable for consequential, special, or indirect damages resulting from use of the product. The foregoing is a condition of sale by ECOVAL Technologies, Inc. and is accepted as such by the buyer.
