DRAFT LABEL

Flight Control™

FOR GEESE REPELLENCY

ACTIVE INGREDIENT

9,10 anthraquinone.....50%

OTHER INGREDIENTS.....50%
Total 100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or poison control center. Drink one or two glasses of water and induce vomiting by touching back of throat. If person is unconscious, do not give anything by mouth and do not induce vomiting.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

IF IN EYES: Flush with plenty of water. Call a physician if irritation persists.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. Get medical attention.

See side panel for additional precautionary statements.

ACCEPTED
12/16/98
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 69969-1

MANUFACTURED BY:
ENVIRONMENTAL BIOCONTROL INTL.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Harmful if inhaled. Avoid breathing vapor or spray mist. Remove contaminated clothing and wash clothing before reuse. Causes moderate eye irritation. Avoid contact with eyes or clothing.

ENVIRONMENTAL HAZARDS:

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact you State Water Board or Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this product only as specified on this label.

CONDITIONS OF SALE AND WARRANTY: Environmental Biocontrol Intl., a Division of DCV, Inc., warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use. Since timing, method of application, weather and ground conditions, mixture with other chemicals, and other factors affecting the use of this product are beyond our control, no warranty is given concerning the use of this product contrary to label directions, or under conditions which are abnormal or not reasonably foreseeable. DCV, INC. MAKES NO OTHER WARRANTIES EITHER EXPRESS OR IMPLIED WARRANTIES INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE. Handling, storage and use of the product by Buyer or User are beyond the control of DCV, Inc. and Seller. Risks such as ineffectiveness or other directions will be assumed by the Buyer or User. IN NO CASE WILL DCV, INC. OR SELLER BE HELD LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE HANDLING, STORAGE OR USE OF THIS PRODUCT, NOR HELD RESPONSIBLE FOR INJURY OR LOSS AS A RESULT OF THE HANDLING OR USE OF THIS PRODUCT.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: This product may be used to repel geese, including Canada geese.

For Professional Application to Lawns.

- Repels geese from terrestrial areas at or near airports.
- Repels geese from grassy areas at commercial sites, industrial sites, municipal sites or in developed urban areas.
- Repels geese from golf courses, ornamental nurseries and conifer nurseries.
- Repels geese from landfills and dumpsites.
- Repels geese from building roofs, window sills and ledges.

To prevent contamination of the dilute solution of Flight Control™ by other chemical residues, be sure that the equipment is thoroughly clean before use or use dedicated equipment.

This product must be applied using properly calibrated and maintained spray equipment. Do not apply when surface to be treated is wet or when rain is expected. **For Best results, product should dry on turf grass surface prior to rainfall.** Mowing treated areas will remove product and reduce product effectiveness.

For sale to and application by professional applicators only. Do not apply this product in a way that will contact workers or other persons, either directly or through drift.

MIXING DIRECTIONS: Thoroughly shake or stir Flight Control™ prior to diluting with water.

APPLICATION DIRECTIONS:

When geese have been determined to be a nuisance, Flight Control™ should be applied according to the following rates to the grassy, turf, forage or structural areas where geese are expected to feed/roost. To determine if the geese are a nuisance, a visual inspection (bird count) should be conducted by responsible officials/parties before application.

Grassy or Turf Areas, Landfills, Dumpsites:

- In most cases, dilute 2 quarts of Flight Control™ with 50 gallons of water and apply per acre of grass, turf or land surface. (1.5 oz. Flight Control™ per 1000 sq. feet). You might need to use as much as one gallon diluted in 50 gallons of water per acre for extreme bird pressure. Your supplier will provide individualized assistance on concentrations to be used under existing conditions.
- Spray at weekly intervals or as required by geese activity.

Public, Municipal or Industrial Buildings:

- Apply 3 fluid ounces (0.12 lb. a.i.) of Flight Control™ in 50 gallons of water per 1,000 square feet of building surface (roof, window sills, ledges) area..

Mix with water based on spray equipment specifications and recommendations. Apply using a fine spray pattern to evenly distribute over entire surface to be treated. Allow material to dry before permitting human activity in the treated area. Spray at weekly intervals or as required by geese activity and anticipated seasonal migrations. When applying to turf, cutting of the lawn will reduce amount of repellent available.

STORAGE AND DISPOSAL

STORAGE: Do not allow containers to freeze. After prolonged storage, product may separate. If this occurs, resuspend with agitation.

PROHIBITIONS

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

PESTICIDE DISPOSAL

Pesticide wastes are toxic. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. ENVIRONMENTAL BIOCONTROL INTL. also can be contacted for guidance on the disposal of pesticide wastes.

CONTAINER DISPOSAL (PLASTIC)

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or incinerator or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

GENERAL: CONSULT FEDERAL, STATE OR LOCAL DISPOSAL AUTHORITIES FOR APPROVED ALTERNATIVE PROCEDURES.
