**RE: Notification of Alternate Brand Names and minor change to the label for Neem Oil RTU, EPA Reg. No. 70051-13**  
**Not subject to Pesticide Registration Improvement Act (PRIA) fees**

Dear Ms. Hollis:

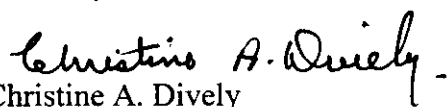

In reviewing our files, it has come to our attention that we do not have documentation that shows the following alternate brand names were submitted to the Agency. Therefore, Certis USA, L.L.C. is respectfully submitting the enclosed Notification (EPA Form 8570-1) for Neem Oil RTU to ensure that these brand names are added to the registration. Please note, these brand names are for products sold by our supplemental distributors.

- 1) Bonide Rose Rx 3-in-1
- 2) Rose Defense Ready-to-Use
- 3) Tomato and Vegetable Spray Ready-to-Use
- 4) Green Light Plant and Flower Protector
- 5) Gardener's Choice Fruit and Vegetable 3-in-1 Spray Insect Killer
- 6) Gardener's Choice Rose and Flower 3-in-1 Spray
- 7) Garden Safe Fungicide 3

A copy of each product label is also enclosed for your files. In addition, the phrase "Three Garden Products in One" has been added to the label. Two copies of the revised label (one clean copy and one with changes highlighted) are enclosed. Please feel free to contact me if you have

any questions about this submission. I can be reached by telephone at (301)483-3806 or by email at [cdively@certisusa.com](mailto:cdively@certisusa.com).

Sincerely,

  
Christine A. Dively  
Director of Regulatory Affairs

1

Es necesario cubrir completamente las plantas para obtener un buen control. Para evitar la enfermedad de puntos de roya en las hojas, antracnosis y sarna, comience la aplicación tan pronto aparezcan señales de retoños en la primavera. Para evitar la cenecilla polvorienta, aplíquelo a mitad del verano o al detectar por primera vez la enfermedad. Continúe su aplicación hasta que desaparezca la enfermedad. Para prevenir la mancha negra del rosál, comience a aplicarlo tan pronto aparezcan los retoños en la primavera. Para evitar que la enfermedad aparezca, aplíquelo en un programa preventivo de 14 días a lo largo de la primavera y el otoño.

**INSTRUCCIONES PARA APLICACIÓN COMO INSECTICIDA**

El rocío Green Light listo para usarse para tomates y vegetales es un insecticida efectivo para controlar muchos insectos pestíferos incluyendo moscas blancas, chanchitos blancos, gusanos del ejército, orugas verdes, saltahojas, gusanos del saco (*thyridopteryx ephemeraetormis*), moscas minadoras (*liriomyza huidobrensis*), psílidos (*Spondylaspinae*), moscas de la fruta, gusano falso medidor, belloteros (*Heliothis virescens*), escarabajos (incluyendo escarabajos japoneses), áfidos, escamas, gusanos, mosquitos polinizadores (*diptera: ceratopogonidae*), belloteros (*heliothis virescens*), y ácaros (incluyendo ácaros araña). Se le puede usar en todo tipo de rosas, flores, plantas residenciales, árboles y arbustos ornamentales, frutas, nueces y vegetales cultivados en viviendas, sus alrededores y en jardines. Aplíquelo tan pronto aparezcan señales de insectos o ácaros. Este producto es más efectivo para controlar insectos o ácaros cuando se le aplica bajo un programa de 7 a 14 días. Para poblaciones abundantes de insectos, aplíquelo bajo un programa de 7 días. Rocíelo hasta que corra. Es necesario cubrir completamente las plantas para obtener un buen control.

**GARANTÍA**

La compañía Green Light Company garantiza que el material que contiene este recipiente se ajusta a la descripción que aparece en la viñeta y es razonablemente adecuado para los propósitos mencionados en las instrucciones para su uso. La programación y el método de aplicación, el clima, las prácticas de irrigación, la naturaleza del suelo, los problemas con los insectos, la condición de los cultivos, la incompatibilidad con otros químicos no recomendados específicamente y otros factores influyentes sobre el uso de este producto se encuentran fuera del control del vendedor. El comprador asume todos los riesgos por el uso, almacenamiento y manejo de este material que no esté de acuerdo en forma rigurosa con las instrucciones aquí presentadas. NO SE PROPORCIONA NINGUNA OTRA GARANTÍA EXPRESA O IMPLÍCITA DE ADECUACIÓN O COMERCIALIZACIÓN

6

**GENERAL INFORMATION**

**SHAKE WELL BEFORE USING.**

**Multi-purpose fungicide/insecticide/miticide-3 in 1 product.** Kills eggs, larvae, and adult stages of insects. Prevents fungal attack of plant tissues. Not for use in food-handling areas. Thorough plant coverage is essential to obtain optimal levels of control. Do not apply to wilted or otherwise stressed plants, or to newly transplanted material prior to root establishment. As with other pest control products, exercise care in timing applications to early morning/late evening to minimize the potential for leaf burn. Use with care on plants with tender tissue. Check for leaf burn in small-scale trials prior to use.

**FUNGICIDE USE APPLICATION INSTRUCTIONS**

Green Light Tomato & Vegetable Spray RTU is an effective fungicide for the prevention and control of various fungal diseases including blackspot on roses, powdery mildew, downy mildew, anthracnose, rust leaf spot, botrytis, needle rust, scab, and flower, twig and tip blight. May be used on all roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts, and vegetables grown in and around the home and home garden. As a preventative, apply on a 7 to 14 day schedule until the potential for disease development is no longer present. Spray to run off. Complete coverage of all plant tissue is necessary for control. To control disease already present, apply on a 7-day schedule until disease pressure is eliminated. Then continue spraying on 14-day schedule to prevent the disease from recurring. Spray to run off. Complete coverage of all plant tissue is necessary for control. To prevent rust leaf spot diseases, anthracnose, and scab, begin applications at the first sign of spring budding. To prevent powdery mildew, apply in mid-summer or when disease is first detected. Continue applications until disease pressure no longer exists. To prevent blackspot on roses, begin applications at first bud emergence in spring. Apply on a 14-day preventative schedule through the spring and fall to prevent disease emergence.

**INSECTICIDE USE APPLICATION INSTRUCTIONS**

Green Light Tomato & Vegetable Spray RTU is an effective insecticide for the control of various insect pests including whiteflies, mealybugs, armyworms, hornworms, leafhoppers, bagworms, leafminers, psyllids, fruit flies, loopers, budworms, beetles (including Japanese beetles), aphids, scales, caterpillars, midges, budworms, and mites (including spider mites). May be used on all roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts, and vegetables grown in and around the home and home garden. Apply at first sign of insects/mites. This product is most effective in controlling insects/mites when applied on a 7-14 day schedule. For heavy insect populations, apply on a 7-day schedule. Spray to run off. Complete coverage of all plant tissue is necessary for control.

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION**

Harmful if inhaled. Avoid breathing spray mist. Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

**BEE HAZARD**

This product is toxic to bees exposed to direct treatment. Do not apply this product while bees are actively visiting the treatment area.

**FIRST AID**

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Hot Line Number: 1-800-856-7378.

**STORAGE AND DISPOSAL**

**PESTICIDE STORAGE:** Keep in original container. Store away from direct sunlight, feed, or foodstuffs. Keep container tightly sealed when not in use. Keep from freezing. **DISPOSAL INSTRUCTIONS:** If empty: Do not reuse this container. Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

**DIRECTIONS FOR USE**

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

**ALMACENAMIENTO Y DESECHO**

**ALMACENAMIENTO DE PESTICIDAS:** Manténgalos en los recipientes originales. Almacénelos lejos de la luz solar directa, alimentos y utensilios. Al no utilizarlos, mantenga los recipientes firmemente sellados. Evite que se congelen. **INSTRUCCIONES PARA SU DESECHO:** Si está vacío: No vuelva a usar este recipiente. Póngalo en la basura o en la caja para reciclaje, si hay una disponible. Si está parcialmente vacío: Para obtener instrucciones para su desecho, llame a su agencia local para desperdicios sólidos o al 1-800-CLEANUP. Nunca vierta el producto sobrante en drenajes internos ni externos.

**INSTRUCCIONES PARA SU USO**  
EL USAR ESTE PRODUCTO DE UNA MANERA DIFERENTE A LA QUE SE INDICA EN LA VIÑETA ES UNA VIOLACIÓN DE LAS LEYES FEDERALES

**INFORMACIÓN GENERAL**

**AGÍTELO BIEN ANTES DE USARLO.** Producto para propósitos múltiples tres en uno: fungicida, insecticida y exterminador de ácaros. Elimina los huevos, las larvas y los insectos en etapa adulta. Evita los ataques de hongos en la superficie de las plantas. No se le debe usar en áreas en que se manipulan alimentos. Es esencial cubrir completamente las plantas para obtener niveles de control óptimos. No lo use en plantas marchitas o debilitadas de cualquier manera, ni en plantas recientemente transplantadas antes de que sus raíces se hallan fijado. Igual que con otros productos para control de plagas, tenga cuidado de efectuar las aplicaciones temprano por la mañana o al final de las tardes para minimizar la posibilidad de quemar las hojas. Úselo con cuidado en plantas con superficie sensible. Antes de su uso, verifique que no provoca quemadura de las hojas mediante una prueba a pequeña escala.

**INSTRUCCIONES PARA APLICACIÓN COMO FUNGICIDA**

El rocío Green Light listo para usarse para tomates y vegetales es un fungicida efectivo para la prevención y control de muchas enfermedades provocadas por hongos incluyendo mancha negra del rosa (diplocarpon rosae), cenecilla polvoriento (erysiphe chlorescens), mildiú algodonoso (peronospora destructor), antracnosis, roya, ojo de gallo (mycena citricolor), botritis, Melampsora occidentalis, sarra, y tizón en las flores, las ramillas y las puntas. Se le puede usar en todo tipo de rosas, flores, plantas residenciales, árboles y arbustos ornamentales, frutas, nueces y vegetales cultivados en viviendas, sus alrededores y en jardines. Como preventivo, aplíquelo bajo un programa de 7 a 14 días hasta que la posibilidad de desarrollo de la enfermedad desaparezca. Rocíelo hasta que corra. Es necesario cubrir completamente las plantas para obtener un buen control. Para controlar una enfermedad presente, aplíquelo en un programa de 7 días hasta que se elimine la presencia de la enfermedad. Continúe luego rociándolo bajo un programa de 14 días para evitar que regrese la enfermedad. Rocíelo hasta que corra.

5

**WARRANTY**

Green Light Company warrants that the material contained herein conforms to the description on the label and is reasonably fit for the purposes referred to in the directions for use. Timing and method of application, weather, watering practices, nature of soil, the insect problem, condition of the crop, incompatibility with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of the material not in strict accordance with directions given herein. NO OTHER EXPRESS OR IMPLIED WARRANTY OF THE FITNESS OR MERCHANTABILITY IS MADE.

**PRECAUCIONES**

**PELIGRO PARA LAS PERSONAS Y LOS ANIMALES DOMÉSTICOS**

**PRECAUCIÓN:**

Es dañino inhalarlo. Evite respirar el vaho del rocío. Produce irritación moderada en los ojos. Es dañino al absorberlo la piel. Evite el contacto con la piel, los ojos y la ropa. Después de usarlo y antes de comer, beber, masticar chicle o usar tabaco, lávese completamente con agua y jabón. Quítase la ropa contaminada y lávese antes de volver a usarla. El contacto prolongado con la piel o repetido frecuentemente puede provocar reacciones alérgicas en algunas personas.

**PELIGRO PARA EL MEDIO AMBIENTE**

No lo aplique directamente al agua. No contamine el agua al desachar el líquido que se ha usado para enjuagar o lavar el equipo.

**PELIGRO PARA LAS ABEJAS**

Este producto es tóxico para las abejas que lo reciben directamente. No aplique este producto cuando hayan abejas en los árboles a tratar.

**PRIMEROS AUXILIOS**

Si se le inhala: Lleve a la persona al aire fresco. Si la persona no respira, marque en el teléfono el 911 o llame a una ambulancia, luego aplique respiración artificial de boca a boca, si es posible. Llame a un centro para control de venenos o a un médico para obtener más consejos médicos. Si entra en contacto con los ojos: Sostenga abiertos los ojos y enjuáguelos con agua limpia y suavemente durante 15 a 20 minutos. Quítase los lentes de contacto si los usa y, después de 5 minutos, continúe enjuagando los ojos. Llame a un centro para control de venenos o a un médico para obtener consejo médico. Si entra en contacto con la piel o la ropa: Quítase la ropa contaminada. Enjuague inmediatamente la piel con suficiente agua por 15 a 20 minutos. Llame a un centro para control de venenos o a un médico para obtener consejo médico.

Al llamar al centro para control de venenos o a un médico, o al ir a un lugar para obtener tratamiento, tenga a la mano la viñeta o el recipiente del producto. Número de teléfono para información: 1-800-856-7378.

- Apply this product at first sign of insects/mites. This product is most effective in controlling insects/mites when applied on a 7-14 day schedule. For heavy insect populations, apply on a 7-day schedule. Spray to run off. Complete coverage of all plant tissue is necessary for control.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**CAUTION:** Avoid breathing spray mist. Avoid contact with skin, eyes, or clothing. In case of contact, flush eyes or skin with plenty of water. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Get medical attention if irritations persist.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water, to areas where surface water is present or to wetlands. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

**Bee Hazard:** This product is toxic to bees exposed to direct treatment. Do not apply this product while bees are actively visiting the treatment area.

**STORAGE & DISPOSAL**

**Pesticide Storage:** Keep in original container. Store away from direct sunlight, feed, or foodstuffs. Keep container tightly sealed when not in use. Keep from freezing.

**Container Disposal:** Do not reuse empty container. Securely wrap original container in several layers of newspapers and discard in trash. Rinse thoroughly before discarding in trash. Buyer assumes all responsibility for safety and use not in accordance with directions.

Base

**Gardener's  
Choice™**

**Rose & Flower 3-in-1 Spray**

For use on roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts, and vegetables in and around the home and home garden.

Controls blackspot, powdery mildew, rust, spider mites, aphids, whiteflies, and other insect pests.

**DIRECTIONS FOR USE**

IT IS A VIOLATION OF FEDERAL LAW TO USED THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING. Keep unprotected persons out of treated areas until sprays have dried.

**GENERAL INFORMATION**

- Multi-purpose fungicide/insecticide/miticide-3 in 1 product.
- Kills eggs, larvae and adult stages of insects.
- Prevents fungal attack of plant tissues.
- Not for use in food-handling areas.
- Shake well before using.
- This product is most effective when applied in early to mid-morning or late, after noon when adult pests are normally sedentary on the undersides of foliage.
- Thorough plant coverage is essential to obtain optimal levels of control.
- Do not apply to wilted or otherwise stressed plants, or to newly transplanted material prior to root establishment.
- As with other pest control products, care should be exercised in timing applications to early morning/late evening to minimize the potential for leaf burn.
- Use with care on plants with tender tissue. Check for leaf burn in small-scale trials prior to use.

### STORAGE & DISPOSAL

**Pesticide Storage:** Keep in original container. Store away from direct sunlight, feed or foodstuffs. Keep container tightly sealed when not in use. Keep from freezing.

**Disposal Instructions:** If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION** • Harmful if inhaled. Avoid breathing spray mist. Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

#### FIRST AID

**If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Hot line number 1-800-255-3924.

### ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

**BEE HAZARD** • This product is toxic to bees exposed to direct treatment. Do not apply this product while bees are actively visiting the treatment area.

**NOTICE:** Buyer assumes all responsibility for safety and use not in accordance with label.

### FUNGICIDE USE

**Application Instructions:** Garden Safe™ Brand Fungicide3™ is an effective fungicide for the prevention and control of various fungal diseases including black spot on roses, powdery mildew, downy mildew, anthracnose, rust leaf spot, botrytis, needle rust, scab and flower, twig and tip blight.

Garden Safe Brand Fungicide3 may be used on all roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts and vegetables grown in and around the home and home garden.

As a preventative, apply Garden Safe Brand Fungicide3 on a 7-14 day schedule until the potential for disease development is no longer present. Spray to runoff. Complete coverage of all plant tissue is necessary for control.

To control disease already present, apply Garden Safe Brand Fungicide3 on a 7-day schedule until disease pressure is eliminated. Then continue spraying on a 14-day schedule to prevent the disease from recurring. Spray to runoff. Complete coverage of all plant tissue is necessary for control. To prevent rust leaf spot diseases, anthracnose and scab, begin applications at the first sign of spring budding.

To prevent powdery mildew, apply in mid-summer or when disease is first detected. Continue applications until disease pressure no longer exists. To prevent black spot on roses, begin applications at first bud emergence in spring. Apply Garden Safe Brand Fungicide3 on a 14-day preventative schedule through the spring and fall to prevent disease emergence.

### INSECTICIDE USE

**Application Instructions:** Garden Safe Brand Fungicide3 is an effective insecticide for the control of various insect pests including whiteflies, mealy bugs, armyworms, hornworms, leafhoppers, bagworms, leafminers, psyllids, fruit flies, loopers, budworms, beetles (including Japanese beetles), aphids, scales, caterpillars, midges, budworms and mites (including spider mites).

Garden Safe Brand Fungicide3 may be used on all roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts, and vegetables grown in and around the home and home garden.

Apply Garden Safe Brand Fungicide3 at first sign of insects/mites. Garden Safe Brand Fungicide3 is most effective in controlling insects/mites when applied on a 7-14 day schedule. For heavy insect populations, apply on a 7-day schedule. Spray to runoff. Complete coverage of all plant tissue is necessary for control.

**RE: Notification of revised label for Neem Oil RTU, EPA Reg. No. 70051-13  
Not subject to Pesticide Registration Improvement Act (PRIA) fees**

Dear Ms. Hollis:

Certis USA, L.L.C. is respectfully submitting a Notification of minor revisions to the label for Neem Oil RTU, EPA Reg. No. 70051-13. The main purpose of this submission is to add the phrase "Can be used up to day of harvest" to the label. This statement is being added for clarification and to be consistent with other approved labeling for products containing neem oil as the active ingredient (Trilogy XL, EPA Reg. No. 70051-75 and Trilogy XL RTU, EPA Reg. No. 70051-74) and to clarify for the user that there is no preharvest interval requirement (PHI). In addition, a minor typo has been corrected in the First Aid statement, and the heading "Disposal Instructions" has been revised to read "Pesticide and Container Disposal" to be consistent with the Label Review Manual and other Certis USA labeling. A completed EPA form 8570-1 and revised label (one copy with changes highlighted and one clean copy) are enclosed.

If you have any questions about this submission, please do not hesitate to contact me. I can be reached by telephone at (301)483-3806 or by email at [cdively@certisusa.com](mailto:cdively@certisusa.com).

Sincerely,

Christine A. Dively  
Director of Regulatory Affairs

**DIRECTIONS FOR USE**

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

**GENERAL INFORMATION**

- Multi-purpose fungicide/insecticide/miticide-3 in 1 product.
- Kills eggs, larvae and adult stages of insects.
- Prevents fungal attack of plant tissues.
- Not for use in food-handling areas.
- Shake well before using
- Thorough plant coverage is essential to obtain optimal levels of control.
- Do not apply to wilted or otherwise stressed plants, or to newly transplanted material prior to root establishment.
- As with other pest control products, exercise care in timing applications to early morning/late evening to minimize the potential for leaf burn.
- Use with care on plants with tender tissue. Check for leaf burn in small-scale trials prior to use.

**FUNGICIDE USE**

**Application Instructions**

- Neem Oil RTU is an effective fungicide for the prevention and control of various fungal diseases including black spot on roses, powdery mildew, downy mildew, anthracnose, rust leaf spot, botrytis, needle rust, scab, and flower, twig and tip blight.
- Neem Oil RTU may be used on all roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts, and vegetables grown in and around the home and home garden.
- As a preventative, apply Neem Oil RTU on a 7 to 14 day schedule until the potential for disease development is no longer present. Spray to run off. Complete coverage of all plant tissue is necessary for control.
- To control disease already present, apply Neem Oil RTU on a 7-day schedule until disease pressure is eliminated. Then continue spraying on 14-day schedule to prevent the disease from recurring. Spray to run off. Complete coverage of all plant tissue is necessary for control.

- To prevent rust leaf spot diseases, anthracnose, and scab, begin applications at the first sign of spring budding.
- To prevent powdery mildew, apply in mid-summer or when disease is first detected. Continue applications until disease pressure no longer exists.
- To prevent black spot on roses, begin applications at first bud emergence in spring. Apply Neem Oil RTU on a 14-day preventative schedule through the spring and fall to prevent disease emergence.

#### **INSECTICIDE USE**

##### **Application Instructions**

- Neem Oil RTU is an effective insecticide for the control of various insects pests including whiteflies, mealy bugs, army worms, hornworms, leafhoppers, bagworms, leafminers, psyllids, fruit flies, loopers, budworms, beetles (including Japanese beetles), aphids, scales, caterpillars, midges, budworms, and mites (including spider mites)
- Neem Oil RTU may be used on all roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts, and vegetables grown in and around the home and home garden.
- Apply Neem Oil RTU at first sign of insects/mites. Neem Oil RTU is most effective in controlling insects/mites when applied on a 7-14 day schedule. For heavy insect populations, apply on a 7-day schedule. Spray to run off. Complete coverage of all plant tissue is necessary for control.

#### **STORAGE & DISPOSAL**

**Pesticide Storage:** Keep in original container. Store away from direct sunlight, feed, or foodstuffs. Keep container tightly sealed when not in use. Keep from freezing.

##### **Pesticide and Container Disposal**

**If empty:** Do not reuse this container. Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

#### **WARRANTY**

Certis USA, L.L.C. warrants that the material contained herein conforms to the description on the label and is reasonably fit for the purposes referred to in the directions for use. Timing and method of application, weather, watering practices, nature of soil, the insect problem, condition of the crop, incompatibility with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herein. **NO OTHER EXPRESS OR IMPLIED WARRANTY OF THE FITNESS OR MERCHANTABILITY IS MADE.**

**FIRST AID**

**If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Hot Line Number: 1-800-255-3924.

---

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

Harmful if inhaled. Avoid breathing spray mist. Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

---

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

**BEE HAZARD**

This product is toxic to bees exposed to direct treatment. Do not apply this product while bees are actively visiting the treatment area.

---

**DIRECTIONS FOR USE**

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

**GENERAL INFORMATION**

- Three Garden Products in One
- Multi-purpose fungicide/insecticide/miticide-3 in 1 product.
- Kills eggs, larvae and adult stages of insects.
- Prevents fungal attack of plant tissues.
- Not for use in food-handling areas.
- Shake well before using
- Thorough plant coverage is essential to obtain optimal levels of control.
- Do not apply to wilted or otherwise stressed plants, or to newly transplanted material prior to root establishment.
- As with other pest control products, exercise care in timing applications to early morning/late evening to minimize the potential for leaf burn.
- Use with care on plants with tender tissue. Check for leaf burn in small-scale trials prior to use.

**FUNGICIDE USE**

**Application Instructions**

- Neem Oil RTU is an effective fungicide for the prevention and control of various fungal diseases including black spot on roses, powdery mildew, downy mildew, anthracnose, rust leaf spot, botrytis, needle rust, scab, and flower, twig and tip blight.
- Neem Oil RTU may be used on all roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts, and vegetables grown in and around the home and home garden.
- As a preventative, apply Neem Oil RTU on a 7 to 14 day schedule until the potential for disease development is no longer present. Spray to run off. Complete coverage of all plant tissue is necessary for control.
- To control disease already present, apply Neem Oil RTU on a 7-day schedule until disease pressure is eliminated. Then continue spraying on 14-day schedule to prevent the disease form recurring. Spray to run off. Complete coverage of all plant tissue is necessary for control.

- To prevent rust leaf spot diseases, anthracnose, and scab, begin applications at the first sign of spring budding.
- To prevent powdery mildew, apply in mid-summer or when disease is first detected. Continue applications until disease pressure no longer exists.
- To prevent black spot on roses, begin applications at first bud emergence in spring. Apply Neem Oil RTU on a 14-day preventative schedule through the spring and fall to prevent disease emergence.

#### **INSECTICIDE USE**

##### **Application Instructions**

- Neem Oil RTU is an effective insecticide for the control of various insects pests including whiteflies, mealy bugs, army worms, hornworms, leafhoppers, bagworms, leafminers, psyllids, fruit flies, loopers, budworms, beetles (including Japanese beetles), aphids, scales, caterpillars, midges, budworms, and mites (including spider mites)
- Neem Oil RTU may be used on all roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts, and vegetables grown in and around the home and home garden.
- Apply Neem Oil RTU at first sign of insects/mites. Neem Oil RTU is most effective in controlling insects/mites when applied on a 7-14 day schedule. For heavy insect populations, apply on a 7-day schedule. Spray to run off. Complete coverage of all plant tissue is necessary for control.

#### **STORAGE & DISPOSAL**

**Pesticide Storage:** Keep in original container. Store away from direct sunlight, feed, or foodstuffs. Keep container tightly sealed when not in use. Keep from freezing.

##### **Pesticide and Container Disposal**

**If empty:** Do not reuse this container. Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

#### **WARRANTY**

Certis USA, L.L.C. warrants that the material contained herein conforms to the description on the label and is reasonably fit for the purposes referred to in the directions for use. Timing and method of application, weather, watering practices, nature of soil, the insect problem, condition of the crop, incompatibility with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herein. **NO OTHER EXPRESS OR IMPLIED WARRANTY OF THE FITNESS OR MERCHANTABILITY IS MADE.**
