Subject: Non-PRIA (Pesticide Registration Improvement Act) Labeling Amendment –
Update the OMRI graphics and typographical errors, in addition to adding two additional container sizes (1/2 gal. and 1 gal. plastic HDPE containers), instructions for optional hose-end sprayer applications, optional marketing claims specific for use with hose-end sprayers, optional referral statements, and optional graphics.
Product Name: Neem Oil RTU
EPA Registration Number: 70051-13
Application Date: 10/14/2021
OPP Submission Number: 1076661
OPP Case Number: 00331075

Dear Ms. Koster:

The amended labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable.

This approval does not affect any terms or conditions that were previously imposed on this registration. You continue to be subject to existing terms or conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one (1) copy of the final printed labeling before you release this product for shipment with the new labeling. In accordance with 40 CFR § 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR § 152.3.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the U.S. Environmental Protection Agency (EPA). If the website is false or misleading, the product will be

considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Sydnie Hetzel by phone at (202) 566-1606 or via email at Hetzel.sydnie@epa.gov.

Sincerely,

James Parker, Team Leader

Neem Oil RTU

ACCEPTED

Jan 12, 2022

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 70051-13

FUNGICIDE/MITICIDE/INSECTICIDE

Water Based

For use on roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts, and vegetables in and around the home and home garden.

Controls blackspot, powdery mildew, rust, spider mites, aphids, whiteflies, and other insect pests.

Can be Used Up to Day of Harvest

For Organic Gardening

{Note to reviewer: One of the following OMRI seals may appear on the final label:}

ACTIVE INGREDIENT:

Clarified Hydrophobic Extract of Neem Oil 0.9%

OTHER INGREDIENTS: 99.1%

TOTAL 100.0%

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See inside panels for additional precautionary statements

MANUFACTURED BY:

Certis USA LLC

Columbia, MD 21046

EPA Reg. No. 70051-13

EPA Est. No.

Lot {or} [Batch] Number:

Net Contents:

FIRST AID

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [Hot Line Number: 1-800-255-3924 [Chemtel].]

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if inhaled. Avoid breathing spray mist. Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

BEE HAZARD

This product is toxic to bees exposed to direct treatment. Do not apply this product while bees are actively visiting the treatment area.

DIRECTIONS FOR USE

It is violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL INFORMATION

- Three Garden Products in One
- Multi-purpose fungicide/insecticide/miticide-3 in 1 product
- Kills eggs, larvae and adult stages of insects
- Prevents fungal attack of plant tissues
- Not for use in food-handling areas
- Shake well before using
- Thorough plant coverage is essential to obtain optimal levels of control
- Do not apply to wilted or otherwise stressed plants, or to newly transplanted material prior to root establishment
- As with other pest control products, exercise care in timing applications to early morning/late evening to minimize the potential for leaf burn
- Use with care on plants with tender tissue. Check for leaf burn in small-scale trials prior to use.

FUNGICIDE USE

Application Instructions

- (Neem Oil RTU) (This product) is an effective fungicide for the prevention and control of various fungal diseases including black spot on roses, powdery mildew, downy mildew, anthracnose, rust leaf spot, botrytis, needle rust, scab, and flower, twig and tip blight.
- (Neem Oil RTU) (This product) may be used on all roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts, and vegetables grown in and around the home and home garden.
- As a preventative, apply (Neem Oil RTU) (this product) on a 7 to 14 day schedule until the potential for disease development is no longer present. Spray to run off. Complete coverage of all plant tissue is necessary for control.
- To control disease already present, apply (Neem Oil RTU) (this product) on a 7-day schedule until disease pressure is eliminated. Then continue spraying on 14-day schedule to prevent the disease from recurring. Spray to run off. Complete coverage of all plant tissue is necessary for control.
- To prevent rust leaf spot diseases, anthracnose, and scab, begin applications at the first sign of spring budding.
- To prevent powdery mildew, apply in mid-summer or when disease is first detected. Continue applications until disease pressure no longer exists.
- To prevent black spot on roses, begin applications at first bud emergence in spring. Apply (Neem Oil RTU) (this product) on a 14-day preventative schedule through the spring and fall to prevent disease emergence.

INSECTICIDE USE

Application Instructions

- (Neem Oil RTU) (This product) is an effective insecticide for the control of various insect pests including whiteflies, mealy bugs, armyworms, hornworms, leafhoppers, bagworms, leafminers, psyllids, fruit flies, loopers, budworms, beetles (Including Japanese beetles), aphids, scales, caterpillars, midges, budworms, and mites (including spider mites).
- (Neem Oil RTU) (This product) may be used on all roses, flowers, houseplants, ornamental trees and shrubs, fruits, nuts, and vegetables grown in and around the home and home garden.
- Apply (Neem Oil RTU) (this product) at first sign of insects/mites. Neem Oil RTU is most effective in controlling insects/mites when applied on a 7-14 day schedule. For heavy insect populations, apply on a 7-day schedule. Spray to run off. Complete coverage of all plant tissue is necessary for control.

STORAGE AND DISPOSAL

Pesticide Storage: Keep in original container. Store away from direct sunlight, feed, or foodstuffs. Keep container tightly sealed when not in use. Keep from freezing.

Pesticide Disposal and Container Handling:

If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency [or 1-800-CLEANUP] for disposal instructions. Never place unused product down any indoor or outdoor drain.

WARRANTY

Certis USA LLC warrants that the material contained herein conforms to the description on the label and is reasonably fit for the purposes referred to in the directions for use. Timing and method of application, weather, watering practices, nature of soil, the insect problem, condition of the crop, incompatibility with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herein. NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY IS MADE.

{Optional Hose-End Sprayer Directions:}

{Sprayer Instructions:}

[How to prime and care for your sprayer:]

1. After shaking product well, remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10 - 15 times until product is dispensed. Adjust nozzle to fine spray or jet stream as needed.
3. To store, turn nozzle to "OFF" position and [store with sprayer above level of liquid in container to prevent leakage] [store sprayer on hook located near bottle handle to prevent leakage].
4. Avoid contamination of food, feedstuffs and domestic water supplies. All food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pets, birds and cover fish aquariums before spraying.

{Trigger Sprayer:}

HOW TO USE

1. Shake well before each use.
2. Adjust nozzle to narrow fan spray, to prevent excessive wetting and waste of product. Spray just enough to cover area to be treated.
3. Turn nozzle to "OFF" before storing.

{Nested Sprayer:}

HOW TO USE

1. Shake well before each use.
2. Pull tab outward.
3. Rotate lock ring counterclockwise to unlock.
4. Pull sprayer to uncoil tubing.
5. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10 - 15 times until product is dispensed. Adjust nozzle to fine spray or jet stream as needed.
6. To store, turn nozzle to "OFF" position and return sprayer to bottle opening.
7. Drape tubing through slot in the spray handle.
8. Turn lock ring clockwise to lock.

{Captive Sprayer:}

HOW TO USE

BEFORE USE:

1. Shake well before each use.
2. Peel sticker from flip-top cap and open cap. Discard sticker.
3. Remove sprayer from its slot beneath the bottle handle and remove and discard plastic wrap. Pull back hose tip to completely extend tubing.
4. Firmly press black hose tip into opening in cap until it snaps into place.
5. Hold sprayer below the level of the container and prime by pumping trigger several times until product is dispensed.
6. Adjust nozzle to desired setting.

AFTER USE:

1. To store, turn sprayer nozzle OFF.
2. DO NOT disconnect hose.
3. Return sprayer to its slot. Hose can be pushed back into sprayer handle.

{Captive Sprayer with Snap Adapt Cap:}

HOW TO USE

BEFORE USE:

1. Shake well before each use.
2. Open flip top closure.
3. Remove sprayer from its slot beneath the bottle handle and unwrap the tubing. Pull hose plug to completely extend tubing.
4. Firmly press hose plug into opening in cap until it snaps into place.
5. Slide switch on hose plug counter-clockwise to "OPEN."
6. Adjust nozzle to desired setting, SPRAY or STREAM.
7. Hold sprayer below the level of the container and prime by pumping trigger several times until product is dispensed.

AFTER USE:

1. To store, turn sprayer nozzle OFF.
2. Turn hose plug switch clockwise to "CLOSED."

3. DO NOT disconnect hose.
4. Return sprayer to its slot. Hose can be pushed back into sprayer handle.

{EZ Sprayer:}

EZ Connect Sprayer [Sprayer Directions]

1. Remove sprayer. Pull cord ALL THE WAY OUT.
2. Remove top from cap on bottle.
3. Insert (color) plug into spout on cap until it clicks.
4. Twist nozzle on sprayer to the spray position.

{EZE SPRAY™ Sprayer:}

[Operating Instructions for EZ Spray™]

1. Remove sprayer from side holder. [Unwrap the tubing] [Gently pull tubing out.]
2. Remove seal from top of cap. [Unplug cap.].
3. Securely snap the [green][*other color*] plug into hole on cap.
4. Remove plastic tab near [top] [bottom] of sprayer to activate batteries.
5. Twist nozzle to adjust spray from CLOSE to SPRAY or STREAM.
6. [When priming the sprayer, hold sprayer level to the ground. Sprayer may not prime if it is held at an angle. Once primed, it will spray in any direction.]

How to Use the EZ Spray™

- Aim toward target [site] [area to be treated], and away from people and pets.
- Press the trigger to spray.
- Release the trigger to stop spray.

After use: 1. Twist nozzle completely to CLOSE position. 2. Secure sprayer upright in [holster] [holder]. 3. ***Failure to adjust nozzle completely to CLOSE position and properly secure sprayer in [holster] [holder] may result in leakage and damage to property or injury to people or animals.***

To replace batteries: 1. Slide battery compartment door to unlatch and open. [Push release button near nozzle and lift up on battery hatch.] 2. Remove used batteries and insert [four] [two] new AA batteries ***in correct positions*** as marked per diagram inside of battery compartment. ***Never*** insert the positive end where the negative end belongs and vice versa. ***Always*** use a complete set of new batteries of the same type when replacing batteries. ***Never*** mix alkaline, carbon-zinc or rechargeable batteries. 3. Securely close battery compartment door. 4. ***Always*** follow manufacturer's recommendations for use and disposal of batteries.

Additional Operating Notes: • Do not submerge in water. • Before each use, inspect sprayer carefully, making sure hose is flexible and not kinked, worn or cracked, and that all connections are tight. • When storing sprayer for prolonged periods, remove batteries.

{AccuShot® Sprayer}

[Operating Instructions – AccuShot® Sprayer]

1. Remove sprayer from side holder. [Unwrap the tubing] [Gently pull tubing out].
2. Remove seal from top of cap. Unplug cap.
3. Securely snap the [green][*other color*] plug into hole on cap.
4. Remove plastic tab near [top] [bottom] of sprayer to activate batteries.
5. Twist nozzle to adjust spray from CLOSE to SPRAY or STREAM.
6. [When priming the sprayer, hold sprayer level to the ground. Sprayer may not prime if it is held at an angle. Once primed, it will spray in any direction.]

[AccuShot® Sprayer – “Refill” Directions]

1. Remove cap and replace with reusable AccuShot® Sprayer. Make sure sprayer cap is tightly closed before use
2. Twist nozzle to adjust spray from CLOSE to SPRAY or STREAM.
3. [When priming the sprayer, hold sprayer level to the ground. Sprayer may not prime if it is held at an angle. Once primed, it will spray in any direction.]

How to Use the AccuShot® Sprayer

- Aim toward target [site] [area to be treated], and away from people and pets.
- [To improve accuracy, use slider to extend wand.] [Use slider to extend wand and to improve accuracy.]
- Press the trigger to spray.
- Release the trigger to stop spray.

After use: 1. Twist nozzle completely to CLOSE position. 2. Secure sprayer upright [tip down] in [holster] [holder]. 3. ***Failure to adjust nozzle completely to CLOSE position and properly secure sprayer in [holster] [holder] may result in leakage and damage to property or injury to people or animals.***

[Keep reusable AccuShot® sprayer for use with (Neem Oil RTU) (this product)]

To replace batteries: 1. [Slide battery compartment door to unlatch and open.] [Use screwdriver to open battery compartment [Push release button near nozzle and lift up on battery hatch.]] 2. Remove used batteries and insert [four] [two] new AA batteries ***in correct positions*** as marked per diagram inside of battery compartment. ***Never*** insert the positive end where the negative end belongs and vice versa. ***Always*** use a complete set of new batteries of the same type when replacing batteries. ***Never*** mix alkaline, carbon-zinc or rechargeable batteries. 3. Securely close battery compartment door. 4. ***Always*** follow manufacturer’s recommendations for use and disposal of batteries.

Additional Operating Notes: • Do not submerge in water. • Before each use, inspect sprayer carefully, making sure hose is flexible and not kinked, worn or cracked, and that all connections are tight. • When storing sprayer for prolonged periods, remove batteries.

{Snap Adapt Cap Option 1}
[AccuShot® Sprayer Directions]

1. Shake well before each use
2. Remove sprayer from side [holster] [holder]. [Unwrap the tubing] [Gently pull tubing out].
3. Open flip top closure.
4. Securely snap the hose plug into opening in cap until it snaps into place.
5. Slide switch on hose plug counter-clockwise to "OPEN."
6. Remove plastic tab near [top] [bottom] of sprayer to activate batteries.
7. Twist nozzle to adjust spray from CLOSE to SPRAY or STREAM.
8. [When priming the sprayer, hold sprayer level to the ground. Squeeze and hold trigger until liquid comes out the nozzle. Sprayer may not prime if it is held at an angle. Once primed, it will spray in any direction.]

{Snap Adapt Cap Option 2}
[AccuShot® Sprayer "Refill" Directions]

1. Remove cap and replace with reusable AccuShot® cap and Sprayer. Make sure sprayer cap is tightly closed before use
2. Twist nozzle to adjust spray from CLOSE to SPRAY or STREAM.
3. [Securely snap the hose plug into opening in cap until it snaps into place.
4. Slide switch on hose plug counter-clockwise to "OPEN."
5. [When priming the sprayer, hold sprayer level to the ground. Sprayer may not prime if it is held at an angle. Once primed, it will spray in any direction.]

{Snap Adapt Cap Option 3}
HOW TO USE AccuShot® [with Snap Adapt Cap]

- Aim toward target [site] [area to be treated], and away from people and pets.
- [To improve accuracy, use slider to extend wand.][Use slider to extend wand and to improve accuracy.]
- Press the trigger to spray.
- Release the trigger to stop spray.

After use: 1. Twist sprayer nozzle completely to CLOSE position. 2. Turn hose plug switch clockwise to "CLOSED". 3. Secure sprayer upright [tip down] in [holster] [holder]. 4. ***Failure to adjust nozzle completely to CLOSE position and properly secure sprayer in [holster] [holder] may result in leakage and damage to property or injury to people or animals.***

[Keep reusable AccuShot® sprayer for use with (Neem Oil RTU) (this product)]

To replace batteries: 1. Slide battery compartment door to unlatch and open. [Use screwdriver to open battery compartment [Push release button near nozzle and lift up on battery hatch.] 2. Remove used batteries and insert [four] [two] new AA batteries ***in correct positions*** as marked per diagram inside of battery compartment. ***Never*** insert the positive end where the negative end belongs and vice versa. ***Always*** use a complete set of new batteries of the same type when replacing batteries. ***Never*** mix

alkaline, carbon-zinc or rechargeable batteries. 3. Securely close battery compartment door. 4. **Always** follow manufacturer's recommendations for use and disposal of batteries.

Additional Operating Notes: • Do not submerge in water. • Before each use, inspect sprayer carefully, making sure hose is flexible and not kinked, worn or cracked, and that all connections are tight. • When storing sprayer for prolonged periods, remove batteries.

[Directions for AccuSpray™ Sprayer Product]

For Initial Use Only: Remove Battery Isolation Strip [from] [beneath] sprayer and discard.

HOW TO USE

BEFORE USE:

1. Shake well before each use.
2. [Flip] [Rotate] [Raise] the [nozzle extension] [wand] up to the ["Ready to Use"] [spray] position.
3. Rotate nozzle from ["Off"] ["X"] position to [desired [spray]] position.
4. Slide the [[lock [switch] [button]] [away from [trigger] [button]] [up] to the [unlocked] [open] [spray] position.
5. [Grab bottle and let arm hang naturally.] Press button down to spray.

AFTER USE:

6. [When] [Once] spraying is completed, slide the [[lock] [switch] [button]] [towards [trigger] [button]] [down] to the [locked] [closed] position.
7. Rotate nozzle to ["Off"] ["X"] position and [flip] [rotate] the [nozzle extension] [wand] down to storage position.

To replace batteries: While the lock is in the [locked] [closed] position, rotate sprayer counterclockwise and [lift] [pull up] on the sprayer. [Push] [Press] battery door tab and pull to [open] [remove] battery door. Insert and align new batteries to correct "+" and "-" designations as shown near the battery door. [Close] [Replace] battery door. Replace the sprayer on the bottle in the same position it was removed from, matching the arrows on the front of the sprayer and bottle. Rotate sprayer clockwise until the sprayer lines up with the front of the bottle.

[Keep reusable AccuSpray™ Sprayer for use with (Neem Oil RTU) (this product)]
