Teknar G

High Potency Larvicide for Mosquitoes

ACTIVE INGREDIENT *Bacillus thuringiensis subspecies israelensis*.....1.7%
Equivalent to 200 ITU/mg.

The percent active ingredient does not indicate product performance and potency measurements are not federally standardized.

OTHER INGREDIENTS 98.3%

TOTAL 100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION: Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Mixer/loaders and applicators must wear a dust/mist filtering respirator meeting NIOSH standards of at least N-95, R-95, or P-95. Repeated exposure to high concentrations of microbial proteins can cause allergic reactions.

FIRST AID

IF ON SKIN OR CLOTHING:

Take off contaminated clothing
Rinse skin immediately with plenty of water for 15-20 minutes
Call a poison control center or doctor for treatment advice

IF INHALED:

Move person to fresh air
If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible
Call a poison control center or doctor for treatment advice.
Save the product container or label with you when calling a poison control center or doctor, or going for treatment.

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal

STORAGE:

Store in a cool, dry place.

PESTICIDE DISPOSAL:

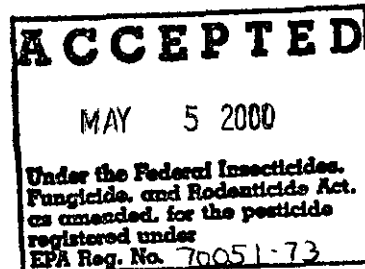

Wastes resulting from use of this product may be disposed of on-site or at an approved waste disposal facility.

CONTAINER DISPOSAL:

Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by burning. If burned, stay out of smoke.

Thermo Trilogy Corp. warrants that the material contained herein conforms to the description on the label and is reasonably fit for the purposes referred to in the directions for use. Timing and method of application, weather, watering practices, nature of soil, the insect problem, condition of the crop, incompatibility with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling not in strict accordance with the directions given herein. NO OTHER EXPRESS OR IMPLIED WARRANTY OR THE FITNESS OR MERCHANTABILITY IS MADE.

Teknar G is a highly selective microbial insecticide effective against mosquitoes in a variety of habitats.

292

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Teknar G may be applied to any water sites except treated, finished water reservoirs or drinking water receptacles.

MOSQUITOES:

Habitat	Rate Required for Control
irrigation ditches, rice fields, pastures, woodland pools, snow melt pools, tidal water, salt marshes, catch basins, storm water retention areas	2.5 - 10.0 pounds/acre
.....	
.....	
.....	

*When late third and early fourth instar larvae predominate, larval populations are high, or water is heavily polluted and/or algae are prevalent, use 10-20 pounds/acre.

SPECIFIC APPLICATION INSTRUCTIONS:

Teknar G should be applied uniformly in conventional aerial and ground equipment. A seven to fourteen-day interval between applications should be employed. Longer periods of mosquito population depression may result where sufficient numbers of non-target aquatic invertebrate parasites and predators are present, since these are not affected by Teknar G and contribute to mosquito population reduction.
