<input checked="" type="checkbox"/> Notification - Explain below.	<input type="checkbox"/> Other - Explain below.	

Explanation: Use additional page(s) if necessary. (For section I and Section II.)

Notification of the following minor changes to the label per PR Notice 98-10: 1) Expanded all percentages in the active ingredient statement to two decimal points, for consistency, 2) Added net contents, 3) Added EPA Reg. No., 4) Revised consumer access number and explanatory statement under the First Aid statement (Non-notification per PR Notice 97-4). This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA. Certis USA has identified this action as a Notification, not subject to fees under the Pesticide Registration Improvement Act (PRIA).

SIDE PANEL**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS****Caution**

Prolonged or frequently repeated skin contact may cause allergic skin reactions in some individuals. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Remove contaminated clothing and wash clothing before reuse. Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

FIRST AID**IF ON SKIN OR CLOTHING:**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. ~~You may also contact 1-800-XXX-XXXX for emergency medical treatment information.~~ Hot Line Number: 1-800-255-3924.

Environmental Hazards:

This product is extremely toxic to fish and aquatic organisms and toxic to wildlife. Do not place the device on pond, river, lake or stream banks, or other places where they can fall into water.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Directions for Using Attract and Kill Target Device

This package contains 42 Attract and Kill Target Devices. All 42 devices must be applied to 1 acre of olive orchard to obtain season long protection against olive fly attack to olive fruit. Wear gloves when hanging the device.

Use Rate: Apply all 42 of the Target Devices per acre as follows:

Hang each device on an olive tree as follows:

- Apply devices before olive fruit remaining from previous season becomes susceptible to egg laying or before the first attack of new fruit of the season. Contact your local agricultural extension specialist for guidance on olive fly activity in your area.
- This package contains 42 devices, enough to treat 1 acre of olive orchard. 14 of the devices contain the Olive fly pheromone, insecticide, and feeding attractant (ingredients "A") and 28 devices contain the

4/4

insecticide and feeding attractant (ingredients "B"). All 42 devices must be used in combination to treat 1 acre to obtain season long control of the Olive Fruit Fly. Apply the devices so that for every three trees treated, two trees receive the "B" device and one tree receives the "A" device, i.e. every third tree should receive one of the "A" devices.

- Hang the device in the tree on a branch that is not likely to break or be pruned before the end of the season. Hang the device in the tree as high as practical.
- Hang the device by sliding it over the branch so that the branch is in the center of the device, and hook using the tab attachments. When attached properly, the device will form a cone shape around the branch with the lures on the inner surface of the cone. Insure that the lures are on the **inner side** of the cone as attached to the tree branch.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in cool, dry area away from heat or open flame.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Wrap device in newspaper and discard in trash at an approved disposal facility.

WARRANTY

CERTIS USA, LLC warrants that the material contained herein conforms to the description on the label and is reasonably fit for the purposes referred to in the directions for use. Timing and method of application, weather, watering practices, nature of soil, the insect problem, condition of the crop, incompatibility with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herein. **NO OTHER EXPRESS OR IMPLIED WARRANTY OF THE FITNESS OR MERCHANTABILITY IS MADE.**
