Subject: Label Notification

Dear Ms. Galloway:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notices (PRNs) 98-10 and 2007-4 dated 12/16/10 for **EPA Registration 70062-8**. The Registration Division (RD) has conducted a review of this request and finds that the label change(s) requested falls within the scope of PRNs 98-10 and 2007-4. The label has been date-stamped "Notification" and will be placed in our records.

If you have any questions, please contact me via telephone at 703-308-8893 or e-mail (hobgood.sherada@epa.gov).

Sincerely,

/s/

Sherada D. Hobgood
Notifications Review Coordinator

U.S. ENVIRONMENTAL PROTECTION AGENCY
Application of Pesticide Amendment (EPA Form 8570-1)

MCSI HYDROPRENE-BASED COCKROACH KILLER FOGGER (AEROSOL)
EPA Registration No. 70062-8

Section - II. Explanation (cont.)

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the Confidential Statement of Formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to the EPA. I further understand that if this Notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under Sections 12 and 14 of FIFRA.

This notification is consistent with the guidance in PR Notice 2007-4 and the requirements of EPA's regulations at 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156. No other changes have been made to the labeling (except as noted above consistent with PR Notice 98-10) or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA

SUBJECT: MCSI HYDROPRENE BASED COCKROACH KILLER FOGGER (AEROSOL)
EPA Registration No. 70062-8

Dear Mr. Johnson:

Enclosed are the following on behalf of BABOLNA BIOENVIRONMENTAL CENTRE LTD.:

- Application for Pesticide Registration Amendment (EPA Form 8570-1) – **NOTIFICATION** of label amendment changing the Primary Brand Name (PR Notice 98-10, Section II.A), the Warranty Statement (PR Notice 98-10, Section II.J) and PR Notice 2007-4 Storage and Disposal Statements.
- One copy of amended labeling with changes "highlighted".
- Two copies of "clean" amended labeling.

BABOLNA BIOENVIRONMENTAL CENTRE LTD. would like to change the Primary Brand Name for this product to: **BABOLNA BIO COCKROACH KILLER FOGGER (AEROSOL).**

This Notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling (except as noted below consistent with PR Notice 2007-4) or the Confidential Statement of Formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to the EPA. I further understand that if this Notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under Sections 12 and 14 of FIFRA.

This notification is consistent with the guidance in PR Notice 2007-4 and the requirements of EPA's regulations at 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156. No other changes have been made to the labeling (except as noted above consistent with PR Notice 98-10) or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Avoid contact with skin, eyes, or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not apply where runoff is likely to occur. Do not contaminate water when disposing of rinsate or equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F (54° C) may cause bursting.

This product contains highly flammable ingredients. It may cause a fire or explosion if not used properly. Follow the Directions for Use on the label very carefully.

*Highly Flammable Ingredient
Ingrediente Altamente Inflamable*

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General Information:

BABOLNA BIO COCKROACH KILLER FOGGER (AEROSOL) contains a synthetic, juvenile hormone "look-alike" which disrupts the normal growth development of cockroaches. Roaches exposed to BABOLNA BIO COCKROACH KILLER FOGGER (AEROSOL) will become adults incapable of reproducing, thus ending the cycle of infestation. BABOLNA BIO COCKROACH KILLER FOGGER (AEROSOL) also contains conventional insecticides which control fleas, ticks, and flies. The fog reaches these insects through cracks and crevices to kill them where they hide.

BABOLNA BIO COCKROACH KILLER FOGGER (AEROSOL) should be applied every three months to maintain continuous protection. It leaves no bad smell and, when used as directed, does not stain furnishings. One 63 ml (2.2 fl. oz.) can is sufficient to treat a room of 60 m³ (2120 cu. ft.). That corresponds to about 15-20 m² (~200 sq. ft.). The 150 ml (5.3 fl. oz.) can is sufficient to treat approximately 140 m³ (4,940 cu. ft.), and the 210 ml (7.4 fl. oz.) can is sufficient to treat approximately 200 m³ (7,060 cu. ft.). Duration of efficacy is about three months.

DO NOT use more than one FOGGER per room. DO NOT use in small, enclosed spaces such as closets, cabinets, or under counters or tables. Do not use in a room 5 ft. x 5 ft. or smaller; instead, allow fog to enter from other rooms. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames, or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights.

Application Sites:

BABOLNA BIO COCKROACH KILLER FOGGER (AEROSOL) is intended for use in domestic, commercial, and industrial areas, including but not limited to apartment buildings, houses, schools, day care centers, nursing homes, hospitals, laboratories, industrial and office buildings, manufacturing establishments, warehouses, stores, supermarkets, grocery stores; food-handling premises such as kitchens, restaurants, bars, cafeterias; and transportation such as aircraft, buses, trucks, trailers, rail cars, and marine vessels.

Instruction for Use:

- 1) Cover or remove food, dishes, and food-handling equipment and plastic items such as eye glasses, stereo covers and notion boxes. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Cover aquariums and remove birds and other pets before treatment. Open cabinets and doors to areas to be treated. Leave rugs, drapes, slipcovers, and furniture in place. When used as directed, this product will not harm them. Make sure the room is properly closed. Shut off fans and air conditioners. Extinguish open flames and pilot lights.
- 2) Shake well before using. Place container into the middle of the room on a table or a chair with several sheets of newspaper or a pad under the fogger.
- 3) Keeping at arm's length, point top of can away from face (container sprays straight up), press down valve, and set can in upright position. Leave the room immediately.
- 4) Keep treated area closed at least for two hours. After two hours, open windows and let treated area air for 30 minutes.

Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place, away from heat, sparks and open flame. Keep container closed and out of reach by children and animals.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.

Container Handling: Do Not Puncture or Incinerate! Nonrefillable container; do not reuse or refill this container.

If empty: This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label (**DO NOT PUNCTURE!**). If the recycling option is not available, discard container in the trash.

If partly filled: Call your local solid waste agency for disposal instructions.
