Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling. The Agency is moving away from review of paper submitted registration applications to electronic review of applications. Therefore, we need your help to make this an efficient and convenient process for both you and the Antimicrobials Division. Accordingly, we are asking you to submit future labeling amendments for this product via the electronic labeling process. Refer to the following website for guidance on electronic submissions, including label:

http://www.epa.gov/pesticides/regulating/registering/submissions/index.htm. If you have questions concerning electronic labeling, a list of contacts is also available at the above site.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

genal A. Dotate

Renae F. Whitaker (Acting) Product Manager 34 Regulatory Management Branch II Antimicrobials Division (7510P)

Enclosure: (Stamped Label)

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wear gloves when handling Bor-Rods. Remove and wash contaminated clothing before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

CONDITIONS OF SALE AND WARRANTY

BOR-ROD is a registered trademark of Wood Care Systems

ACCEPTED Quantity: with COMMENTS **EPA** Letter Dated:

Rod Size ____

JAN 2 9 2009

amended for the pesticide, registered under EDE Days Mon 114 -1

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. READ THE ENTIRE LABEL BEFORE USE.

APPLICATIONS TO WOOD AND WOOD PRODUCTS Use Bor-Rods for remedial and preventative treatment against fungal decay on wood and wood products such as lumber, timbers, logs, millwork, poles, piles, posts, crossties, laminated beams, etc. Insert Bor-Rods into decaying wood or wood in high-risk areas through drilled holes as instructed below.

Use the appropriate rod size that corresponds to the wood to be treated. Contact your Wood Care Systems dealer for specific application charts for all wood sizes. BOR-ROD and WOOD SIZES

Bor-Rod Size	Wood Size			
1/4" x 1/2"	Trim and Moldings less than 1" thick			
1/3" x 1"	Trim and Moldings less between 1" and 2"			
1/3" x 2 5/8"	Dimensional lumber wider than 4"			
1/2" x 2"	4 x 4 4 x 6 and round wood up to 4" dia			

Install Bor-Rods by following the steps below:

1/2" x 4"

3/4" x 3"

 Bor-Rods can be inserted into any wood surface in a staggered, linear or angled pattern.

6 x 6 , 6 x 8 and round wood up to 6" dia.

8 x 8 and larger, round wood larger than 6" dia

- 2. Determine the number of Bor-Rods required. Starting 2 inches from a joint or the end of the wood, the entire length of the wood should be covered in order to ensure moisture will evenly distribute the preservative throughout the target area. Do not exceed 12 inches on center for linear spacing along the grain and do not exceed 4 inches for spacing across the grain.
- Drill appropriate sized holes to accommodate the predetermined number and size of Bor-Rods required. For a snug fit and to ensure even distribution, drill the holes 1/16
- inch greater than the diameter of the rod. In addition, to allow for expansion, leave a minimum of 1/8 inch of air space between Bor-Rods and plug.
- Insert the suitable size and number of Bor-Rods into the holes; and
- 5. Seal the hole with a treated wooden dowel, wood filler or caulk.
- If desired, paint or other surface coatings may be applied to the wood.

See your Wood Care Systems dealer for other borate based wood preservatives as well as the complete line of wood restoration products.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. PESTICIDE STORAGE: Store in dry conditions at all times and out of the reach of children.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed on site or at an approved waste disposal facility.

PACKAGING DISPOSAL: Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If party filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
