**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Biopesticides and Pollution Prevention Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The registration amendment application, referred to above, is acceptable under Section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, provided that you do the following:

1. Submit/cite all data required for registration of your product under FIFRA Section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit three (3) copies of the revised final printed labeling before you release the product for shipment. Refer to attached Type Size Requirements for final printed labeling.
3. Provide confirmatory data to demonstrate that potential unintentional ingredients, including fungal and microbiological

contaminants, of the technical active ingredient, *Metarrhizium anisopliae* strain F52, will not harm human health and the environment. These data must meet the microbial pesticide data requirements of 40 CFR §158.2100 (OPPTS guidelines 885.1200 and 885.1300). They are required to proceed to FIFRA Section 3(c)(5) registration of the source material TAE-001 Technical (EPA Reg. No. 70127-7) and must be provided within one year of the registration date of this product. This registration notice supersedes all previous registration notices issued for this pesticide product. Except for the condition of registration described in this registration notice, all other conditions previously imposed for the technical for the currently registered uses have been satisfied.

This registration will automatically expire on midnight January 30, 2010, if you do not comply with these conditions. Any requests for time extensions to provide the data must be submitted in writing prior to the expiration date. If approved, extension requests will result in other appropriate expiration dates as determined by the Agency. When you submit the data required, the registration will continue until the data are evaluated and found to be acceptable to the Agency and in accordance with new projections regarding appropriate expiration dates.

If at any time, EPA determines that additional data are required to maintain an existing conditional registration, the Agency will require such data under Section 3(c)(2)(B) of FIFRA. If you do not comply with these conditions, this registration is subject to cancellation under FIFRA section 6(e). Your release of this product for shipment constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. If you need further assistance on this matter, please email Shanaz Bacchus at [bacchus.shanaz@epa.gov](mailto:bacchus.shanaz@epa.gov) or call her on 703-308-8097.

Sincerely,

 2/2/09

W. Michael McDavit, Associate Director  
Biopesticides and Pollution Prevention Division.
