

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Antimicrobials Division (7510P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

70131-1

Date of Issuance:

9/30/2016

NOTICE OF PESTICIDE:

Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

E-Z POOL

Name and Address of Registrant (include ZIP Code):

APi
 880 Jupiter Park Dr
 Suite 14
 Jupiter, FL 33458

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on her/his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

EPA received a label amendment request submitted by email on August 25, 2016. EPA grants this request under the authority of section 3(c)(5) of FIFRA, as amended. With this accepted labeling, all requirements set forth in the Reregistration Eligibility Decision for Copper Sulfate Pentahydrate have been satisfied. Therefore, EPA reregisters the product listed above. This action is taken under the authority of section 4(g)(2)(c) of FIFRA, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Submit one (1) copy of final printed labeling. Amended labeling will supersede all previously accepted labels. A copy of your label stamped "Accepted" is enclosed for your records. Products shipped after 12 months from the date of this Notice or the next printing of your label, whichever occurs first, must bear the new revised label.

Signature of Approving Official:

Demson Fuller, Product Manager 32
 RMBII, Antimicrobials Division (7510P)

Date:

9/30/2016

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 11/13/2014

If you have any questions, you may contact Donna Kamarei at (703) 347-0443 or via email at Kamarei.donna@epa.gov.

EPA EST. No.37360-TN-1

BACK PANEL

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Wear long sleeved shirt and long pants, socks, shoes and chemical resistant gloves (such as or made out of any waterproof material, selection category A).

USER SAFETY REQUIREMENTS

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates and may contaminate water through runoff. This product has a potential for runoff for several months or more after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains this product. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State Or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

FOR RESIDENTIAL USE

E-Z STARTUP

1. TEST AND REVIVE!®

Take a water sample to your Authorized Dealer for testing. Treat pool water with Revive! to remove phosphates, metals, debris and to activate the No Algae Guarantee.

2. VACUUM AND BALANCE

Once debris completely settle (typically 24 hours), vacuum pool bottom, thoroughly clean filter, then balance pool water as follows

Calcium Hardness: 350 ppm (min)

pH: 7.2 – 7.6

Total Alkalinity: 80 – 120 ppm

3. E-Z DAY

NOTE: At the beginning of each season, and for all new pools, a double-dose is required on the initial application to “charge” the water. Add E-Z POOL to pool water according to dosage chart, preferably near a return jet, and add sanitizer in accordance with product directions to skimmer, feeder or floater to maintain desired level.

Chlorine Generators (salt): Add stabilizer to maintain 50 ppm and adjust generator setting accordingly.

WEEKLY: Repeat E-Z DAY

MONTHLY: Take a water sample to your Authorized Dealer for testing.

ABOVE GROUND POOLS

NOTE: Fill scoop to “fill line.”

(equals approximately one-half pound)

Dose per Week

Pool Size Est. Gallons E-Z POOL

15 ft. round 5,738 2 scoops

18 ft. round 8,232 2 scoops

21 ft. round 12,214 3 scoops

24 ft. round 14,650 4 scoops

27 ft. round 18,559 4 scoops

30 ft. round 21,000 5 scoops

33 ft. round 26,600 6 scoops

15 x 30 oval 13,029 3 scoops

18 x 33 oval 16,866 4 scoops

IN GROUND POOLS

NOTE: Fill scoop to “fill line.”

(equals approximately one-half pound)

Dose per Week

Pool Size Est. Gallons E-Z POOL

12 x 23 rect. 8,100 2 scoops

14 x 26 rect. 10,250 3 scoops

16 x 32 rect. 18,350 4 scoops

18 x 36 rect. 22,400 5 scoops

20 x 40 rect. 28,800 6 scoops

17 x 35 oval 19,500 5 scoops

21 x 41 oval 27,800 6 scoops

NOTE: When using with chlorine generators (salt), mineral purifiers, or ozone/UV systems, use 50% of dosage listed in chart weekly.

WINTERIZING (pool closing)

E-Z POOL simplifies seasonal pool closings / winterizing for TRADITIONAL CHLORINE, BROMINE, SALT WATER, or E-Z POOL treated pools in one E-Z application. No pre-treating or balancing is needed — just add E-Z POOL to oxidize contaminants and protect from algae through the winter season. Spring openings are faster, water is clearer and you can swim sooner with E-Z POOL winterizing.

WINTERIZING DOSAGE: Apply 1lb (2 scoops) per 5,000 gallons.

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferable mouth-to-mouth if possible. Call a poison control center or a doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-255-3924 for emergency medical treatment information.

STORAGE AND DISPOSAL

Do not contaminate food or feed by storage or disposal or cleaning of equipment.

PESTICIDE STORAGE: Keep this product dry in the enclosed container when not in use. Do not replace moist scoop into container. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container(s), (if possible), and flood area with large amounts of water to dissolve all materials before discarding this container. Do not reuse empty

container but place in trash collection.

CONTAINER DISPOSAL: Do not reuse empty container but place in trash collection after rinsing with water. Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of the smoke.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
