EPA Est. No. 70191-PA-01**

Keep out of reach of children.

CAUTION

See back panels for additional precautionary statements.

NET CONTENTS 32 FL. OZ. (1QT.) (946ml)

DIRECTIONS FOR USE: *It is a violation of Federal Law to use this product in a manner inconsistent with its label.*

GENERAL INFORMATION: This blend of potassium soaps derived from Indian Neem tree seed oil is specially formulated as a Ready-to-Use spray that kills mite and insect pests and powdery mildew spores, hyphae and colonies on contact. Target arthropod pests include adelgids, aphids, cabbageworms & other caterpillars, earwigs, fleabeetles, lace bugs, leaf hoppers, mealy bugs, psyllids, rose slugs, scale insects, sawfly larvae, spider mites, spittle-bugs, squashbugs, stinkbugs, tent caterpillars, thrips, and whiteflies on indoor and outdoor ornamental and food plants, shrubs, trees, foliage plants, flowers, home garden and greenhouse fruits, nuts and vegetables.

SHAKE WELL BEFORE USE. Contact and kill POWDERY MILDEW hyphae, colonies and spore on INDOOR & OUTDOOR ROSES, LILACS, ZINNIA and other susceptible indoor or outdoor plants. Wet all plant surfaces, particularly young stems, buds and upper leaf surfaces. Begin spraying when signs of powdery mildew first appear and repeat every 7 to 10 days to maintain control. Periodically (every 3 to 4 weeks) rinse foliage with clean water to avoid accumulation of product residues.

Contact and kill ARTHROPOD PESTS with spray when they first appear or as soon as damage is noticed. Spray infested plant surfaces thoroughly, including lower leaf surfaces, to point of runoff. Respray in one week if pests persist. For aphid and mealybug control, respray after 2 or 3 days to control high populations. Product can be used up to day of harvest on food plants. Cover aquaria before spraying.

FOR USE ON HOUSEPLANTS, such as ornamental foliage, flowering and food plants in homes, home greenhouses or interior landscapes.

FOR USE ON FLOWERS, BEDDING PLANTS & PERENIALS, such as those growing OUTDOORS or around the home.

FOR USE ON WOODY LANDSCAPE SHRUBS & TREES, including deciduous and evergreen species such as dogwood, crabapple, crape myrtle, lilac, holly, and conifers.

ORGANICA® Ready-to-Use K⁺NEEM™ Insecticidal Soap
REVISED MASTER LABEL

Reflecting changes proposed by Notification/Amendment
in EPA submissions dated August 5, 2003

FOR USE ON HOMEGROWN FRUITS & NUTS, such as apples, blackberries, cherries, cranberries, English walnuts, grapes, grapefruit, lemons, melons, nectarines, oranges, peaches, pears, pecans, plum, raspberries, strawberries, and many Exotic, Semitropical or Tropical fruiting plants.

FOR USE ON HOMEGROWN VEGETABLES, such as asparagus, beans, beets, broccoli, cabbage (& other cole crops), celery (and other leafy vegetables), cucumber (& other cucurbits), eggplant, herbs, lettuce, okra, peas, peppers, potatoes, radish, spices (various), spinach, squash & tomatoes.

USE RESTRICTIONS: Do not use on newly transplanted or drought stressed plants or on BLEEDING HEART, CROWN OF THORNS, GARDENIA, HORSE CHESTNUT, JADE PLANT, JAPANESE MAPLE, LANTANA, MOUNTAIN ASH OR SWEETPEAS, or tender new growth of conifers. Product use may discolor foliage of spruce or other conifers. Surface marking may result from presence of sooty molds on foliage or fruits of some plants, particularly citrus and some varieties of pome fruits.

Test a few inconspicuous leaves of BALD CYPRESS, BEGONIAS, CAMELLIAS, CHRYSANTHEMUMS, CUCURBITS, DELICATE FERNS, EUPHORBIAS, FUCHSIAS, GRAPE, IMPATIENS, IVIES, PALMS, PEPPERS, POINSETTIAS, NARROW LEAF EVERGREENS, SCHEFFLERA AND SUCCULENTS, and flowers of AFRICAN VIOLET, AGERATUM, AZALEA, BEGONIA, CHRYSANTHEMUM, DAHLIA, GERANIUM, IMPATIENS, LILY, MARIGOLD, PANSY, PETUNIA, SALVIA, SNAPDRAGON, VINCA AND ZINNIA for sensitivity before application (or reapplication) to entire plant. If wilting of leaves or flowers occurs within a few hours, rinse test plants with clean water.

PRECAUTIONARY STATEMENTS

Hazards to humans and domestic animals: CAUTION
Causes moderate eye and skin irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID	
If in eyes	Hold eyelids open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If on skin or clothing	Take off contaminated clothing. Rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment.	

Environmental hazards: This product may be hazardous to aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

Bee Hazard: This product is toxic to bees exposed to direct treatment. Do not apply this product while bees are actively visiting the treatment area.

STORAGE AND DISPOSAL

Storage: Store in cool place (preferably in a locked storage area) and keep container tightly sealed. Avoid contamination of feed or foodstuffs.

Container Disposal: If empty - Do not reuse this container. Place in trash or offer for recycling if available. If partially filled - Call you local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Notice: Organica Biotech, Inc. makes no warranty, expressed or implied, for any purpose other than those contained on this label. Buyer assumes all responsibility for safety and consequences of damage or injury for product use, storage, handling or application, which are not in accordance with explicit label directions.
