Form Approved. OMB No. 2070-0080. Approval expires 05-31-98

United States Environmental Protection Agency Washington, DC 20460

Registration Amendment Other

OPP Identifier Number 249835

Application for Pesticide - Section I

1. Company/Product Number 70204-2
2. EPA Product Manager C. Giles-Parker
3. Proposed Classification None Restricted
4. Company/Product (Name) TCI-5000 PM# 22
5. Name and Address of Applicant (Include ZIP Code) Tri-Chem, Inc. P. O. Box 618244 Orlando, FL 32861
6. Expedited Review. In accordance with FIFRA Section 3(c)(3)(b)(i), my product is similar or identical in composition and labeling to: EPA Reg. No. Product Name

Section - II

Amendment - Explain below. Resubmission in response to Agency letter dated 2/25/97. Notification - Explain below. Final printed labels in response to Agency letter dated 2/25/97. "Me Too" Application. Other - Explain below.

NOTIFICATION

MAR 21 1997

Explanation: Use additional page(s) if necessary. (For section I and Section II.)

Submission of analytical method. Notification of additional brand names.

Section - III

1. Material This Product Will Be Packaged In: Child-Resistant Packaging, Unit Packaging, Water Soluble Packaging, 2. Type of Container, 3. Location of Net Contents Information, 4. Size(s) Retail Container, 5. Location of Label Directions, 6. Manner in Which Label is Affixed to Product

Section - IV

1. Contact Point (Complete items directly below for identification of individual to be contacted, if necessary, to process this application.) Name: Cynthia Ann Smith, Title: Agent, Telephone No.: 202-828-8954. Certification: I certify that the statements I have made on this form and all attachments thereto are true, accurate and complete. 2. Signature: Cynthia Ann Smith, 3. Title: Agent, 4. Typed Name: Cynthia Ann Smith, 5. Date: 2/26/97, 6. Date Application Received (Stamped)

TCI-6500

FOR CONTROL OF BACTERIAL ODORS OF COMPOST PILES

INGREDIENTS

Active Ingredient:	
Copper sulfate pentahydrate*	19.8%
Inert Ingredients:	80.2%
Total:	100.0%

* Metallic copper equivalent, 5.1%. Product contains 0.5 pounds copper per gallon.

KEEP OUT OF REACH OF CHILDREN

DANGER ● PELIGRO

Si Usted no entiende la etiqueta, busque a alguien para que se la explique a Usted en detalle.

(If you do not understand this label, find someone to explain it to you in detail.)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

DANGER. CORROSIVE. Causes irreversible eye damage. Do not get in eyes, on skin, or on clothing. Wear goggles or safety glasses. Harmful if swallowed, inhaled or absorbed through skin. May cause allergic skin response. Avoid contact with skin. Wash hands before eating, drinking, chewing gum, using tobacco or the toilet. Remove clothing immediately if pesticide gets inside, wash yourself thoroughly and put on clean clothing. Wash contaminated clothing before reuse.

See back panel for additional precautionary statements.

NET CONTENTS: 1 U.S. Gallon (128 Fl. Ounces)

STATEMENT OF PRACTICAL TREATMENT (FIRST AID):

If Swallowed: Drink large quantities of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. *Call a physician or Poison Control Center.*

If Inhaled: Remove victim to fresh air. *Get medical attention.*

If on Skin: If contact occurs, wash thoroughly with soap and water.

If in Eyes: Flush with plenty of potable water for at least 15 minutes. *Call a physician.*

NOTE TO PHYSICIAN: Product is highly acidic. Probable mucosal damage contraindicates the use of gastric lavage.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish. Do not contaminate water when disposing of excess product or equipment wash waters. Do not apply where runoff or drift is likely to occur.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

APPLICATION EQUIPMENT: Application equipment, including fittings and nozzles, MUST be made of the following materials: Fiber, fiberglass, PVC's, polyethylenes, viton, most plastics, aluminum or stainless steel. Never use equipment made of mild steel, nylon, brass or copper.

GENERAL BACTERIAL ODOR CONTROL: Application rates may vary depending upon the amount of organic matter (biosolid). Bacterial odors should be noticeably reduced in 1-2 weeks. Repeat application when odors reoccur.

USE	RATE
COMPOST PILES: For best results, apply sufficient spray to moisten compost as compost is turned (redistributed). For wind row composting, also apply sufficient spray to the surface of the standing piles to moisten the surface.	Spray solution: 10-100 ppm. (10 to 100 gallons product per 60,000 gallons water.)

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PRODUCT STORAGE: STORE PRODUCT IN ITS ORIGINAL CONTAINER IN A WELL VENTILATED AREA. ALWAYS STORE PRODUCT ABOVE product separation. Seller makes no warranty for the performance of product away from nylon, galvanized equipment, strong bases and strong acids from physical damage. Maintain good housekeeping. Do not store direct

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be label instructions, contact your State Pesticide or Environmental Control Representative at the nearest EPA Regional Office for guidance.

SPILLS: Product is highly acidic and is corrosive. In the event of a spill, use or baking soda. Shovel or vacuum up chemical and place in an empty container. Do not use PVC's, polyethylene, viton, most plastics, aluminum or stainless steel containers/closures made of mild steel, nylon, brass or copper. For spills on a contaminated surface with plenty of water and recover resulting solution or rinsate out of sewer. Product may deteriorate unsealed concrete surfaces. For 55 gallon product to the National Response Center (800-424-8802).

CONTAINER DISPOSAL: Triple rinse (or equivalent), then offer for recycling of empty containers in a sanitary landfill after puncturing, or if incinerated by officials, by burning. If burned, stay out of smoke.

LIMITED WARRANTY AND LIMITATION OF LIABILITY

The directions on this label are believed to be reliable and should be followed. The label directions may cause injury to crops, man, animals, or the environment and/or injury to the crop to which the product is applied may result from misuse, or poor application practices, none of which are under the control of Tri-Chem. Tri-Chem warrants that the product conforms to the chemical description and is reliable on the label for use under normal conditions, but makes no other warranty, MERCHANTABILITY, expressed or implied, or any other warranty if the product is used in accordance with the instructions, or under normal conditions not foreseeable to the seller. In no event shall Tri-Chem be liable for more than the cost of this product to the buyer, and will in no event be liable for indirect damages connected with the use or handling of this product in the absence of profits or income. This product is offered and the buyer or user accepts the risk which may not be varied.
