Subject:

Pure Bright 12.5% Sodium Hypochlorite Solution Bleach

EPA Registration No. 70271-12

Application Dated: January 14, 2010 Receipt Dated: January 15, 2010

Dear Ms. Griffin:

Christina Griffin

This acknowledges receipt of your notification, submitted under the provision of PR Notice 98-10, FIFRA section 3(c)9.

Proposed Notification:

Update "Storage and Disposal" statement per PR Notice 2007-4

General Comments:

Based on a review of the material submitted, the following comment applies:

The notification application is acceptable and a copy has been inserted in your file for future reference.

Should you have any questions or comments concerning this letter, please contact me at (703) 308-6345.

Sincerely,

Wanda Y. Hensbก์

Acting Product Manager (32)

Regulatory Management Branch II

RE: Notification per PR Notice 2007-4 to update the Storage and Disposal language

Product: Pure Bright 12.5% Sodium Hypochlorite Solution Bleach

Manufacturing Use, EPA Reg. No.: 70271-12

Company: KIK International, Inc

Dear Wanda:

On behalf of KIK International, Inc., I am submitting a notification per PR Notice 2007-4 to update Storage and Disposal for Pure Bright 12.5% Sodium Hypochlorite Solution Bleach Manufacturing Use, EPA Reg. No. 70271-12. No other changes have been made to this label.

Because this product is sold in three possible types of containers, we have included separate storage and disposal statements for each type of use so that the appropriate statements can be used according to the type of container. The "Container Handling" statements for nonrefillable and refillable containers are from PR Notice 2007-4. (The refillable containers are 55 and 300 gallon containers which are returned for refilling.) Note that the Container Regulations at 40 CFR 156.140 (e) exempt bulk transport vehicles from the requirement to provide refillable or nonrefillable container instructions (a copy of this portion of the regulations is enclosed). Therefore, consistent with the regulations, we have included a Storage and Disposal statement for "Bulk Shipment Transport Vehicles" that does not include container handling language. The "Storage & Disposal" section is located at the end of the directions for use, page 3.

Enclosures

- EPA form 8570-1
- 1 copy of the label marked to show changes
- Copy of regulations exempting Bulk Shipment Transport Vehicles (40 CFR 156.140 (e) highlighted)

If you have any questions regarding this submission, please contact me at 301-680-7971 or cgriffin@delta-ac.com.

Sincerely,

Cristina Griffin

Agent for KIK International, Inc.

PRECAUTIONARY STATEMENTS

Hazards to humans and domestic animals

DANGER: Corrosive, may cause severe skin and eye irritation or chemical burns to broken skin. Causes eye damage. Wear safety glasses or goggles and rubber gloves when handling this product. Wash after handling. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until strong odors have dissipated.

Environmental Hazards

This product is toxic to fish and aquatic organisms. Do not discharge into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Physical and chemical hazards

Strong oxidizer. Flush drains before and after use. Do not use or mix with other household chemicals, such as toilet bowl cleaners, rust removers, acid or ammonia containing products. To do so will release hazardous gasses. Prolonged contact with metal may cause pitting or discoloration.

MANUFACTURING USE ONLY

FOR MANUFACTURING USE ONLY IN THE FORMULATION OF END-USE PRODUCTS INTENDED AS:

- · Sanitizers of surfaces (e.g. wooden butcher blocks, stainless steel tops, concrete floors, tile walls); or
- · Sanitizers of commercial and household laundry; or
- · Agents to wash or assist in lye peeling of fruits and vegetables; or
- · Agents to help control microorganisms on eggs for human consumption; or
- · Disinfectants of poultry drinking water; or
- Disinfectants of human drinking water (emergency / public / individual), swimming pool water, Hubbard / immersion tank water, spas / hot tub, hydrotherapy pools, human drinking water systems (e.g. water mains); or
- · Disinfectants of nonporous hard surfaces (a.g. tile, glass, stainless steel, fiberglass); or
- · Agents to help control microorganisms in sewage, wastewater, industrial pulp and paper process water systems; or
- · Algicide / slimicides in cooling towers or evaporative condensers; or sanitizers of dialysis machines; or
- Sanitizers of toilet bowls; or
- · Agents to help control algae and bacteria in fish and lobster ponds / tanks and conditioning oysters; or
- · Agents to help control slime on boat bottoms; or
- · Agents to sanitize and deodorize artificial sand beaches; or
- Agents to kill scavenger fish in fish hatchery ponds.

REFORMULATORS AND REPACKAGERS OF THIS PRODUCT MUST OBTAIN THEIR OWN REGISTRATIONS FROM THE ENVIRONMENTAL PROTECTION AGENCY.

[For product sold in non refillable product containers.]

STORAGE AND DISPOSAL

Do not contaminate food or feed by storage, disposal or cleaning of equipment. Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood area with large quantities of water. Product rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer. Container Handling: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available or place in trash collection.

[For product sold in refillable containers (If bulk use Storage and Disposal Box for bulk transport shipments below)]

STORAGE AND DISPOSAL

Do not contaminate food or feed by storage, disposal or cleaning of equipment. Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood area with large quantities of water. **Container Handling:** Refillable container Refill this container with sodium hypochlorite only. Do not reuse this container for any other purpose. Cleaning the container before disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller. Product rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer. When container can no longer be used, offer container for recycling if available or place in trash collection.

[Bulk Shipment Transport Vehicle labeling: The following is to be used for bulk shipment transport vehicle labeling: In accordance with 40 CFR 156.140 (e) "Exemption for transport vehicles' transport vehicles are exempt from the requirements to provide refillable or nonrefillable container instructions.]
