

GreenClean® Tablets

MASTER LABEL

Sublabel A: Commercial Uses
Sublabel B: Residential Uses

Active Ingredient:

Sodium Carbonate Peroxyhydrate..... 42.50%

Other Ingredients:..... 57.50%

Total:..... 100.00%

This product is equivalent to 13.80% Hydrogen Dioxide by weight.

EPA Registration No. 70299-RN

EPA Establishment No. 66397-OK-001

Manufactured by:

BioSafe Systems

22 Meadow Street

East Hartford, CT 06108

(888) 273-3088

Sublabel A: Commercial Uses

GreenClean[®] Tablets

FOR COMMERCIAL USE

Active Ingredient:

Sodium Carbonate Peroxyhydrate..... 42.50%

Other Ingredients:..... 57.50%

Total:..... 100.00%

The product contains 13.80% Hydrogen Dioxide by weight.

**KEEP OUT OF REACH OF CHILDREN
DANGER – PELIGRO**

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand this label, find someone to explain it to you in detail.)

FIRST AID	
If in eyes	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15 – 20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
If on skin or clothing	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15 – 20 minutes.• Call a poison control center or doctor for treatment advice.
If swallowed	<ul style="list-style-type: none">• Call poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by a poison control center or doctor.• Do not give anything by mouth to an unconscious person.
If inhaled	<ul style="list-style-type: none">• Move person to fresh air.• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.• Call a poison control center or doctor for treatment advice.
HOTLINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information.	
NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage.	

See (back) (side) panel for additional precautionary statements and directions for use.

EPA Registration No. 70299-RN
EPA Establishment No. 66397-OK-001

Manufactured by:
BioSafe Systems
22 Meadow Street
East Hartford, CT 06108
(888) 273-3088

Net Contents: (3, 8, 20 and 50 lbs.)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMAN AND DOMESTIC ANIMALS – DANGER: Corrosive. Causes irreversible eye damage. Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing dust. Wear protective eyewear such as goggles, face shield or safety glasses. Do not get in eyes, on skin or on clothing. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE): Applicators and handlers must wear: • coveralls over long-sleeved shirt, long pants • chemical resistant footwear plus socks • chemical resistant gloves • protective eyewear (goggles or face shield). Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS: Users should wash hands thoroughly with soap and water before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to birds. Do not contaminate water when disposing of equipment washwaters or rinsate. This product is highly toxic to bees and other beneficial insects exposed to direct contact on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area. Do not apply this product or allow it to drift to crops where beneficials are part of an integrated pest management strategy.

PHYSICAL AND CHEMICAL HAZARDS: Strong oxidizing agent. **Corrosive.** Do not bring in contact with other pesticides, cleaners or oxidative agents.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For any requirements specific to your State or Tribe, consult the State or Tribal agency responsible for pesticide regulation. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

Do not apply to waterbody margins when amphibian eggs or young (e.g. tadpoles) are present.

Agricultural Use Requirements

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notification to workers, and restricted entry intervals (REI). The requirements in this box apply to uses of this product that are covered by the Worker Protection Standard.

There is a restricted entry of zero (0) hours for application of tablets to water sites.

Apply GreenClean Tablets to any listed site(s). Do not apply this product through any type of irrigation system.

* Application sites:

For Use in Water Bodies and Water Sites In or On: Farms, Sod Farms, Aquaculture Production Facilities, Fisheries, Hatcheries, Greenhouses, Nurseries, Golf Courses, Amusement Parks, Water Parks, Aquariums, Zoos, Botanical Gardens, National Parks, Recreational Areas, Non-Chlorinated Swimming Areas, Raceways, Sports Facilities, Business Parks, Residential Developments, Indoor/Interiors, Malls, Hotels, Cemeteries, Marinas, Boats, Garden Centers, Water Gardens, Landscapes, Municipalities, Reservoirs, Waterways, Storm Waters, Drainage Systems, Impounded Waters, and Wastewater.

* Application surfaces:

Ponds, Lakes, Lagoons, Fish Ponds, Stock Tanks, Water Gardens, Koi Ponds, Ornamental Pools/Ponds, Ornamental Waterfalls, Fountains, Golf Course Ponds, Industrial/Commercial Ponds, Impounded Waters, Standing Water, Bilge Water, Reservoir Water, Waterways, Conveyance Ditches, Canals, Laterals, Drainage Systems, Irrigation Ponds, Catch Basins, Flooded Areas, Sewage Systems, Drain Fields, Fire Ponds, Watering Tanks, Storage Tanks, Water Collectors and Domestic/Commercial Waters

GreenClean Tablets are *not* intended for use in drinking water.

Use GreenClean Tablets to treat, control, and prevent a broad spectrum of algae in listed aquatic environments.

Application Rates Based on Gallons of Water:

Gallons	Tablet(s)
200	1
400	2
600	3
800	4
1000	5
1200	6

Application Instructions:

- Add tablet(s) according to the recommended application rates. When using more than one tablet in an application, distribute the tablets evenly throughout the water body.
- Apply early in the day under calm, sunny conditions, and when water temperatures are warm.
- Skim any dead algae and organic matter that rises to the water's surface after treatment. Allowing dead organics to sink and decay will provide a food source and additional nutrients that stimulate algae re-growth and further blooms.

General Treatment Notes:

- Use for algae control in early spring and all season long.

- Control is most easily achieved when algae are not yet well established. Regular maintenance applications will prevent algae from appearing.
- Apply GreenClean Tablets on a bi-weekly basis. Do not apply more than twice a month.
- Never apply at higher than recommended rates.
- GreenClean Tablets is a slow-release formula. Results will not be immediate, but will be prolonged.
- For flare-ups and spot treatments, use GreenClean Granular. Wait at least 72 hours to apply GreenClean Tablets before or after GreenClean Granular application.
- GreenClean Tablet(s) can be applied to water bodies such as fountains and ornamental water features containing fish when used at listed rates. If using in conjunction with other water additives (such as bacteria or enzymes) always apply GreenClean Tablets first, and wait 48 hours before adding any other products.
- Never mix GreenClean Tablets with aquatic herbicides or algaecides containing copper or bromides. Always apply GreenClean Tablets at least 48 hours prior to the application of these other products.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in original containers in dry, cool, well-vented area. Do not allow product to get wet. Keep away from direct sunlight. Do not allow product to become overheated in storage. This may cause increased degradation of the product, which will decrease product effectiveness. In case of spill, flood area with large quantities of water. Do not store in a manner where cross-contamination with other pesticides or fertilizers could occur.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Open dumping is prohibited. If wastes cannot be disposed of according to label directions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonrefillable container. Triple rinse (or equivalent) promptly after emptying. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

WARRANTY

This material conforms to the description on the label and is reasonably fit for the purposes referred to in the directions for use. Timing, unfavorable temperatures, water conditions, presence of other materials, method of application, weather, watering practices, nature of soil, disease problem, condition of crop, incompatibility with other chemicals, pre-existing conditions and other conditions influencing the use of this product are beyond the control of the seller. To the extent allowable by law, buyer assumes all risks associated with the use, storage, or handling of this material not in strict accordance with directions given herewith. **TO THE EXTENT ALLOWABLE BY LAW, NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY IS MADE.**

Optional Label Claims:

- Algaecide
- For indoor and outdoor use.
- For use in water features containing live fish and plants.
- Eliminates, controls algae and keeps water clean.
- Removes stubborn algae from fountains.
- Adds oxygen to the water as it works.
- Easy to use!
- Effective over a wide range of pH conditions.
- Reduces organic build-up and noxious odors including hydrogen sulfide.
- Controls algae blooms.
- No measuring required.
- Same formula as GreenClean® Granular algaecide in the convenience of a tablet.
- Treats, controls, and prevents algae growth.
- Not harmful to fish and aquatic life.

Sublabel B: Residential Uses

GreenClean® Tablets

FOR RESIDENTIAL USE

Active Ingredient:

Sodium Carbonate Peroxyhydrate.....42.50%

Other Ingredients:57.50%

Total:.....100.00%

This product is equivalent to 13.80% Hydrogen Dioxide by weight.
